NOTES TO FINANCIAL STATEMENTS

June 30, 2010

Note 1. Plan Description

The following description of the Supplemental Annuity Plan for Employees of Hollins University (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution tax deferred annuity plan covering eligible employees of Hollins University (the “University”), excluding student employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute a portion of their compensation as a pre-tax deferral as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. The University does not contribute to the Plan.

Participant accounts:

Each participant’s account is credited with the participant’s contribution and an allocation of plan earnings and/or losses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings and/or losses thereon.

Payments of benefits:

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution, partial payments, installment payments, or annuity payments equal to the value of the participant’s vested balance in his or her account.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of investments and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Benefit payments:

Benefit payments are recorded when paid.

Administrative expenses:

Plan fees and administrative expenses are paid by the Plan.

Note 3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)

Note 3. Fair Value Measurements (Continued)

Level 1 Fair Value Measurements

The fair values of mutual funds and the pooled separate account are based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The TIAA Traditional Annuity is valued at contract value which equals the accumulated cash contributions and interest credited to the Plan's contracts less any withdrawals. Contract value approximates fair value.

These additional amounts, when declared, remain in effect through the end of the "declaration year," which begins each March 1. The guaranteed annual interest rate is generally 3.00%. Interest rates ranged from 3.65% to 4.00% and 3.65% to 5.00% for the years ending 2010 and 2009, respectively.

Note 6. Related-Party Transactions

Certain administrative functions are performed by officers or employees of the University. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Note 7. Plan Termination

The University has the right under the Plan to discontinue employee contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Tax Status

The Plan is an adoption of a prototype plan sponsored by TIAA-CREF. The Plan is designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. The Plan has been amended; however, the Plan Sponsor and Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC*.

Note 9. Custodian's Certification

- Investment assets
- Investment transactions
- Investment income
- Schedule of Assets (Held at End of Year)

Note 10. Contingency

Note 11. Other Matters

Based on review of plan assets, management has identified certain contracts in the Supplemental Annuity Plan for Employees of Hollins University that should be shown as assets of the Retirement Plan for Employees of Hollins University. Accordingly, these amounts are presented as a liability in the Statements of Net Assets Available for Benefits as of June 30, 2010 and 2009.

Note 12. Subsequent Events

Subsequent to year end, the Board of Trustees approved terminating the Supplemental Annuity Plan for Employees of Hollins University and transferring the assets into the Retirement Plan for Employees of Hollins University.

Subsequent events have been evaluated through the date of the independent auditor's report, the date the financial statements were available to be issued.
