a For retired participants and beneficiaries receiving payment	3a <u>7</u> <u>310362</u>
b For terminated vested participants	3b <u>280</u> <u>4049444</u>
c For active participants:	
(1) Non-vested benefits	3c(1) <u>0</u>
(2) Vested benefits	3c(2) <u>530316</u>
(3) Total active	3c(3) <u>31</u> <u>530316</u>
d Total	3d <u>318</u> <u>4890122</u>
4 If the plan is at-risk, check the box and complete items (a) and (b)	☐
a Funding target disregarding prescribed at-risk assumptions	4a
b Funding target reflecting at-risk assumptions, but disregarding transition rule for plans that have been at-risk for fewer than five consecutive years and disregarding loading factor	4b
5 Effective interest rate	5 <u>6.75</u> %
6 Target normal cost	6 <u>85000</u>

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

SIGN HERE	<u>04/07/2011</u>

For Paperwork Reduction Act Notice and OMB Control Numbers, see the instructions for Form 5500 or 5500-SF.

Schedule SB (Form 5500) 2010
v.092308.1

Part II		Beginning of year carryover and prefunding balances	
		(a) Carryover balance	(b) Prefunding balance
7	Balance at beginning of prior year after applicable adjustments (Item 13 from prior year)	154721	0
8	Portion used to offset prior year's funding requirement (Item 35 from prior year)	68795	0
9	Amount remaining (Item 7 minus item 8).....	85926	0
10	Interest on item 9 using prior year's actual return of <u>25.18</u> %	21636	
11	Prior year's excess contributions to be added to prefunding balance:		
a	Excess contributions (Item 38 from prior year)		0
b	Interest on (a) using prior year's effective rate of _____%		0
c	Total available at beginning of current plan year to add to prefunding balance		0
d	Portion of (c) to be added to prefunding balance.....		
12	Reduction in balances due to elections or deemed elections.....		
13	Balance at beginning of current year (item 9 + item 10 + item 11d – item 12).....	107562	0

Part III		Funding percentages	
14	Funding target attainment percentage.....	14	76.24 %
15	Adjusted funding target attainment percentage.....	15	76.24 %
16	Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement.....	16	96.81 %
17	If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage.....	17	%

Part IV		Contributions and liquidity shortfalls			
18 Contributions made to the plan for the plan year by employer(s) and employees:					
(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
03/11/2011	89062	0			
			Totals ►	18(b)	89062
				18(c)	0

19 Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:	
a Contributions allocated toward unpaid minimum required contribution from prior years.....	19a 0
b Contributions made to avoid restrictions adjusted to valuation date	19b 0
c Contributions allocated toward minimum required contribution for current year adjusted to valuation date.....	19c 82379
20 Quarterly contributions and liquidity shortfalls:	
a Did the plan have a "funding shortfall" for the prior year? ☒ Yes ☐ No	
b If 20a is "Yes," were required quarterly installments for the current year made in a timely manner? ☒ Yes ☐ No	
c If 20a is "Yes," see instructions and complete the following table as applicable:	
Liquidity shortfall as of end of Quarter of this plan year	
(1) 1st	(2) 2nd
0	0
(3) 3rd	(4) 4th
0	0

Part V Assumptions used to determine funding target and target normal cost

21 Discount rate:				
a Segment rates:	1st segment: 5.03 %	2nd segment: 6.73 %	3rd segment: 6.82 %	☐ N/A, full yield curve used
b Applicable month (enter code)				21b 4
22 Weighted average retirement age				22 59
23 Mortality table(s) (see instructions) ☐ Prescribed - combined ☒ Prescribed - separate ☐ Substitute				

Part VI Miscellaneous items

24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment.	☐ Yes ☒ No
25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment.	☒ Yes ☐ No
26 Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment.....	☒ Yes ☐ No
27 If the plan is eligible for (and is using) alternative funding rules, enter applicable code and see instructions regarding attachment.....	27

Part VII Reconciliation of unpaid minimum required contributions for prior years

28 Unpaid minimum required contribution for all prior years	28	
29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (item 19a).....	29	0
30 Remaining amount of unpaid minimum required contributions (item 28 minus item 29)	30	0

Part VIII Minimum required contribution for current year

31 Target normal cost, adjusted, if applicable (see instructions).....	31	85000
32 Amortization installments:	Outstanding Balance	Installment
a Net shortfall amortization installment	1161437	104757
b Waiver amortization installment		
33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount	33	
34 Total funding requirement before reflecting carryover/prefunding balances (item 31 + item 32a + item 32b – item 33).....	34	189757
	Carryover balance	Prefunding balance
35 Balances used to offset funding requirement	107562	107562
36 Additional cash requirement (item 34 minus item 35).....	36	82195
37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (Item 19c).....	37	82379
38 Interest-adjusted excess contributions for current year (see instructions).....	38	
39 Unpaid minimum required contribution for current year (excess, if any, of item 36 over item 37).....	39	0
40 Unpaid minimum required contribution for all years	40	0

SCHEDULE C (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Service Provider Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA). ► File as an attachment to Form 5500.		OMB No. 1210-0110
			2010
			This Form is Open to Public Inspection.

Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☐ Yes ☒ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosure on eligible indirect compensation
--

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

2. Information on Other Service Providers Receiving Direct or Indirect Compensation. Except for those persons for whom you answered "yes" to line 1a above, complete as many entries as needed to list each person receiving, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of value) in connection with services rendered to the plan or their position with the plan during the plan year. (See instructions).

(a) Enter name and EIN or address (see instructions)

SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110
		2010
		This Form is Open to Public Inspection

For calendar plan year 2010 or fiscal plan year beginning 01/01/2010 and ending 06/30/2010

A Name of plan <u>ALCATEL DATA NETWORKS INC RETIREMENT PENSION PLAN</u>	B Three-digit plan number (PN) <u>002</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>ALCATEL-LUCENT HOLDINGS INC.</u>	D Employer Identification Number (EIN) <u>54-1025763</u>

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a		
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)	<u>133000</u>	<u>0</u>
(2) Participant contributions	1b(2)		
(3) Other	1b(3)		
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)	<u>5000</u>	<u>0</u>
(2) U.S. Government securities	1c(2)		
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)		
(B) All other	1c(3)(B)		
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)		
(B) Common	1c(4)(B)		
(5) Partnership/joint venture interests	1c(5)		
(6) Real estate (other than employer real property)	1c(6)		
(7) Loans (other than to participants)	1c(7)		
(8) Participant loans	1c(8)		
(9) Value of interest in common/collective trusts	1c(9)		
(10) Value of interest in pooled separate accounts	1c(10)		
(11) Value of interest in master trust investment accounts	1c(11)	<u>3723000</u>	<u>0</u>
(12) Value of interest in 103-12 investment entities	1c(12)		
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)		
(14) Value of funds held in insurance company general account (unallocated contracts)	1c(14)		
(15) Other	1c(15)		

1d Employer-related investments:

		(a) Beginning of Year	(b) End of Year
(1) Employer securities	1d(1)		
(2) Employer real property	1d(2)		
e Buildings and other property used in plan operation	1e		
f Total assets (add all amounts in lines 1a through 1e)	1f	3861000	0

Liabilities

g Benefit claims payable	1g		
h Operating payables	1h	56000	0
i Acquisition indebtedness	1i		
j Other liabilities	1j		
k Total liabilities (add all amounts in lines 1g through 1j)	1k	56000	0

Net Assets

l Net assets (subtract line 1k from line 1f)	1l	3805000	0
---	-----------	---------	---

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income**a Contributions:**

		(a) Amount	(b) Total
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)	89000	
(B) Participants	2a(1)(B)		
(C) Others (including rollovers)	2a(1)(C)		
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		89000

b Earnings on investments:**(1) Interest:**

(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)		
(B) U.S. Government securities	2b(1)(B)		
(C) Corporate debt instruments	2b(1)(C)		
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)		
(F) Other	2b(1)(F)		
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		0

(2) Dividends: (A) Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)		
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)		
(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)		0

(3) Rents	2b(3)		
-----------------	--------------	--	--

(4) Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)		
(B) Aggregate carrying amount (see instructions)	2b(4)(B)		
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		0

