"T" MCGEE ELECTRIC, INC. EMPLOYEES'
401 (K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Company's 401(K) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General and Eligibility Requirements. The Plan is a defined contribution plan that became effective July 1, 1984. The Plan covers all employees of the "T" McGee Electric, Inc. ("Company"). An employee is defined as a person who works for the Company but who is not part of a collective bargaining unit whose retirement benefits are subject to a collective bargaining agreement that is in full force and who is a U.S. citizen, and who is not an independent contractor. The eligibility requirements include completing one year of service, being credited with at least 1,000 hours of service and obtaining the age twenty one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Furthermore, because the plan is a defined contribution plan, benefits under the plan are not insured by the Pension Benefit Guaranty Corporation (PBGC).

Contributions. The plan provides that participants may elect to contribute before tax dollars (termed elective deferral contributions) in accordance with prescribed limitations imposed by IRS regulations. With respect to employer contributions, such contributions will be based on 35% of the first 6% of compensation deferred into the Plan on a per pay period basis. Discretionary employer contributions can also be made in accordance with prescribed guidelines determined by the company.

Participants Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. All investment related expenses, including administrative fees charged by brokerage firms, are charged against the participants' accounts. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions (called elective contributions) plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous services. Participants vest 20% of employer contributions after completion of two years of service and an additional 20% annually until the participant is 100% vested after six years of credited service.

NOTE 1: DESCRIPTION OF THE PLAN – (Continued)

Participant Loans. Participants may borrow from their accounts up to a maximum of $ 50,000 or 50% of their vested account balance, whichever is less. The loan is secured by the balance in the participant's accounts and bears interest at a rate that is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions and the term of the loan is not to exceed five (5) years.

Roth Deferral Features.

Effective July 1, 2006, the Company adopted a "Roth 401 (k) deferral" feature for all eligible employees. With a 401 (k) deferral, eligible employees are subject to federal income taxes in the year of deferral.

Hardship Events.

The Company may make hardship distributions under the following conditions: Expenses for medical care; costs related to the purchase of a principal residence (excluding mortgage payments); payment for tuition and related educational fees and room and board for employee, spouse and children, for a period not to exceed twelve (12) months; and for payments to prevent employee from foreclosure or eviction from his or her principal residence.

Payment of Benefits. On termination of service due to death, disability or retirement, all amounts credited to such participant's account shall become fully vested and shall be distributed as a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The financial statements of the plan are prepared on the accrual basis of accounting.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Valuation of Assets. The plan's investments are stated at fair value based on quoted market prices. Participant loans are stated at outstanding balances, which approximates fair value.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure or contingent assets and liabilities. Actual results may differ from those estimates.

Investing Responsibilities. Subject to such reasonable restrictions as may be imposed by the company, each participant is permitted to select the investment(s) in their account. No person, including the trustees and the plan administrators shall be liable for any loss or breach of fiduciary duty which results from the participants' exercise of control.

Risks and Uncertainties. The Plan provides for various investment options directed by the participant. Investments are exposed to various risks, such as interest rate changes, market fluctuations and credit risks. Due to the level of risk associated with certain investment funds and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Reportable Transactions. The Plan only offers participant-directed investment options. Consequently, for 2009, there were no reportable transactions entered into by the Company as defined pursuant to the Department of Labor annual reporting requirements.

NOTES TO FINANCIAL STATEMENTS

NOTE 3: FAIR VALUE MEASUREMENTS

The plan investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Fair Value	Quoted Prices in Active Market for Identical Assets (Level 1)
June 30, 2009		
Mutual Funds	$ 1,370,309	$ 1,370,309
June 30, 2010		
Mutual Funds	$ 1,722,124	$ 1,722,124

SFAS No. 157 Fair Value Measurements., establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan,

Level 1 Fair Value Measurements.

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
