As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of June 1, 2010 and December 31, 2009 and for the period from January 1, 2010 to June 1, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

As described in Note 1, the Plan was merged into the IBM 401(k) Plus Plan on June 1, 2010.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of Guardium, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Guardium, Inc. (the "Employer" or "Company"). An employee will be eligible for participation in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On June 1, 2010, the Plan was merged into the IBM 401(k) Plus Plan. The IBM 401(k) Plus Plan is the surviving plan.

Contributions

Participants may elect to have a percentage or specified dollar amount deducted from their pre-tax compensation as defined by the Plan. A participant may elect to increase, decrease or suspend deductions according to procedures established by the Employer. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC").

Employees are eligible to receive Employer matching contributions. The Employer will contribute 50% on the first 12% of a participant's compensation which is deferred as an elective deferral. Employer matching contributions are determined each pay period and shall not exceed $3,000 per year for a participant.

Vesting

A participant is one hundred percent (100%) vested in their contributions plus actual earnings thereon. Vesting in Employer matching contributions is as follows:

Years of Vesting Service	Percentage
Less than 1	0%
At least 1, but less than 2	25%
At least 2, but less than 3	50%
At least 3, but less than 4	75%
Four or more	100%

As a result of the November 30, 2009 merger of Guardium, Inc. into IBM Corporation, all Plan participants who were employees of Guardium, Inc. on the day of the merger became fully vested.

1. Plan Description *(continued)*

Forfeitures

At June 1, 2010 and December 31, 2009, forfeited non-vested accounts totaled $1,751 and $0. These accounts will be used to reduce Employer matching contributions. In 2010, there were no forfeitures used to reduce Employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer matching contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

Participant Loans

During 2010, the Plan adopted newly issued Financial Accounting Standards Board ("FASB") guidance on participant loans. Among other things, such guidance requires participant loans to be measured at their unpaid principal balance plus any accrued unpaid interest, and that they be classified as notes receivable from participants. Previously, these loans were classified as investments and were valued at amortized cost, which approximates fair value. Adoption of this guidance did not affect the carrying value of participant loans.

Participants may borrow up to the lessor of 50% of their vested account balance or $50,000. Participant loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis; investment income is recognized when received and disbursements are recognized when made, except for investments and investment income which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with generally accepted accounting principles in the United States of America.

2. Summary of Significant Accounting Policies *(continued)*

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows FASB guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the plan at year end. Purchases and sales of securities are recorded on a trade-date basis.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 18, 2011.

3. Information Certified by Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, State Street Bank and Trust Company, certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits (modified cash basis) as of June 1, 2010 and December 31, 2009, and the related investment activity reflected in the statement of changes in net assets available for benefits (modified cash basis) for the period from January 1, 2010 to June 1, 2010.

4. Investments

The Plan's investments were valued using level 1 inputs under the fair value hierarchy at December 31, 2009.

4. Investments *(continued)*

The following investments represent 5% percent or more of the Plan's net assets available for benefits as of December 31, 2009:

Morgan Stanley Equal Weight S&P Fund	$	389,668
Alliance Bernstein International Value Fund - A		383,963
Davis New York Venture Fund		261,282
Alger Mid Cap Growth Insitutional		223,518
Van Kampen Comstock Fund - A		219,616
Morgan Stanley Liquid Asset		207,031
Oppenheimer Global Opps - A		177,533
Alger Capital Appreciation Institutional - I		173,192
Oppenheimer Main St. Small & Mid Cap A		166,343
Calvert Income Fund - A		158,512

The Plan’s mutual funds (including investments bought, sold as well as held during the year) depreciated in value by $48,903 for the period from January 1, 2010 to June 1, 2010.

5. Party-in-Interest

Certain Plan investments are managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. Tax Status

On March 31, 2008, the Internal Revenue Service issued an opinion letter which stated that the prototype plan, as then designed, qualifies under IRC Section 401(a). The Company has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan’s tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included.