		(a) Amount	(b) Total
2b (5) Unrealized appreciation (depreciation) of assets: (A) Real estate.....	2b(5)(A)		
(B) Other	2b(5)(B)		
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		0
(6) Net investment gain (loss) from common/collective trusts	2b(6)		
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		-42000
(9) Net investment gain (loss) from 103-12 investment entities	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds).....	2b(10)		
c Other income.....	2c		
d Total income. Add all income amounts in column (b) and enter total.....	2d		47000

Expenses

e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	204000	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		204000
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions).....	2g		
h Interest expense.....	2h		
i Administrative expenses: (1) Professional fees	2i(1)		
(2) Contract administrator fees	2i(2)		
(3) Investment advisory and management fees	2i(3)		
(4) Other	2i(4)	69000	
(5) Total administrative expenses. Add lines 2i(1) through (4)	2i(5)		69000
j Total expenses. Add all expense amounts in column (b) and enter total.....	2j		273000

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		-226000
l Transfers of assets:			
(1) To this plan.....	2l(1)		
(2) From this plan	2l(2)		3579000

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unqualified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)? ☐ Yes ☒ No

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ERNST & YOUNG LLP

(2) EIN: 34-6565596

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

- 4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete 4j and 4l. MTIAs also do not complete 4l.

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.).....		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.).....		X	
e Was this plan covered by a fidelity bond?.....	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.).....		X	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked, and see instructions for format requirements.).....	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?.....	X		
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.).....			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

- 5a** Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?
If yes, enter the amount of any plan assets that reverted to the employer this year ☐ Yes ☒ No Amount:

- 5b** If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)
ALCATEL-LUCENT RETIREMENT INCOME PLAN	22-3408857	001

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under section 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2010 This Form is Open to Public Inspection.
For calendar plan year 2010 or fiscal plan year beginning 01/01/2010 and ending 06/30/2010		
A Name of plan ALCATEL DATA NETWORKS INC RETIREMENT PENSION PLAN		B Three-digit plan number (PN) ► 002
C Plan sponsor's name as shown on line 2a of Form 5500 ALCATEL-LUCENT HOLDINGS INC.		D Employer Identification Number (EIN) 54-1025763
Part I Distributions		
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1 0
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 13-3638651		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3 21
Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part)		
4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)?..... ☐ Yes ☐ No ☒ N/A		
If the plan is a defined benefit plan, go to line 8.		
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____		
If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.		
6 a Enter the minimum required contribution for this plan year		6a
b Enter the amount contributed by the employer to the plan for this plan year		6b
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....		6c
If you completed line 6c, skip lines 8 and 9.		
7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A		
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change?..... ☒ Yes ☐ No ☐ N/A		
Part III Amendments		
9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box(es). If no, check the "No" box..... ☐ Increase ☐ Decrease ☐ Both ☒ No		
Part IV ESOPs (see instructions). If this is not a plan described under Section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.		
10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?..... ☐ Yes ☐ No		
11 a Does the ESOP hold any preferred stock? ☐ Yes ☐ No		
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) ☐ Yes ☐ No		
12 Does the ESOP hold any stock that is not readily tradable on an established securities market? ☐ Yes ☐ No		
For Paperwork Reduction Act Notice and OMB Control Numbers, see the instructions for Form 5500.		
Schedule R (Form 5500) 2010 v.092308.1		

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that contributed more than 5% of total contributions to the plan during the plan year (measured in dollars). See instructions. *Complete as many entries as needed to report all applicable employers.*

a Name of contributing employer

b EIN

c Dollar amount contributed by employer

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box ☐ and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month Day Year

e Contribution rate information (If more than one rate applies, check this box ☐ and see instructions regarding required attachment. Otherwise, complete items 13e(1) and 13e(2).)

(1) Contribution rate (in dollars and cents)

(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify):

(1) Contribution rate (in dollars and cents)

(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify):

- 14** Enter the number of participants on whose behalf no contributions were made by an employer as an employer of the participant for:

a The current year	14a	
b The plan year immediately preceding the current plan year	14b	
c The second preceding plan year	14c	

- 15** Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	15a	
b The corresponding number for the second preceding plan year	15b	

- 16** Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	16a	
b If item 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers	16b	

- 17** If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment. ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

- 18** If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

- 19** If the total number of participants is 1,000 or more, complete items (a) through (c)

- a** Enter the percentage of plan assets held as:

Stock: _____% Investment-Grade Debt: _____% High-Yield Debt: _____% Real Estate: _____% Other: _____%

- b** Provide the average duration of the combined investment-grade and high-yield debt:

☐ 0-3 years ☐ 3-6 years ☐ 6-9 years ☐ 9-12 years ☐ 12-15 years ☐ 15-18 years ☐ 18-21 years ☐ 21 years or more

- c** What duration measure was used to calculate item 19(b)?

☐ Effective duration ☐ Macaulay duration ☐ Modified duration ☐ Other (specify):

Report of Independent Auditors

The Participants and Administrator
Alcatel Data Networks, Inc. Retirement Pension Plan

We have audited the accompanying statements of net assets available for benefits of Alcatel Data Networks, Inc. Retirement Pension Plan as of June 30, 2010 and December 31, 2009, the related statements of changes in net assets available for benefits for the six month period ended June 30, 2010 and the year ended December 31, 2009 and the statement of accumulated plan benefits as of December 31, 2009, and the statement of changes in accumulated plan benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the net assets available for benefits of the Plan at June 30, 2010, and the changes in its net assets available for benefits for the six month period then ended, and the financial status of the Plan at December 31, 2009, and the changes in its financial status for the year then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of reportable transactions for the six month period ended June 30, 2010 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Ernst & Young LLP

December 8, 2010

ALCATEL DATA NETWORKS, INC. RETIREMENT PENSION PLAN, PN 002
EIN 54-1025763
ATTACHMENT II TO 2010 Schedule SB (Form 5500)

Schedule SB – Statement By Enrolled Actuary

Notes Regarding Schedule SB (Form 5500)

- A. The following plan amendment was effective after the valuation date of January 1, 2010 and is fully reflected in the valuation results:

Effective July 1, 2010, the Alcatel Data Networks, Inc. Retirement Pension Plan (ADN) was merged with and into the Alcatel-Lucent Retirement Income Plan (ALRIP), with the ALRIP being the surviving Plan.

- B. The interest rate basis used to determine the Funding Target for short plan year 2010 was changed to the September 2009 Segment Rates (5.03%, 6.73%, 6.82%) provided in IRS Notice 2009-77. (The Funding Target for plan year 2009 was determined using the October 2008 corporate bond yield curve provided in IRS Notice 2008-105).

- C Actuarial Value of Assets

As permitted by the final regulations covering IRC Section 436, the method for determining the Actuarial Value of Assets was changed from a 12-month average to a 24-month average at January 1, 2010.

In making this certification, I have relied, as permitted under Sec. 103(a)(4)(D) of ERISA, on the correctness of the asset values and contribution information supplied by the Plan administrator, on which the qualified public accountant engaged by the Plan has expressed an opinion. I have also relied on the correctness of the participant data supplied by the Plan administrator. I have reviewed, and applied certain reasonableness and consistency checks to, the information furnished and I have no reason to doubt its substantial accuracy.

ATTACHMENT TO 2010 Schedule SB (FORM 5500)

Schedule SB, Line 22 – Description of Weighted Average Retirement Age

Methodology

For calculation of the weighted average retirement age, all other decrements except mortality have been ignored. Each employee is assumed to retire in accordance with the table of retirement rates. The proportion of employees expected to retire at each potential retirement age is shown below. The original group of active participants is thus decremented for service retirement and mortality at age 55 and onwards. The weighting attached at each age is the number of lives retiring at that age. The weighted average retirement age is 59.

Age x	Retirement Percent
55	0.15
56	0.15
57	0.15
58	0.15
59	0.15
60	0.15

Schedule SB, line 32 – Schedule of Amortization Base

The shortfall amortization charge is the sum of the shortfall base amortization for each plan year covered under PPA. Although a shortfall base can be negative, the combined shortfall amortization charge cannot be negative.

