The Participants and Plan Administrator
iPCS Wireless 401(k) Retirement Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the iPCS Wireless 401(k) Retirement Plan (the Plan) as of May 21, 2010 and December 31, 2009, and the related statements of changes in net assets available for benefits for the period January 1, 2010 to May 21, 2010 and the year ended December 31, 2009 and the supplemental Schedule H, line 4i – Schedule of Assets (Held At End of Year) as of May 21, 2010 and December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated September 29, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 4 to the financial statements, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the 2010 and 2009 financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the period ended May 21, 2010 and the year ended December 31, 2009 that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 and 2009 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 and 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 and 2009 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) RETIREMENT PLAN**

Notes to Financial Statements

May 21, 2010 and December 31, 2009 and 2008

(1) Description of the Plan

The following description of the iPCS Wireless 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

(a) General

The Plan was a defined contribution plan covering substantially all employees of iPCS Wireless, Inc. (the Company). Employees who had at least three months of service and were 18 years of age or older were eligible to contribute to the Plan on the first day of any month immediately following the service requirement. The Company served as the Plan Administrator and controlled and managed the operation and administration of the Plan through December 3, 2009. The trustee of the Plan was Fidelity Management Trust Company (Fidelity). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 4, 2009, the Company was acquired by Sprint Nextel Corporation (Sprint). Subsequent to the acquisition, Sprint became the Plan Administrator. The Employee Benefits Committee of Sprint on behalf of the Board of Directors of Sprint elected to merge the Plan into the Sprint Nextel 401(k) Plan (Sprint Plan). Effective April 2, 2010, the Plan was frozen to new contributions and participants became eligible to participate in the Sprint Plan. Effective May 21, 2010, the Plan was merged, all Plan assets were transferred to the Sprint Plan, and the Plan was subsequently terminated.

(b) Contributions

Each year, participants could elect to contribute an amount up to 50% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Prior to January 1, 2010, the Company contributed 100% of each participant's contribution up to a maximum of 4% of the participant's compensation contributed to the Plan. The Company also had the discretion to contribute additional amounts. After January 1, 2010, the Company's contribution was entirely discretionary. No such discretionary contributions were made for the period ended May 21, 2010 and year ended December 31, 2009. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

(c) Participant Accounts

Individual accounts were maintained for each Plan participant. Each participant's account was credited with the participant's contribution, related Company matching contribution, and allocations of Company discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Investments

Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan offered 25 mutual funds as investment options for participants.

Notes to Financial Statements

May 21, 2010 and December 31, 2009 and 2008

(e) Vesting

Participants were immediately vested in their entire account balance.

(f) Participant Loans

Participants could borrow from their fund accounts up to the lesser of 50% of their vested account balance or \$50,000 up until the plan merger on May 21, 2010. The minimum amount of any loan was \$1,000. Loan terms were up to five years, except for the purpose of acquiring the participant's primary residence for which the term was up to 10 years. The loans were collateralized by the balance in the participant's account and had an interest rate commensurate with local prevailing rates at the time funds were borrowed as determined by the Plan Administrator. Principal and interest were paid ratably through payroll deductions.

(g) Payment of Benefits

On termination of service, a participant could elect to receive either an amount equal to the value of the participant's vested interest in his or her account in the form of a lump-sum distribution payment or installment distribution. For balances less than \$1,000, the Plan automatically paid out the account balance through lump-sum distributions. In-service withdrawals were permitted in cases of financial hardship, subject to a \$500 minimum.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Risks and Uncertainties

The Plan utilized various mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

(d) Investment and Participant Loan Valuation and Income Recognition

The Plan's investments were stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market

**iPCS WIRELESS

Notes to Financial Statements

prices, which represent the net asset value of shares held by the Plan at period-end. Participant loans were carried at their amortized cost, which approximated fair value.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds were deducted from income earned on a daily basis and were not separately reflected. Consequently, management fees and operating expenses were reflected as a reduction of investment return for such investments.

(e) Administrative Expenses

Administrative expenses of the Plan were paid by the Plan or the Plan Administrator as provided in the Plan document.

(f) Payment of Benefits

Benefit payments to participants were recorded upon distribution. There were no amounts allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid at May 21, 2010 and December 31, 2009 and 2008.

(3) Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value for assets and liabilities, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Fair value hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. There are three levels of inputs that are used to measure fair value:

- Quoted prices in active markets for identical assets or liabilities
- Inputs other than quoted prices in active markets for identical assets or liabilities that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Certain Plan investments were shares of mutual funds managed by an affiliate of Fidelity. Fidelity was the Trustee of the Plan, and therefore, these transactions qualified as party-in-interest transactions.

(6) Plan Termination

On December 4, 2009, the Company was acquired by Sprint. Subsequent to the acquisition, Sprint became the Plan Administrator. The Employee Benefits Committee of Sprint on behalf of the Board of Directors of Sprint elected to merge the Plan into the Sprint Plan. Effective April 2, 2010, the Plan was frozen to new contributions and participants became eligible to participate in the Sprint Plan. Effective May 21, 2010, the Plan was merged, all Plan Assets were transferred to the Sprint Plan, and the Plan was subsequently terminated.

(7) Federal Income Tax Status

The Plan used a prototype plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company received an opinion letter from the Internal Revenue Service (IRS), dated December 5, 2001, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself had not received a determination letter from the IRS. However, the Plan's management believes that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.
