IVCI, LLC 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the IVCI, LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established in 2001, is a defined contribution 401(k) salary deferred and profit sharing plan. The Plan is currently sponsored by IVCI, LLC (the "Sponsor"). The Plan covers substantially all employees with at least one year of service and who have worked at least 1,000 hours annually and have attained age 21 or older. The profit sharing portion of the Plan covers all employees of the Sponsor who meet the requirements to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan, subject to limitation permitted by the Internal Revenue Code ("IRC"). Participants' tax-free contributions per Section 402(g) of the IRC for the year ended December 31, 2009 were limited to $16,500. Employees who attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Sponsor may make discretionary profit sharing and matching contributions on behalf of each participant according to a predetermined formula. These profit sharing contributions are participant-directed.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more years	100%

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at rates that range from 4.25% to 9.25% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants are eligible to receive benefit payments due to death, disability, retirement or when they terminate service. Upon termination of service, a participant may elect to receive an annuity or a lump sum amount equal to the participant's vested account.

Forfeitures

Forfeitures attributable to employer contributions are allocated among the participants' accounts in the same proportion that each such participant's compensation for the year bears to the total compensation of all participants for the year. At December 31, 2009 and 2008, forfeited nonvested accounts related to employer contributions totaled $26,545 and $25,196, respectively. Forfeitures of employer contributions of $1,506 were allocated to the participants for the year ended December 31, 2009.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Sponsor, except for $28,841 which was paid by the Plan.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2009 through the date of the audit of these financial statements. During this period, there were no material subsequent events requiring disclosure.

Note 3 - Information Prepared and Certified By Custodian

The Plan administrator has obtained certifications from Nationwide Financial Services, Inc. ("Nationwide"), the custodian of the Plan, at December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator is complete and accurate. Accordingly, all information pertaining to investments included in the Statements of Net Assets Available for Benefits and the related interest and dividend income and net appreciation in fair value of investments has been provided and certified by Nationwide. Additionally, the information contained in Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) at December 31, 2009, has been provided and certified by Nationwide. Investment information certified by Nationwide has not been audited by the independent auditors.

Note 4 - Investments

At December 31, 2009 and 2008, investments that represent 5% or more of the Plan's net assets consisted of the following:

	2009	2008
Janus Twenty J	$ 829,435	$ 481,403
PIMCO Total Return Fund Class A	524,737	379,029
Oppenheimer Global Fund Class A	484,340	318,931
Franklin Bal Sheet Invmnt A	330,490	215,024

During the year ended December 31, 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $961,529.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2009 and 2008.

The Level 1 inputs relate to mutual funds whose underlying assets are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Level 3 inputs relate to participant loans that are valued at amortized cost, which approximates fair value.

Note 5 - Fair Value Measurements (cont'd.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2009 and 2008:

	Assets at Fair Value at December 31, 2009			
Mutual Funds:	Level 1	Level 2	Level 3	Total

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009.

Level 3 Assets
Year Ended December 31, 2009

	Participant Loans
Balance, January 1, 2009	$ 56,075
Purchases, sales, issuances, and settlements (net)	101,925
Balance, December 31, 2009	$ 158,000

Note 6 - Related Party Transactions

All of the Plan's investments are shares of mutual funds managed by Nationwide. Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $28,841 for the year ended December 31, 2009.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Sponsor by a letter dated November 18, 2002 that the Plan, based on its initial filing as a prototype plan, is qualified and the trust established under the Plan is tax-exempt, under the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