Shortfall Amortization Bases

Year Established	Outstanding balance	Years remaining	Installment
2008	\$ 288,011	5	\$ 63,390
2009	(\$ 40,071)	6	(\$ 7,610)
2010	\$ 913,497	7	\$153,734
Total	\$1,161,437		\$209,514

Since 2010 is a short plan year, the installment for the 1/1/2010 – 6/30/2010 period is \$104,757 (i.e. \$209,514 x 0.5).

EIN 54-1025763
ATTACHMENT III TO 2010 Schedule SB (Form 5500)

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Cost Method

Funding: Traditional Unit Credit.

Asset Method

The asset valuation method is an annual average of the adjusted market value over the last 24 months preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate applicable for each of the two plan years prior to the valuation date. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

Dates of Calculations

Funding: The Valuation Date is January 1, 2010.

Employees Included in the Calculations

All active employees who have met the Plan's eligibility requirements as of the valuation date are included in the calculations. Former employees or their survivors who are receiving or entitled to receive an immediate or deferred benefit under the provisions of the Plan are also included.

Source of Data

Data is as of the valuation date and is supplied to us by the Employer.

We rely on the Employer to inform us of any former participants who have been rehired and lost prior service because of the length of their break in service. These employees may have participation requirements different from other new employees.

Financial information was supplied to us by the Trustee.

Although we believe these to be accurate and complete, the data and financial information have not been audited by us.

Schedule SB, Part V Statement of Actuarial Assumptions/Methods

Expenses

Administrative Expenses included in the Funding Target Normal Cost are assumed to be \$85,000 for the partial plan year from January 1, 2010 through June 30, 2010.

Form of Benefit Payment

100% of participants are assumed to elect an Immediate Lump Sum.

For the purpose of valuing death benefits, 65% of the employees are assumed to be married. Wives are assumed to be 3 years younger than their husbands.

Current deferred vested participants are assumed to commence their benefit at age 65.

EIN 54-1025763
ATTACHMENT III TO 2010 Schedule SB (Form 5500)

Schedule SB, Part V Statement of Actuarial Assumptions/Methods

Changes in Valuation Assumptions

The following changes in actuarial assumptions or methods have been made since the prior valuation:

(1) Mandated assumptions were changed as shown below.

	01/01/2010	01/01/2009
Funding Target	September 2009 Segment Rates (24-month average through August 2009) 5.03%, 6.73%, 6.82% (6.75% Effective Rate)	October 2008 Full Yield Curve (8.02% Effective Rate)
Mortality	RP-2000 IRS PPA @ 2010 Non-Annuitant /Annuitant Tables for Males and Females	RP-2000 IRS PPA @ 2009 Non-Annuitant/Annuitant Tables for Males and Females

(2) Actuarial Value of Assets

As permitted by the final regulations covering IRC Section 436, the method for determining the Actuarial Value of Assets was changed from a 12-month average to a 24-month average at January 1, 2010.

EIN 54-1025763
ATTACHMENT I TO 2010 Schedule SB (Form 5500)

Schedule SB, Part V - Summary of Principal Plan Provisions

The following summary describes principal plan provisions assumed in calculating the cost of your pension plan.

General Information

Original Effective Date:	January 1, 1994
Effective Date of Last Amendment:	January 1, 2002
Plan Year:	January 1 to December 31 (2010 is a short plan year January 1 - June 30)
Employer Fiscal Year	January 1 to December 31
Employer ID Number:	54-1025763
Plan Number:	002
Plan Administrator:	Alcatel-Lucent

Eligibility

Participating employees are salaried employees paid from the Ashburn, Virginia payroll for periods prior to January 1, 2000, and previously paid from the Ashburn, Virginia payroll for periods on and after January 1, 2000. Participation is frozen effective December 31, 1999.

The following two classes of employees are also eligible to participate in the Plan:

- Individuals hired into non-union positions at the Raleigh, North Carolina facility during 2001 (i.e., between January 1, 2001 and December 31, 2001, inclusive) (the "Raleigh Facility Participants") and
- Individuals hired into non-union positions at the Longview, Texas facility during 2001 or 2002 (i.e., between January 1, 2001 and December 31, 2002, inclusive) (the "Longview Facility Participants")

Service

A year is credited for each 365 day period completed on and after January 1, 1994, beginning with the first day of employment, and adjusted for certain absences. Partial credit is given for any period less than 365 days. Credited service is frozen as of December 31, 2002.

Vesting service before 1994 is determined under the provisions of the prior plan.

Raleigh Facility Participants and Longview Facility Participants accrued benefits under the Plan commencing with their date of hire through December 31, 2002 (the date when accruals under the Plan for all other participants previously ceased.)

EIN 54-1025763
ATTACHMENT I TO 2010 Schedule SB (Form 5500)

Schedule SB, Part V - Summary of Principal Plan Provisions

Normal Retirement Date

The Normal Retirement Date is determined as the later of age 65, or the earlier of (a) the completion of 5 years of vesting service or (b) the 5th anniversary of participation in the plan.

Normal Retirement Benefit

Accrued benefits were frozen as of December 31, 2002 and have been provided by the plan administrator.

Delayed Retirement

A participant may continue in the employment of the Employer after Normal Retirement Date and will receive at actual retirement the actuarial equivalent of the participant's Normal Retirement Benefit.

Accrued Benefit

The Accrued Benefit at any time prior to the participant's Normal Retirement Date shall be the Normal Retirement Benefit calculated as of December 31, 2002.

Early Retirement Benefit

An Early Retirement Benefit is payable to a participant who terminates employment after attainment of age 55 and the completion of five or more years of vesting service and who is not eligible for a disability pension. Minimum benefits under the prior plan, if applicable, may be payable earlier.

The amount payable is the accrued benefit, subject to the following reductions:

- (1) If sum of age and credited service after December 31, 1993, is less than 85 ("Rule of 85"), 3% per year prior to normal retirement date, subject to the minimum benefit provisions under the plan.
- (2) Otherwise, the accrued benefit is unreduced. A temporary life only benefit is payable until normal retirement date equal to $.0025 \times \text{average compensation} \times \text{credited service after December 31, 1993}$.

Disability Retirement Benefit

A participant is eligible for a disability pension if eligibility for long term disability benefits or Social Security disability benefits is met.

The disability pension is equal to the accrued benefit determined as of the earlier of the date of disability or December 31, 2002. Benefits ordinarily commence at the later of Normal Retirement Date or when LTD benefits cease. Participants under the prior plan may be eligible for earlier distribution of minimum benefits.

EIN 54-1025763
ATTACHMENT I TO 2010 Schedule SB (Form 5500)
Schedule SB, Part V - Summary of Principal Plan Provisions

Death Benefit

Pre-Retirement

Death benefits are payable to the surviving spouse provided the participant had completed 5 years of vesting service at the time of death.

Prior to age 55, the actuarial equivalent of the deferred accrued benefit payable at Normal Retirement Date, payable as a lump sum or a life annuity to the surviving spouse. After age 55, the actuarial equivalent of the early retirement benefit, payable as a lump sum or a life annuity to the surviving spouse. The benefit will not be less than the amount payable to the surviving spouse under the qualified J&S annuity provisions.

Severance Benefit

Upon the termination of employment after 5 or more Years of Service a participant shall have a vested interest in his Accrued Benefit which will be payable at Normal Retirement Date.

The participant may elect to commence receiving benefits as early as age 55. Such benefit will be actuarially reduced.

Normal Form of Payment

The Normal Form of Payment is an annuity paid in monthly installments for life.

Optional Methods of Settlement

All Optional Methods of Settlement are actuarially equivalent to the Normal Form of Payment. The options are:

- (1) A reduced benefit to be paid during the participant's lifetime with 50%, 75% or 100% of the reduced benefit to be continued to the spouse for their lifetime after the participant's death.
- (2) A reduced benefit to be paid during the participant's lifetime with 50%, 75% or 100% of the reduced benefit to be continued to a non-spouse beneficiary for their lifetime after the participant's death.
- (3) A lump sum

EIN 54-1025763
ATTACHMENT I TO 2010 Schedule SB (Form 5500)

Schedule SB, Part V - Summary of Principal Plan Provisions

Amendment or Termination of Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards or is unable to pay benefits when due.

