INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
SMTC 401(k) Plan
San Jose, California

We were engaged to audit the accompanying statements of net assets available for benefits of SMTC 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedules listed in the accompanying table of contents.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified or provided by American United Life Insurance Company, the current trustee of the Plan and ING Life Insurance and Annuity Company, the former trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustees hold/held the Plan's investment assets and executes/executed investment transactions. As disclosed in Note 3, the Plan Administrator has obtained certifications from the trustees regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the current trustee as of and for the period from September 14, 2009 to December 31, 2009, and the former trustee from January 1, 2009 to September 14, 2009, and as of December 31, 2009.

Department of Labor Rules and Regulations and accounting principles generally accepted in the United States of America require plan investments to be valued at fair value as of the end of the Plan year. As described in Notes 4 and 5, Plan management does not have adequate information and procedures to properly value certain investments which have been certified as of year-end and therefore these investments may not be presented in compliance with Department of Labor Rules and Regulations or in conformity with accounting principles generally accepted in the United States of America. The effects on the financial statements and supplemental schedule of not applying adequate procedures to determine the fair value of these investments has not been determined.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
