We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of H & B Packing Co., Inc. Employee Retirement Plan as of June 30, 2010 and 2009, and the changes in its net assets available for benefits for the year ended June 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of the Schedule of Assets Held at End of Year on page 11 is presented for the purpose of additional analysis and is not a required part of the basic financial statements. This supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This Supplementary Information is the responsibility of the Plan's management. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## H & B PACKING CO., INC. EMPLOYEE RETIREMENT PLAN
## NOTES TO FINANCIAL STATEMENTS

### 1. Description of Plan

The following description of the H & B Packing Co., Inc. Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Plan employer sponsor is H & B Packing Co., Inc. (the Company). The Plan was also adopted by an affiliated service group company, Champion Pet Food.

***General***

The Plan is a defined contribution plan, commonly referred to as a Profit Sharing Plan. It covers all employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2009, to comply with changes in laws and regulations.

***Contributions***

Each year the Company may contribute to the Plan a portion of its current profits, at the discretion of the Company's Board of Directors.

***Participant Accounts***

Each participant's account is credited with an allocation of a) the Company's contribution b) Plan earnings; and c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***

Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. A participant receives credit for a year of service if they complete at least 1,000 hours of service at any time during the plan year. Employees are vested according to the following schedule:

| Years of Service | Vesting Percentage |
|---|---|
| 1 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

## 1. Description of Plan (continued)

### *Payment of Benefit*

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum amount. Partial withdrawals are also allowed provided the withdrawal amount is at least $ 1,000.

### *Forfeited Accounts*

At June 30, 2010 and 2009, forfeited nonvested accounts totaled $ 6,407 and $ 494, respectively. These accounts were reallocated to active participants in the same manner as employer contributions, based on each participant's compensation as a percentage of the total compensation of all active participants.

### *Investment Options*

Upon enrollment in the Plan, the Company's contributions are invested at the discretion of the Plan trustee.

### *Reclassifications*

Investment types in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

## 2. Summary of Significant Accounting Policies

### *Date of Management's Review*

Subsequent events were evaluated through April 15, 2011, which is the date the financial statements were available to be issued.

### *Basis of Accounting*

The financial statements of the Plan are prepared using the accrual method of accounting and the accounting principles generally accepted in the United States of America.

### *Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

## 2. Summary of Significant Accounting Policies (continued)

***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

***Payment of Benefits***

Benefits are recorded when paid.

***Plan Expenses***

All expenses of maintaining the Plan are paid by the Plan.

## 3. Fair Value Measurements

Financial Accounting Standards Board Statement No. 157, Fair Value Measurements (SFAS No. 157) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the Fair Value hierarchy under SFAS No. 157 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**3. Fair Value Measurements (continued)**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In accordance with SFAS No. 157, the Plan classifies its investments into Level 1, which refers to securities traded in an active market, Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction, and Level 3, which refers to securities not traded in an active market and for which no significant observable market inputs are available. As required by SFAS No. 157, at June 30, the Plan's portfolio investments were classified as follows, based on fair values:

| | June 30, 2010 Fair Value | June 30, 2009 Fair Value |
|---|---|---|
| Level 1 | $ 834,121 | $ 782,254 |
| Level 2 | 71,475 | 117,978 |
| Level 3 | - | - |
| Total portfolio investments | $ 905,596 | $ 900,232 |

Following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks and options: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Life Insurance: Valued at cash surrender value as reported by the life insurance companies.

Invested cash: Valued at principal amount invested.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 4. Investments

The Plan's nonparticipant-directed investments are held by a registered investment company. The following table presents investments at June 30, 2010 and 2009.

| Total | $ 905,596 | $ 900,232 |

## 4. Investments (continued)

During the Plan year ended June 30, 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $ 5,364 as follows:

| | | |
|---|---|---|
| Common stocks and options | $ | (61,770) |
| Mutual Funds | | 34,187 |
| Life insurance | | (46,503) |
| Invested cash | | 79,450 |
| Total | $ | 5,364 |

## 5. Administrative Expenses

Administrative expenses for the year ended June 30, 2010 include investment management fees of $ 8,001. The remaining $ 17,914 in expenses include plan audit fees and miscellaneous other plan management expenses.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## 7. Tax Status

The Plan is using a prototype non-standardized profit sharing plan document. The Plan operates under a plan that the Internal Revenue Service (IRS) indicated in a letter dated March 31, 2008; the standardized form of plan is acceptable under Section 401 of the Internal Revenue Code. The IRS's opinion on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under Code section 401(a). However, the Plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## 8. Other Risks and Uncertainties

Certain financial instruments potentially subject the plan to concentrations of credit risk. These financial instruments include mutual funds. The trustee continually performs ongoing evaluations to assess the credit risk associated with these investments. The Plan has not experienced any credit losses associated with these investments.

Investments securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

## 9. Party-In-Interest Transactions

The plan has not considered Company contributions to the plan or benefits paid by the plan to participants as party-in-interest transactions.