If the Plan is terminated, the Plan assets will be distributed among the Plan participants based upon a priority allocation procedure, and the Employer shall be liable for any unfunded vested benefits to the extent required by law.

Parties to the Plan

This is a single Plan covering the employees of Alcatel Data Networks subject to the eligibility rules outlined above. Trust Fund assets are available to pay plan benefits for participants employed by Alcatel Data Networks.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements

June 30, 2010
(In Thousands)

1. Plan Description

The following brief description of the Alcatel Data Networks, Inc. Retirement Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description.

The Plan is a defined benefit plan covering substantially all salaried former employees of Alcatel Data Networks, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective March 1, 2007, the Plan was designated a participating plan in the Lucent Technologies Inc. Master Pension Trust (the “MPT”) and invested in certain sleeves within the MPT in accordance with the established asset allocation of the Plan.

History – The original sponsoring employer of the Plan was Alcatel Data Networks, Inc. That company was merged with and into Alcatel USA Marketing, Inc., a wholly owned subsidiary of Alcatel USA, Inc. (now known as Alcatel-Lucent Holdings Inc.) (the “Company”), as of January 1, 1999. Effective January 1, 1999, the Company became the Plan sponsor. The Plan was also amended to include Alcatel USA Marketing, Inc. (the survivor of the merger of Alcatel Data Networks, Inc. and Alcatel USA Marketing, Inc.) as a participating employer under the Plan as of December 31, 1998. The amendment had no effect on benefits.

Prior to December 31, 1999, employees became participants in the Plan as of their date of hire. Effective December 31, 1999, participation in the Plan was frozen.

Effective December 31, 2002, the Company elected to freeze pensionable earnings and credited service for all participants in the Plan. No other provisions of the Plan were affected.

On December 12, 2003, the Plan was amended to make the following two classes of employees eligible to participate in the Plan:

- individuals hired into non-union positions at the Raleigh, North Carolina facility during 2001 (i.e., between January 1, 2001 and December 31, 2001, inclusive) (the “Raleigh Facility Participants”); and

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

1. Plan Description (continued)

- individuals hired into non-union positions at the Longview, Texas facility during 2001 or 2002 (i.e., between January 1, 2001 and December 31, 2002, inclusive) (the “Longview Facility Participants”).

Raleigh Facility Participants and Longview Facility Participants accrued benefits under the Plan commencing with their date of hire through December 31, 2002 (the date when accruals under the Plan for all other participants previously ceased).

Effective June 30, 2010, the Plan merged with the Alcatel-Lucent Retirement Income Plan (“ALRIP”), with the ALRIP being the surviving plan.

Benefit Eligibility: Eligibility for benefits is determined by length of service. Participants must have five years of vesting service, as defined in the Plan, to be eligible to receive benefits under the Plan. Employees earned a year of credited service for each 365-day period that elapsed while the employee was entitled to service credit under the terms of the Plan document.

Contributions: The Company generally contributes the actuarially determined amounts necessary to provide the Plan with sufficient assets to meet the benefits payable to the Plan participants at normal retirement. The Company makes contributions to the Plan to meet the minimum funding requirements under ERISA, as determined by the Plan’s actuaries. Included in the minimum funding amount is a provision to reduce the deficit between the net assets available for benefits and accumulated plan benefits. The Company believes this provision is sufficient to reduce the deficit. No participant contributions are required or permitted.

Benefit Payments: Upon termination of service, forms of payment to a participant, as defined in the Plan document, include: (1) single life annuity, (2) joint and survivor annuity, (3) qualified joint and survivor annuity, (4) non-spousal joint and survivor annuity, or (5) lump-sum payment.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”).

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

2. Summary of Significant Accounting Policies (continued)

Contributions and Actuarial Method

The Company's funding policy, subject to the minimum funding requirements of ERISA, is to contribute such amounts as are determined on an actuarial basis to provide the Plan with assets sufficient to meet benefit obligations for funding purposes. The Plan has met the minimum funding requirements of ERISA.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service that employees have rendered to the Company.

Accumulated plan benefits represent the actuarial present value of estimated future periodic payments, including lump-sum distributions, under the Plan's provisions that are attributable to services rendered by the participants through December 31, 2002. Accumulated plan benefits include benefits expected to be paid to the following: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

Benefits payable under all circumstances – retirement, death, full and permanent disability, and termination of employment are included to the extent that they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money through discounts for interest and the probability of payment (by means of decrements such as death, full and permanent disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Significant assumptions underlying the actuarial computations for 2010 and 2009, utilizing a beginning of plan year valuation date, are as follows. The interest assumption used to determine the actuarial present values of accumulated plan benefits was 6.01% and 6.05% at December 31, 2009 and 2008, respectively. The withdrawal and retirement rates vary based on age.

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

2. Summary of Significant Accounting Policies (continued)

The lump sum conversion rate was 6.00% and 4.79% at December 31, 2009 and 2008, respectively, and was based on the prescribed PPA Mortality Table for lump sums for the respective year.

The mortality table used in determining the actuarial present value of accumulated plan benefits was changed as of December 31, 2009. For participants in pay status, the mortality table was changed to a graduated table based on actual Alcatel-Lucent experience during the period 2005 – 2008. For active participants, the mortality table was changed to the RP2000 projected to 2009. For deferred vested participants, the mortality table was changed to the RP2000 projected to 2009 for ages up to 64 and to Alcatel-Lucent 2005 – 2008 experience for ages 65 and above. As of December 31, 2008, the mortality assumption for participants of the Plan was the 1994 Group Annuity Reserve Table for males and females.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make significant estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities and the present value of accumulated plan benefits. These significant estimates include the accumulated plan benefits and the fair value of investments. Actual results could differ from these estimates.

The actuarial present value of accumulated plan benefits is reported based on certain estimates and assumptions regarding the future. As of the date of these financial statements, the Company believes these estimates and assumptions concerning matters such as interest rates and participant demographics are reasonable. However, due to the uncertainties inherent in making any estimate or assumption, it is at least reasonably possible that actual results may differ materially from what has been estimated or assumed.

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

2. Summary of Significant Accounting Policies (continued)

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Investment and Administrative Expenses

Investment and certain administrative expenses of the Plan are paid by the Plan.

Pension Benefit Guaranty Corporation (“PBGC”) Premiums

PBGC was created by ERISA to provide timely and uninterrupted payment of pension benefits. Premium expenses of the Plan are paid by the Plan.

3. Tax Status

The Plan received a determination letter from the Internal Revenue Service dated August 9, 2010, stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Where the Plan Administrator has identified operational errors, the Plan Administrator has indicated that it has taken the necessary steps, or will take the necessary steps, to bring the Plan’s operations into compliance with the IRC. Therefore, no provision for income taxes has been made.

4. Termination Priorities

The Plan may be terminated or amended at any time by the action of the Board of Directors of the Company. Subject to conditions set forth in ERISA, in the event of a Plan termination, distributions of the assets available for benefits will occur as follows:

- (a) the Plan provides that the net assets available for benefits shall be allocated among the participants and beneficiaries of the Plan in the order provided for in ERISA,
- (b) to the extent unfunded vested benefits then exist, ERISA provides that such benefits are payable by the PBGC to participants, up to specified limitations, as described in ERISA, and

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

4. Termination Priorities (continued)

- (c) to the extent that the net assets available for benefits exceed the amounts to be allocated pursuant to the priorities provided for in ERISA, the excess shall first be used to pay the expenses of the Plan termination and the balance, if any, shall revert to the Company.

5. Interest in Lucent Technologies Inc. Master Pension Trust

Substantially all of the Plan's investments were held in the Lucent Technologies Inc. Master Pension Trust ("MPT") which was established for the investment of assets of pension plans of the Company. The Bank of New York Mellon ("BNY Mellon" or the "Trustee") is the Trustee and custodian of the MPT. The Trustee is responsible for custodial, recordkeeping and other trustee responsibilities pursuant to the Amended and Restated Defined Benefit Master Trust Agreement.

The MPT is structured with multiple Master Trust Units. Each Master Trust Unit represents a particular asset class sleeve within the MPT. Each Participating Plan owns units of the investment sleeves based on each Participating Plan's asset allocation policy.

