REPORT OF INDEPENDENT AUDITORS

Plan Administrator
Durakon Industries, Inc. Employees'
Retirement and Savings Plan
Portage, Wisconsin

We were engaged to audit the financial statements of the Durakon Industries, Inc. Employees' Retirement and Savings Plan as of August 1, 2010 and December 31, 2009 and for the period from January 1, 2010 through August 1, 2010, as listed in the accompanying contents page. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mercer Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of August 1, 2010 and December 31, 2009 and for the period from January 1, 2010 through August 1, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As further described in Note 1, effective August 1, 2010, the Plan merged with and all assets have transferred to the Penda Corporation 401(k) Plan.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DURAKON INDUSTRIES, INC. EMPLOYEES' RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
August 1, 2010 and December 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

Effective August 1, 2010, the Durakon Industries, Inc. Employees' Retirement and Savings Plan (the "Plan") merged into the Penda Corporation 401(k) Savings and Profit Sharing Plan (the "Penda Plan"). The net assets of the Plan, totaling \$6,232,152, were transferred to the Penda Plan at this time. The following description of the Plan prior to the merger provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a 401(k) profit sharing plan sponsored by Durakon Industries, Inc. (the Company) which provides for employee contributions under Section 401(k) of the Internal Revenue Code. Established on February 1, 1986, the Plan provides for retirement benefits. Employees of the Company are eligible to defer into the Plan once they have attained age 18 and had six months of service. Participants are eligible for benefits at their normal retirement dates (their 62nd birthday), their early retirement date, upon death, disability or termination. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees participating in the Plan can make pre-tax salary deferral contributions up to 20% of compensation, as defined in the Plan. Participants who attained age 50 before the close of the Plan year may also make catch-up contributions to the Plan. A participant may change or discontinue the pre-tax contribution once every three months. The Company matched up to 25% of each employee's pre-tax contribution, not to exceed 8% of their gross compensation. Effective February 12, 2009, the Plan was amended to cease matching contributions.

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of the Company's contribution and plan earnings. Allocations are based on participant contributions, participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary, matching contributions and prevailing wage contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service, with graduated vesting beginning at 20% after one year. Regardless of years of service, participants will become 100% vested in the entire portion of their Plan account upon retirement on or after age 55, death or permanent and total disability.

Loan Provisions: The Plan provides that participants can borrow funds against their vested account balances. The amount of a participant loan is limited to 50% of the participant's vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. The interest rates and terms of the loans are determined by the plan administrator.

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions or administrative expenses of the Plan.

Payment of Benefits: Upon termination of service with the Company or the participant's death, disability or retirement, a participant or participant's beneficiary may receive the payment of their vested benefits in the form of a lump-sum payment.

Plan Expenses: Professional fees for the audit of the Plan were paid by the Company.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value fund: The fair values of participation units in the stable value collective trust fund are based upon the net asset values of such funds reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). Underlying assets included in the stable value fund are primarily invested in guaranteed investment contracts or funding agreements, security-backed investment contracts, separate accounts issued or wrapped by insurance companies, banks or other financial institutions, or externally managed stable value commingled investment funds. The investment objective of this fund is to provide a fixed income yield with minimal market-related risk. Units of participation are redeemable upon receipt of unitholder's instruction based on the next determined net asset value per unit. Net asset value per unit is determined each business day.

NOTES TO FINANCIAL STATEMENTS
August 1, 2010 and December 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Collective trust (other than stable value fund): The fair value of participation units held in collective trust, other than stable value fund, is based on the net asset value reported by the fund manager as of the financial statement date and recent transaction price (Level 2 inputs). The collective trust invests primarily in large-capitalization domestic equities. The investment objective of the collective trust is to track the S&P 500. Each collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Participant loans: Participant loans are reported at amortized cost, as the fair value of the loans is not practicable to estimate due to restrictions placed on the transferability of the loans.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, other than participant loans, measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2009 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Mutual Funds			
Intermediate-Term Bond	\$ 94,420	\$ -	\$ -
Intermediate-Term Government Bond	241,132	-	-
Large-Cap Blend	1,979,287	-	-
Large-Cap Growth	122,320	-	-
Large-Cap Value	1,735,898	-	-
Mid-Cap Blend	52,124	-	-
Mid-Cap Growth	646,645	-	-
Small-Cap Growth	237,274	-	-
Small-Cap Value	315,093	-	-
Collective trust funds			
Stable Value	-	2,094,949	-
Large-Cap Blend	-	260,623	-

While Plan investments are presented at fair value in the statements of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan held an indirect interest in such contracts through its investment in a stable value fund at December 31, 2009.

August 1, 2010 and December 31, 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rate, market, liquidity and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - INVESTMENTS – UNAUDITED INFORMATION

Mercer Trust Company, the trustee of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified by them, with the exception of the fair value to contract value adjustment relating to the Plan's interest in the Putnam Stable Value Fund. This certified investment information has not been audited by independent accountants.

The following presents the fair values of investments that represent 5 percent or more of the Plan's net assets available for benefits at December 31, 2009:

Investments at fair value

The George Putnam Fund of Boston	\$ 602,707
Putnam Vista Fund	646,645
Putnam Voyager Fund	843,600
Putnam Research Fund	466,763
Putnam International Equity Fund	605,203
Putnam Stable Value Fund (Contract value: \$2,008,099)	2,094,949

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated as follows:

Collective Trusts	\$ 2,785
Mutual Funds	<u>69,851</u>
	<u>\$ 72,636</u>

During the Plan year the Plan's investments earned interest and dividends of \$60,106.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the plan, any party rendering service to the Plan, the employer and certain others. Professional fees for the administration and audit of the Plan were paid by the Company on behalf of the Plan. Certain Plan investments are in funds managed by Putnam, an affiliate of the trustee, which represent party-in-interest investments. Participant loan transactions are also party-in-interest transactions.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 8, 2009 that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
