To the Finance Committee
Wexner Heritage Village 403b Plan

We have audited the financial statements of Wexner Heritage Village 403b Plan (the "Plan") for the year ended June 30, 2010 and have issued our report thereon dated April 13, 2011. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 21, 2010, we conducted our audit in accordance with professional standards, except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As part of our audit, we considered the applicable internal control of Wexner Heritage Village 403b Plan. Our consideration of internal control was solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters and our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our letter discussing planning matters on January 19, 2011.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Wexner Heritage Village 403b Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2010.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

We believe the Plan's valuation of investments is a significant accounting estimate. Management has informed us that in determining the appropriateness of the estimate, they have recorded the fair market value of the securities based on market values provided by the investment custodian. We performed no specific procedures related to the valuation of investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. As a result of our audit, there were no adjustments made to the financial statements.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 13, 2011.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition of our retention as the Plan's auditors.

Other Information in Documents Containing Audited Financial Statements

Our responsibility relates to the Plan's financial statements and other information as identified in the auditor's report. We have no responsibility for any other information that may be included in documents containing those audited statements. We do not have an obligation to perform any procedures to corroborate other information contained in these documents. We read Schedule H of the Plan's 5500 filing and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

To the Finance Committee
Wexner Heritage Village 403b Plan

In planning and performing our limited scope audit of the financial statements of Wexner Heritage Village 403b Plan (the "Plan") as of and for the year ended June 30, 2010, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our limited scope audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified investment information except for comparing such information to the related information included in the financial statements. We considered internal control as a basis for designing our procedures to enable us to express an opinion as to whether the form and content of the information included in the financial statements, other than that derived from the certified investment information, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

- **Employee Deferral Calculation** - We noted that employee contribution deductions were calculated using the incorrect compensation, as employee bonuses were not included when calculating the employee contribution, which is not in compliance with the Plan's definition of compensation which is all W-2 wages. We recommend that the plan sponsor revise the settings in the payroll system to ensure compensation used in the employee deferral calculation agrees to the definition in the plan document. Additionally, management should consult ERISA counsel and determine the corrective action required to be taken related to the miscalculated contributions, both employee and employer, in order to maintain the Plan's qualified tax status.
- **Employer Matching Contributions** - We noted that the employer matching contribution calculations are a manual process and therefore subject to human error. During our detail testing, it was noted that for one participant, matching contributions did not begin upon the individual meeting the one-year service requirement. In addition, we noted that compensation being considered for employer matching contributions was being capped at a specific threshold, which is not specified in the plan document or any subsequent amendments, nor does it meet IRS limits. We recommend that the plan sponsor review the detail calculation of the employer match each pay period to ensure the calculation is working properly and recognizing those individuals that meet the minimum year of service requirement to receive matching contributions.
- **Review of Information Provided and Work Performed by Third-party Service Providers** - It is our understanding that the plan sponsor did not perform reviews of certain information and reconciliations prepared or provided by its third-party service providers. Wexner Heritage Village is responsible for the prudent oversight and review of all services provided by third parties to the Plan. We recommend that the plan sponsor perform various periodic reviews of all information and work performed by third-party service providers including, at a minimum, reconciling total plan assets per the participant detail (the sum of the individual participant account balances) provided by the Plan's record keeper to total plan assets reported by the Plan's custodian and reconciling detailed listing of benefit payments by participant to the plan's investment statements. In addition, we recommend that detailed reports of employee deferrals be reviewed to ensure accuracy of amounts and employee identifiers prior to the information being provided to the Plan's record keeper to ensure accurate application of contributions to participant accounts.

Independent Auditor's Report

To the Plan Administrator
Wexner Heritage Village 403b Plan

We were engaged to audit the financial statements and supplemental schedule of Wexner Heritage Village 403b Plan (the "Plan") as of June 30, 2010 and for the year then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank, the custodian of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodian as of and for the year ended June 30, 2010 that the information provided to the plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The 2009 statement of net assets available for benefits was not audited by us and, accordingly, we do not express an opinion on it.

Wexner Heritage Village 403b Plan

Notes to Financial Statements June 30, 2010 and 2009

Note 1 - Plan Description

The following description of Wexner Heritage Village 403b Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Wexner Heritage Village (the "Organization"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions effective the first quarter following completion of one year of service. Matching contributions equate to 50 percent of the participant's contribution not to exceed 3 percent of the employee's compensation (matching contributions cannot exceed 1.5 percent of the employee's compensation).

Participant Accounts - Each participant's account is credited with the participant's contribution, and allocations of the Organization's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Organization's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in contributions made by the Organization after three years of service.

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Organization contributions and to pay administrative costs. At June 30, 2010, forfeited account balances totaled \$547.

Wexner Heritage Village 403b Plan

Notes to Financial Statements June 30, 2010 and 2009

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by The Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank or its affiliates. The Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank, is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. Mutual fund investments are valued based on quoted market prices. The money market fund is valued at its outstanding balance which approximates fair value. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Organization.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements June 30, 2010 and 2009

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including April 13, 2011, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Investment Information

The Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank (the "Custodian"), holds the Plan's investments and executes all investment transactions. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Significant investments at the end of the year are as follows:

	2010	2009
Money market fund - Nationwide Money Market		
Instrument	\$ 416,730	\$ 401,057
Mutual funds:		
Oakmark Equity Income I	285,308	267,225

Janus Twenty T	153,525	147,799
Oppenheimer Capital Appreciation A	122,083	122,816

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at June 30, 2010 and 2009 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