In 2010, the following plans participate in the MPT:

- (1) the Plan ("ADN"),
- (2) the ALRIP,
- (3) the Lucent Technologies Inc. Pension Plan ("LTPP"), and
- (4) the Lucent Technologies Inc. Retirement Plan ("LTRP").

Each participating plan has an undivided interest in the MPT's various investment sleeves. At December 31, 2009, the Plan's interest in the net assets of the MPT was less than 1%.

In the normal course of business, the MPT enters into contracts that contain indemnification clauses. Generally, the parties involved are indemnified from all claims, liabilities, losses, damages and expenses arising out of willful misconduct, bad faith or negligence. The MPT's maximum exposure under these arrangements is unknown as this would involve future claims that may be against the MPT that have not yet occurred. However, based on experience, the MPT expects the risk of loss to be remote and accordingly has not accrued any related liabilities.

The Trustee allocates investment income, realized gains or losses, unrealized appreciation or depreciation and certain investment expenses including management fees to the Participating Plans on the basis of each Participating Plan's interest in the MPT. Alcatel-Lucent Investment Management Company ("ALIMCO") directs the Trustee to redeem units from the MPT to provide proper liquidity for each Participating Plan's benefit payments.

Alcatel Data Networks, Inc.
Retirement Pension Plan

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

Investment transactions are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date except for certain dividends from non-U.S. securities which are recorded as soon as the information is available after the ex-dividend date. Realized gains or losses on the sale of securities are determined based on average cost. Distributions from limited partnership investments are treated as interest and dividend income, realized gain or loss or return of capital based on information reported by the partnership. Net investment income from real estate and limited partnerships are recorded when distributions are received from the real estate properties or limited partnerships.

The components of the investments in MPT as of December 31, 2009 are summarized as follows:

Assets

Investments, at fair value:

Cash and cash equivalents	\$ 1,597,803
Cash collateral fund	3,854,068
Cash equivalents held in 401(h) account	263,306
Government and U.S. Treasury obligations*	6,988,487
Fixed income securities*	13,722,114
Common stock and other equities*	3,491,486
Common collective trusts	704,210
Real estate	1,109,223
Limited partnership investments	3,887,121

Total investments	35,617,818
-------------------	------------

Receivable for investments sold	759,468
---------------------------------	---------

Accrued income receivable	273,870
---------------------------	---------

Due from brokers	113,249
------------------	---------

Total assets	36,764,405
--------------	------------

Liabilities

Collateral held for loaned securities	3,867,313
---------------------------------------	-----------

Payable for investments purchased	1,119,394
-----------------------------------	-----------

Securities sold, not yet purchased, at fair value	57,130
---	--------

Liability related to 401(h) account	263,306
-------------------------------------	---------

Due to brokers	77,667
----------------	--------

Futures contracts, at fair value	24,100
----------------------------------	--------

Pending foreign exchange contracts	1,166
------------------------------------	-------

Swap contracts, at fair value	15,728
-------------------------------	--------

Accrued expenses and other liabilities	18,454
--	--------

Outstanding options written, at fair value (premiums received \$3,251 in 2009)	4,343
--	-------

Total liabilities	5,448,601
-------------------	-----------

Net assets	\$ 31,315,804
------------	---------------

* As of December 31, 2009, the total fair value of securities on loan was \$3,833,871. Of these securities on loan, \$266,348 were equity securities, and \$3,567,523 were debt securities.

Investment Income

The following table presents the investment income for the MPT for the year ended December 31, 2009:

Net appreciation in fair value of investments	\$ 2,942,246
Interest	988,274
Dividends	119,753
Net investment income from real estate	78,433
Net investment income from limited partnerships	25,220
Other income	32,083
Total investment income	<u>\$ 4,186,009</u>

For the year ended December 31, 2009, the net appreciation in fair value of investments in the MPT, including both realized gains and losses and unrealized appreciation/(depreciation), was comprised of the following:

Fixed income securities	\$ 1,175,898
Common stock and other equities	1,560,587
Real estate	(503,906)
Limited partnership investments	603,704
Other investments	105,963
	<u>\$ 2,942,246</u>

Investment Valuation

Investments in securities traded on a national securities exchange or a listed market such as the NASDAQ National Market System are valued at the last reported sales prices on the valuation date or if no sale was reported on that date, at the last reported bid price on the principal

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

securities exchanges or listed market on which such securities are traded. Fixed income securities, securities sold not yet purchased and securities not traded on an exchange or a listed market are valued at the bid price or the average of the bid and asked prices on the valuation date obtained from published sources where available, or are valued with consideration of trading activity or any other relevant information such as independent broker quotations. Fair values of investments in restricted securities, private equity direct investments, publically traded investments and other securities for which market quotations are not readily available, or for which market quotations may be considered unreliable, are estimated in good faith by ALIMCO and/or the Investment Advisors, under consistently applied procedures deemed to be appropriate in the given circumstances. The methods and procedures to fair value these investments may include, but are not limited to the consideration of the following factors: comparisons with prices of comparable or similar securities, obtaining valuation-related information from issuers, using independent third party valuation specialists and pricing models, time value of money, volatility, current market and contractual prices of the underlying financial instrument, counterparty non-performance risk, and/or other analytical data relating to the investment and using other available indications of value, as applicable. Because of the inherent uncertainties of valuation, the appraised values and estimated fair values reflected in the financial statements may differ from values that would be determined by negotiation between parties in a sales transaction, and the differences could be material. At December 31, 2009, certain fixed income and equity securities for which market quotations are not readily available were valued at fair value as provided by the Investment Advisors with a total of \$42,649.

Derivative instruments held in the MPT are recorded at fair value. Fair value of derivative instruments is determined using quoted market prices when available. Otherwise, fair value is based on pricing models that consider the time value of money, volatility, and the current market or contractual prices of the underlying financial instruments.

Investments in real estate consist principally of wholly-owned core property investments, the fair values of which are reviewed on a quarterly basis by core property managers. These investments are valued at amounts based predominantly upon appraisal reports prepared by independent real estate appraisers on at least an annual basis.

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

Private equity investments and certain real estate investments are made through limited partnerships that, in turn, invest in venture capital, leveraged buyouts, real estate, private placements and other investments where the structure, risk profile and return potential differ from traditional equity and fixed income investments. Absolute Return investments are typically made through limited partnerships which are hedge funds that utilize a broad array of investment strategies, including but not limited to market neutral, event driven, equity long/short, global macro or a combination of all of these strategies. Investments in common and collective trusts consist of units owned in commingled fund investment vehicles which are primarily invested in domestic and emerging market equity securities. The MPT owns units or shares of these investment vehicles representing the MPT's interest in the commingled fund.

The limited partnerships and commingled funds report net asset values of the MPT's investments in such vehicles on a periodic basis to the MPT. ALIMCO performs due diligence of various degrees on these limited partnerships and commingled funds. Investments in limited partnerships and commingled funds are carried at fair value, which generally represent the MPT's proportionate share of net assets of the limited partnerships and commingled funds as valued by the general partners of these entities. ALIMCO follows its valuation policy, and other due diligence and investment procedures, which includes evaluating information provided by management of these vehicles, to determine that such valuations represent fair value. If ALIMCO determined that such valuations were not fair value, then ALIMCO would provide an estimate of fair value in good faith in accordance with its valuation policy. At December 31, 2009, ALIMCO did not override any of the valuations provided by the general partners and commingled funds. Due to the inherent uncertainty of valuation for these investment vehicles, ALIMCO's estimate of fair value for these limited partnerships and commingled funds may differ from the values that would have been used had a ready and liquid market existed for such investments, and such differences could be material.

The changes in fair values of MPT's investments in limited partnerships are recorded as net appreciation in fair value of investments on the schedule detailing the investment income of the MPT. The net asset values reported to MPT by the management of the limited partnerships are net of management fees charged to MPT's capital account in such limited partnerships.

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

The fair value of the MPT's assets and liabilities which qualify as financial instruments under ASC Topic 825, *Financial Instruments* approximates the carrying amounts presented in the schedule of net assets of the MPT.

The Plan's interest in the MPT exceeded 5% of its net assets available for benefits at December 31, 2009. There was no individual investment or investments with the same issuer that equaled or exceeded 5% of the MPT's net assets at December 31, 2009.

Collateral (net) held by brokers for futures contracts and swap contracts outstanding was \$146,028 at December 31, 2009. These amounts are included in due to/from brokers and government and U.S. treasury obligations on the schedule of net assets of the MPT.

At December 31, 2009, Cash and cash equivalents and Cash equivalents held in the 401(h) account were primarily comprised of short term investment funds held at BNY Mellon. The MPT considers all highly liquid investment instruments with a maturity of three months or less at the time of purchase to be cash equivalents.

The MPT is subject to credit risk to the extent that BNY Mellon may be unable to fulfill its obligations to repay amounts owed to the MPT.

Foreign Currency Transactions

Assets and liabilities denominated in a foreign currency are translated into U.S. dollars at the prevailing rates of exchange on the valuation date. Purchases and sales of investments are translated at rates of exchange prevailing when such investments were purchased or sold. Income and expenses are translated at rates of exchange prevailing when earned or accrued. The MPT does not isolate that portion of the results of operations resulting from changes in foreign currency exchanges rates on investments from fluctuations arising from changes in the valuation of investments. Accordingly, such foreign currency related gains and losses are included in net appreciation in fair value of investments on the schedule detailing investment income of the MPT.

Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

Fair Value of Investments

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in a timely transaction with an independent buyer in the principal market, or in the absence of a principal market, the most advantageous market for the asset or liability at the measurement date (an exit price). ASC 820 requires enhanced classification and disclosures about financial instruments carried at fair value and establishes a fair value hierarchy that prioritizes the inputs used in valuation models and techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. The types of investments that are classified at this level typically include equities, futures contracts, certain options and U.S. Treasury obligations.

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly (inputs include quoted prices for similar assets or liabilities in active markets, interest rates and yield curves, credit risk assessments, etc.). The types of investments that are classified at this level typically include investment grade corporate bonds, convertible securities, asset backed securities, mortgage-backed securities, government agency securities, forward contracts, certain options, interest rate swaps, and credit default swaps.

Level 3 – Significant unobservable inputs for assets or liabilities. The types of assets and liabilities that are classified at this level include but are not limited to limited partnerships, private placement debentures, certain commingled funds, bank debt, real estate properties and the MPT's interest in the Long-Term Investment Trust.

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk, for example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable.

Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Furthermore, the fair value hierarchy does not correspond to a financial instrument's relative liquidity in the market or to its level of risk. Management assumes that any transfers between levels occur at the beginning of any period.

Management's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment. The inputs or methodology used for valuing investments and their classification in the fair value hierarchy are not necessarily an indication of the risk associated with those investments.

The following table is a reconciliation of assets the MPT held during the year ended December 31, 2009 at fair value using significant unobservable inputs (Level 3):

	Beginning Balance January 1, 2009	Net Realized and Unrealized Gains (Losses)*	Net Purchases (Sales) and Settlements	Net Transfers In (Out)	Ending Balance, December 31, 2009
Cash and cash equivalents	\$ 7,174	\$ —	\$ 359,759	\$ (366,933)	\$ —
Common collective trusts	807,670	410,202	(513,662)	(704,210)	—
Corporate debt securities	36	(1,397)	—	1,555	194
Swaps, bank debt, other fixed income securities	61,243	13,430	(19,980)	226	54,919
Limited partnership investments	3,709,643	280,504	(103,026)	—	3,887,121
Real estate	1,435,337	(256,794)	(69,320)	—	1,109,223
Total	<u>\$ 6,021,103</u>	<u>\$ 445,945</u>	<u>\$ (346,229)</u>	<u>\$ (1,069,362)</u>	<u>\$ 5,051,457</u>

* The above net gains on Level 3 assets are included in net appreciation in fair value of investments in the schedule detailing investment income of the MPT.

Net changes in unrealized appreciation/(depreciation) on assets still held as of December 31, 2009 amounted to (\$771,085) and are included in net appreciation in fair value of investments on the schedule detailing investment income of the MPT.

During the year ended December 31, 2009, the MPT adopted ASU 2009-12 *Investments in Certain Entities That Calculate Net Asset Value per Share* which provides additional guidance on measuring the fair value of certain entities that calculate a net asset value (“NAV”) or its equivalent, such as member units or an ownership interest in partners’ capital consistent with the measurement principles of FASB ASC 946, *Financial Services — Investment Companies* (formerly the *AICPA Accounting and Auditing Guide for Investment Companies*) (i.e., entities that measure investment assets at fair value on a recurring basis). Additionally, the MPT is required to disclose additional information regarding the nature of its investments in such entities as well as when MPT uses the NAV reported by such entities as a practical expedient in

assessing fair value. The following is a summary of investments where the MPT has used NAV to assess fair value as of December 31, 2009:

Description of Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Equity Long/Short Hedge Funds ^(a)	\$ 180,812	\$ –	Quarterly, Semi-annually, Annually	45-60 days
Event Driven Hedge Funds ^(b)	385,552	–	Quarterly, Annually	30-90 days
Multi-strategy Hedge Funds ^(c)	163,212	–	Quarterly, Annually	45-90 days
Relative Value Hedge Fund ^(d)	40,266	–	Monthly	30 days
Real Estate Funds ^(e)	435,620	175,673		
Private Equity Funds – Venture Capital ^(f)	1,132,600	461,731		
Private Equity Funds – Buyouts ^(g)	1,198,048	563,465		
Private Equity Funds – Special Situations ^(h)	334,414	155,029		
Private Equity Funds – Direct Investments ⁽ⁱ⁾	16,597	–		
Total	<u>\$ 3,887,121</u>	<u>\$ 1,355,898</u>		

- (a) This category includes investments in hedge funds that invest in both long and short primarily in U.S. common stocks. Management of the hedge funds has the ability to shift its investment positions to different market segments (value/growth), market capitalization (small/large cap) and net long/short exposure as agreed to in the subscription documents of such hedge funds. Investments representing 11% of the value of this category cannot be redeemed until July 2010; the remaining investments in this category can be redeemed at any time subject to the redemption notice period of each respective hedge fund.
- (b) This category includes investments in hedge funds that invest in equities and fixed income to profit from economic, political and government driven events. 7% of this category is held in side pockets. 2% of this category had enacted the “gate” provisions within their governing documents.
- (c) This category includes investments in hedge funds that pursue multiple strategies to diversify risks and reduce volatility. These multiple strategy hedge funds invest in common stock, fixed income securities, convertibles, distressed debt, merger arbitrage, macro and real estate securities. 10% of this category is held in side pockets. 4% of this category had enacted the “gate” provisions within their governing documents.
- (d) This category includes investments in hedge funds that involve taking simultaneous long and short positions in closely related markets in both equities and fixed income instruments. This category of hedge funds has no investments held in side pockets.

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

- (e) This category includes several real estate funds that invest in the U.S., Europe and Asia. The fair values of the investments in this category have been estimated using the net asset value of the MPT's ownership interest in partners' capital. These investments cannot be redeemed. Distributions from these funds will be received as the underlying investments of the funds are liquidated. It is estimated that the assets of the funds will be liquidated over the next 7 to 10 years.
- (f) This category includes venture capital funds that typically invest in equity securities of start-up and growth oriented companies primarily domiciled in the U.S and Western Europe. The venture capital funds are invested across various sectors including healthcare, information technology, computer hardware, and materials. The fair values of the investments in this category have been estimated using the net asset value of the MPT's pro-rata interest in each fund. These investments cannot be redeemed. Distributions from these funds will be received by the MPT as the underlying assets in each fund are liquidated, typically a period of 7 to 10 years from inception of the funds.
- (g) This category includes buyout funds that typically invest in the equity of mature operating companies primarily domiciled in the U.S. and Western Europe. The buyout funds are invested across various sectors including healthcare, technology, energy, financial and business services, manufacturing, transportation, and consumer. The fair values of the investments in this category have been estimated using the net asset value of the MPT's pro-rata interest in each fund. These investments cannot be redeemed. Distributions from these funds will be received by the MPT as the underlying assets in each fund are liquidated, typically over a period of 7 to 10 years from inception of the funds.
- (h) This category includes fund of funds, debt funds and distressed-oriented funds, structured as private equity vehicles. The special situation funds invest in the debt or equity securities of companies primarily domiciled in the U.S., Western Europe and Asia. The special situations funds are generally sector agnostic, and are invested across a diversified spectrum of industries. The fair value of investments in this category is measured using the aggregate net asset value of the MPT's pro-rata interest in each fund. These investments cannot be redeemed. Distributions are received by the MPT as the underlying assets in each fund are liquidated, typically over a period of 7 to 10 years from inception of the funds.
- (i) This category includes private equity funds that principally make direct investments in the equity securities of privately held companies structured through limited partnerships. The fair value of the investments in this category is measured using the aggregate asset value of the MPT's pro-rata equity interest in each company. These investments cannot be redeemed. Distributions from these investments will be received by the MPT as the underlying equity interests are liquidated. The liquidation of this category of investments is anticipated to conclude over the next 3 to 5 years.

Guarantees and Commitments

ASC 815 *Derivative and Hedging* requires a seller of credit derivative to disclose (i) the nature and terms of the credit derivative, reasons for entering into the credit derivative, the events or circumstances that would require the seller to perform under the credit derivative, and the current status of the payment/performance risk of the credit derivative, (ii) the maximum potential

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

amount of future payments (undiscounted) the seller could be required to make under the credit derivative, (iii) the fair value of the credit derivative, and (iv) the nature of any recourse provisions and assets held either as collateral or by third parties. It also requires additional disclosures about the current status of the payment/performance risk of a guarantee.

In the normal course of trading activities, the MPT will trade and hold certain derivative contracts which constitute guarantees under U.S. GAAP. Such contracts include written put options and credit default swaps where MPT is providing credit protection on an underlying instrument. For credit default swaps, the credit rating, obtained from external credit agencies, reflects the current status of the payment/performance risk of a credit default swap. Management views performance risk to be high for derivative contracts whose underlying credit ratings are below BBB-.

As of December 31, 2009:

	Single Name Corporate Bond Credit Default Swaps	Sovereign Debt Credit Default Swaps	Municipal Debt Credit Default Swaps
Fair value of sold protection	\$ 1,327	\$ 3	\$ 1
Maximum undiscounted potential future payments	\$ 30,300	\$ 3,600	\$ 900
Approximate term of the contracts	One to Five years	Two years	Ten years
Credit ratings of underlying instruments	AA+ to BB+	BBB to BBB-	AA to AA-

At December 31, 2009, the MPT held 22 written put option contracts that are expiring at various times between January and September 2010. The maximum payout for a written put option is limited to the number of contracts written and the related strike prices and amounted to \$11,782. The fair value of the written put option was (\$4,026).

Securities Lending

The MPT participates in an agency securities lending program with BNYMellon Bank, N.A. (“BNYMellon Bank”), an affiliate of the Trustee. The securities lending agreement requires that the MPT receive cash, letters of credit or U.S. Treasury securities as collateral for securities on loan, equaling 102% of the fair value of domestic securities and 105% of the total fair value of

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

5. Interest in Lucent Technologies Inc. Master Pension Trust (continued)

non-U.S. securities on loan. As of December 31, 2009, the fair value of the securities on loan was \$3,833,871. As of December 31, 2009, the fair value of the associated collateral was \$3,973,547, of which \$3,867,313 was received in cash and subsequently invested in a pooled investment vehicle. The investments purchased with the cash collateral are included in the cash collateral fund on the schedule of net assets of the MPT at December 31, 2009. The remaining collateral at December 31, 2009 in the amount of \$106,234 was received in the form of letters of credit and U.S. Treasuries, which the MPT cannot sell or repledge and accordingly are not reflected in the MPT's assets and liabilities. The MPT received interest and securities lending income in the amount of \$20,623 in 2009 from the securities lending program; this income is included in other income on the schedule detailing investment income of the MPT.

The MPT bears the risk of loss with respect to the investments purchased with the cash collateral. BNYMellon Bank has agreed to indemnify the MPT in the case of default of any borrower pursuant to respective securities lending agreements.

6. Derivative Financial Instruments

In the ordinary course of business, the MPT enters into various types of derivative transactions through its discretionary Investment Advisors. Derivative contracts serve as components of the MPT's investment strategies and are utilized primarily to structure and hedge investments to enhance performance and reduce risk to the MPT, as well as speculative purposes.

Under U.S. GAAP, the MPT is required to disclose its objectives and strategies for using derivatives by primary underlying risk exposure; information about the volume of derivative activity; disclosures about credit-risk-related contingent features, and concentrations of credit-risk derivatives; quantitative disclosures of the location and gross fair value of derivative instruments reported in the schedule of net assets of the MPT and location of the gains and losses generated from derivative investing activity during the year ended December 31, 2009 on the schedule detailing investment income of the MPT.

The MPT invests in derivative contracts with underlying exposure to interest rate risk ("interest rate risk contracts") which consist of interest rate swaps, futures contracts and option contracts on fixed income securities; equity and fixed income price risk ("equity and fixed income price risk contracts") which consists of index futures and option contracts on fixed income securities; credit risk ("credit risk contracts") which consist of credit default swaps; and foreign currency risk ("foreign currency risk contracts") which consist of futures contracts on foreign currency.

6. Derivative Financial Instruments (continued)

Futures Contracts

Futures contracts are commitments to purchase or sell securities based on financial indices at a specified price on a future date. The MPT is a party to off-balance sheet futures contracts. The MPT's Investment Advisors use index futures contracts to manage both short-term asset allocation and the duration of the fixed income portfolio. Most of the contracts have terms of less than one year. The credit risk of futures contracts is limited because they are standardized contracts traded on organized exchanges and are subject to daily cash settlement of the net change in value of open contracts. Fluctuation in unrealized gain or loss related to other futures contracts is recorded daily until realized on closing. Both realized and unrealized gain or loss are included in net appreciation in fair value of investments on the schedule detailing investment income of the MPT. Futures contracts require collateral consisting of cash or liquid securities and daily variation margin settlements to be made with brokers. Outstanding futures contracts held by the MPT consist primarily of S&P 500 index futures, Eurodollar futures and U.S. Treasury Note and exchange index futures. The total fair value of futures contracts at December 31, 2009 was \$(24,100) and is included in futures contracts on the schedule of net assets of the MPT.

Forward Contracts

In a forward foreign currency contract, one currency is exchanged for another on an agreed-upon date at an agreed-upon exchange rate. Management permits the MPT's Investment Advisors to use forward foreign exchange contracts to manage the currency risk inherent in owning securities denominated in foreign currencies and to enhance investment returns. Risks arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts and from fluctuations in the value of a foreign currency relative to the U.S. dollar or U.S. Treasury security. Most of the contracts have terms of ninety days or less and are settled in cash on settlement of the contract. The change in fair value of such contracts is recorded by the MPT as an unrealized gain or loss. When the contract is closed, the MPT records a realized gain or loss equal to the difference between the cost of the contract at the time it was opened and the value at the time it was closed. Both realized and unrealized gain/loss are included in net appreciation in fair value of investments on the schedule detailing investment income of the MPT.

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

6. Derivative Financial Instruments (continued)

As of December 31, 2009, the MPT held open forward foreign currency exchange contracts receivable and payable primarily in Canadian Dollars, Japanese Yen, Swiss Francs, British Pounds, and Euros and U.S. Treasury security forward contracts. The total fair value of forward contracts at December 31, 2009 was (\$1,166) and is included in pending foreign exchange contracts on the statement of net assets of the MPT.

Options

Options are contracts entitling the holder to purchase or sell a specified number of shares or units of a particular security at a specified price at any time until the contract's stated expiration date. Premiums paid for options purchased are recorded as investments and premiums received for options written/sold are recorded as liabilities. When securities are acquired or delivered upon exercise of an option, the acquisition cost or sale proceeds are adjusted by the amount of the premium. When an option is closed, the difference between the premium and the cost to close the position is realized as a gain or loss. When an option expires, the premium is realized as a gain for options written or as a loss for options purchased. Both realized and unrealized gain/loss are included in net appreciation in fair value of investments on the schedule detailing investment income of the MPT. The risks include price movements in the underlying securities, the possibility that options market may be illiquid, or the inability of the counterparties to fulfill their obligations under the contracts.

As of December 31, 2009, the MPT had written option contracts outstanding consisting primarily of options on currency futures and options on fixed income securities which are included in outstanding options written on the schedule of net assets of the MPT.

Swaps

Swap contracts involve the exchange by the MPT with another party of their respective commitments to pay or receive a series of cash flows calculated by reference to changes in specified prices or rates throughout the lives of the agreements. A realized gain or loss is recorded upon termination of swap agreements. Unrealized gains or losses are recorded based on the fair value of the swaps. Both realized and unrealized gain/loss are included in net appreciation in fair value of investments on the schedule detailing investment

Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

6. Derivative Financial Instruments (continued)

income of the MPT. The Investment Advisors retained by the MPT enter into interest rate swaps as part of their investment strategy to hedge exposure to changes in interest rates and to enhance investment returns. The Investment Advisors also enter into credit default swaps in order to manage the credit exposure in the portfolio and to enhance investment returns.

A credit default swap represents an agreement in which one party, the protection buyer, pays a fixed fee, the premium, in return for a payment by the other party, the protection seller, contingent upon a specified default event relating to an underlying reference asset or pool of assets. While there is no default event, the protection buyer pays the protection seller the periodic premium. If the specified credit event occurs there is an exchange of cash flows and/or securities designed so that the net payment to the protection buyer reflects the loss incurred by creditors of the reference credit in the event of its default. The nature of the credit event is established by the buyer and seller at the inception of the transaction and such events include bankruptcy, insolvency, rating agency downgrade and failure to meet payment obligations when due. Risks may arise from unanticipated movements in interest rates or the occurrence of a credit event whereby changes in the market values of the underlying financial instruments may be in excess of the amounts shown in the schedule of net assets of the MPT.

As of December 31, 2009, the MPT had outstanding swap contracts consisting primarily of interest rate swap and credit default swap contracts. The fair value of swap contracts that are included in fixed income securities in the schedule of net assets of the MPT at December 31, 2009 is \$33,491.

The MPT generally enters into master netting agreements via its Investment Advisors' International Swaps and Derivatives Association ("ISDA") Master Agreements with its counterparties which allow it to offset amounts owed from the counterparty with amounts payable to the same counterparty. Each Investment Advisor retains separate ISDA agreements with the MPT's counterparties. In addition, any cash collateral payables and receivables associated with the derivatives have not been added or netted against the fair value amounts.

6. Derivative Financial Instruments (continued)

Credit-Risk Related Contingent Features

The MPT's derivative contracts are subject to ISDA Master Agreements which generally contain certain covenants and other provisions that may affect the MPT in situations where the MPT is in a net liability position with its counterparties. These provisions require the MPT to maintain a certain level of net assets or limit the size of certain liability positions. If the MPT were not to meet such provisions, the counterparties to the derivative instruments could, depending on the nature of the agreements, either require the MPT to post additional collateral in amounts representing a multiple of the original collateral amounts required pursuant to the ISDA Master Agreements or terminate their derivative positions with the MPT and request immediate payment on all open derivative contracts, after the application of master netting arrangements ("credit-risk-related contingent features").

The aggregate fair value of all derivative instruments with credit-risk-related contingent features that are in a liability position, prior to the application of master netting arrangements, as of December 31, 2009 is \$19,647 for which the MPT has posted collateral of \$11,141 in the normal course of business. If the credit-risk-related contingent features underlying these instruments in a liability position had been triggered as of December 31, 2009 (after offsetting any applicable collateral) and the MPT had to settle these instruments immediately, the MPT would have been required to pay the total amount of the net liability stated above upon demand of the counterparties. The ultimate amounts that may be required as payment to settle the derivative positions in connection with the triggering of such credit contingency features at December 31, 2009 may be different than the net liability amounts stated at December 31, 2009 and such differences could be material. The Investment Advisors believe the likelihood of any provisions within the master netting agreements being triggered is minimal.

7. Off-Balance Sheet Risk and Risk Concentrations

In the normal course of its business, the MPT trades various financial instruments and enters into various investment activities with a variety of off-balance sheet risks including market, credit, liquidity, and risks associated with foreign investing.

Market risk is the risk of potential adverse changes to the value of financial instruments resulting from changes in market prices. If the markets should move against one or more positions in any of the financial instruments the MPT holds, the MPT could incur losses greater than the amounts

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

7. Off-Balance Sheet Risk and Risk Concentrations (continued)

reflected in the statements of net assets. The MPT's exposure to market risk may be due to many factors, including the movements in interest rates, foreign exchange rates, indices, market volatility, and security values underlying derivative instruments.

The MPT trades in derivatives (as described in Note 6), which may include financial futures contracts, forward foreign currency contracts, swaps, and options. These instruments contain to varying degrees, elements of credit and market risk such that potential maximum loss is in excess of the amounts recognized in the financial statements. The contract or notional amounts of these instruments, which are not included in the financial statements, are indicators of the MPT's activities in particular classes of financial instruments, but are not indicative of the associated risk which is generally a smaller percentage of the contract or notional amount. In addition, the measurement of market risk is meaningful only when all related and offsetting transactions are taken into consideration. The MPT is subject to market risk with regard to these instruments as it may not be able to realize benefits of the financial instruments and may realize losses, if the value of underlying assets moves unexpectedly because of changes in market conditions.

Credit risk is measured by the loss the MPT would incur if its counterparties failed to perform pursuant to the terms of their respective obligations. The MPT enters into financial futures contracts, forward foreign currency contracts, swaps, options and security lending with various counterparties; therefore the MPT is exposed to credit risk with such counterparties. Management seeks to limit its credit risk by requiring its counterparties to provide collateral based upon the value of contractual obligations. The collateral provided by the counterparties is included in investments and due to brokers on the schedule of net assets of the MPT. Furthermore, management requires MPT's Investment Advisors have in place a well defined counterparty selection and collateral process and procedures to transact its securities and other investment activities with broker-dealers, banks, and regulated exchanges that the Trustee and Investment Advisors consider to be well-established and financially sound.

The MPT invests in various U.S. and international equity and debt securities. The ability of the issuers of debt securities held by the MPT to meet their obligations may be affected by unique economic developments in a specific country, region, or industry. Until the fixed income securities are sold or mature, the MPT is exposed to credit risk relating to whether the bond issuer will meet its obligation when it becomes due. Failure of the bond issuer to make payments of principal or interest upon the default of the underlying security may result in losses to the

Alcatel Data Networks, Inc.
Retirement Pension Plan

Notes to Financial Statements (continued)

(In Thousands)

7. Off-Balance Sheet Risk and Risk Concentrations (continued)

MPT. Investing in securities of foreign entities involves special risks which include the possibility of future political and economic developments which could adversely affect the value of such securities. Moreover, securities of many foreign entities may be less liquid and their prices may be more volatile than those of comparable U.S. entities.

The MPT invests in private equity, real estate and absolute return investments, which are illiquid, can be subject to various restrictions on resale, and there can be no assurance that the MPT will be able to realize the value of such investments in a timely manner. Certain absolute return investments are subject to a “lock up” period on the MPT’s initial investment. As such, there is no assurance that the MPT can realize the value of certain absolute return investments in a timely manner. The MPT’s investments in limited partnerships are subject to various risk factors arising from the investment activities of the underlying vehicles including market, credit and currency risk. Certain partnerships owned by the MPT may transact in short currency contracts, futures, written and purchased options and swaps exposing the investee partnership to market risk such that potential maximum loss is in excess of the amounts recorded in the limited partnerships’ financial statements. The MPT’s risk of loss is limited to the value of the investments as of December 31, 2009, including any unfunded commitments.

8. Party-in-Interest Transactions

Certain Plan investments are shares of common collective trust funds managed by affiliates of the Trustee, and therefore, these transactions qualify as party-in-interest transactions.

Certain Master Trust investments are shares/units of the Company’s common stock and fixed income securities, therefore, transactions relating to these investments qualify as party-in-interest transactions.

9. Subsequent Events

Management has evaluated subsequent events through December 8, 2010, the date the financial statements were available to be issued. There were no material subsequent events that occurred between June 30, 2010 and December 8, 2010 that required disclosure in the financial statements.
