September 30, 2010

NOTE 1 - PLAN DESCRIPTION

The following brief description of the Cincinnati Symphony Musicians' Pension Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for more complete information.

GENERAL-

The Plan was established October 1, 1977 as a defined benefit pension plan, to provide pension benefits to all eligible employees of the Cincinnati Symphony Orchestra (the "Company") who are in a collective bargaining unit represented by the Cincinnati Musicians' Association, Local No. 1, American Federation of Musicians (the "Union"). The Plan was most recently amended and restated, effective October 1, 2002, and further amended effective October 1, 2007, to comply with the Employees' Retirement Income Security Act of 1974 (ERISA), Internal Revenue Code law changes and other acts affecting the Plan. The Plan's assets are invested and administered by a joint board of union and management trustees.

ELIGIBILITY AND BENEFITS-

The Plan covers all full-time employees of the Company who are in the collective bargaining unit represented by the Union who have completed one year of service and attained age 21 by the dates provided in the Plan. Participation in the Plan is limited to employees employed by the Company prior to September 5, 1994.

The normal retirement benefit is an annual benefit payable monthly commencing at the time of retirement and payable for life with 60 payments certain. Unless otherwise elected, the normal form of benefit for a married participant is an actuarially reduced joint and 50% spouse's benefit, under which 50% of the participant's benefit continues after the participant's death for the life of the spouse. Effective October 1, 2007, the normal form of benefit for a married participant, unless otherwise elected, is an actuarially reduced joint and 50%, or 75% (at the option of the participant), spouse's benefit.

The normal retirement benefit at age 65 is as follows:

<u>Date of Retirement</u>	<u>Annual Benefits per Credited Year of Service (Maximum 30 years)</u>
Prior to September 27, 1971	\$ 57
From September 27, 1971 to September 30, 1982	415
From October 1, 1982 to September 30, 1983	472
From October 1, 1983 to September 30, 1986	637
From October 1, 1986 to September 30, 1989	567
After October 1, 1989*	733

NOTE 1 - PLAN DESCRIPTION (Continued)

* For vested participants who retired during the period from September 7, 1998 to September 1, 2002, the annual benefit shall not be less than an amount equal to forty-five percent of the participant's minimum annual salary. Benefits are funded by the Plan and the American Federation of Musicians' Employee Pension Fund, based on established criteria.

A participant who has completed at least 10 years of service and attained 55 years of age may retire before the normal retirement date with an actuarially reduced pension benefit. A participant may also take early retirement without any actuarial reduction if the participant has completed at least 10 years of continuous service and attained 62 years of age; or has completed at least 30 years of credited service or the participant's age plus years of credited service total 85 or more.

DEATH AND DISABILITY-

Beneficiaries of retired participants, or of vested participants dying after attaining age 65 and not retired, are guaranteed 60 months of pension benefits less any benefits paid to the participant, if the participant did not elect a joint and survivor annuity option. Effective October 1, 1998, any vested participant who has received a permanent disability award from the Social Security Administration is eligible to receive, on an immediate basis, the vested benefit otherwise payable at age 65.

VESTING-

Effective October 1, 1989, and thereafter, an employee who has completed at least five years of credited service has a nonforfeitable right to 100% of the employee's accrued benefit derived from employer contributions made to the Plan. Prior to October 1, 1989, an employee was required to have completed at least ten years of credited service in order to have a nonforfeitable right to 100% of the employee's accrued benefit derived from employer contributions made to the Plan.

CONTRIBUTIONS-

Pursuant to a collective bargaining agreement, the Company makes contributions to the Plan in amounts sufficient to fund the retirement benefits provided by the Plan for each participant as required by ERISA and the Internal Revenue Code. The minimum funding standard is determined by an enrolled actuary as of each anniversary date. During the Plan year ended September 30, 2010, the Company was not required to make any contributions to meet the minimum funding requirements established by ERISA.

Gifts received by the Company, if any, for the benefit of the Plan are included in contributions.

NOTE 1 - PLAN DESCRIPTION (Continued)

PLAN TERMINATION-

The right to terminate the Plan is reserved by the Company and the Union acting in mutual accord or by the Company alone if the Union ceases to represent a majority of the participants, or if more than three years pass without an agreement in effect between the Company and the Union for continued current contributions by the Company to the Plan.

In the event the Plan terminates, net assets will be allocated according to ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits former employees or their beneficiaries have been receiving or would have been receiving had the participant retired at the normal retirement age, for at least three years. The priority amount is limited to the lowest benefit that was payable, or would have been payable, during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- (b) Other vested benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) (see following paragraph).
- (c) All vested benefits not insured by the PBGC.
- (d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement benefits, early retirement benefits, and certain survivors' pensions. The PBGC does not guarantee all types of benefits under the Plan. The amount of benefit protection is subject to certain limitations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles as applied to pension plans.

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

BASIS OF ACCOUNTING-

The statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES-

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

September 30, 2010
(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENTS-

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). A financial instrument level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The three broad input levels of hierarchy are as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date;
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly; and
- Level 3 Inputs that are unobservable for the asset or liability.

Investments are stated at fair value as determined by PNC Bank, N.A. Money market investments, common stock and shares in registered investment companies are valued using quoted market prices and therefore categorized as Level 1 fair value investments. Other investments consist of interests in private equity funds. These investments are valued using inputs that are unobservable, primarily provided by the underlying investment fund managers, and are therefore classified as Level 3 fair value investments.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS-

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits paid to recipients are based on the number of years of credited service (limited to a maximum of 30 years). Benefits payable are included to the extent they are deemed attributable to employee service rendered to the valuation date.

PAYMENT OF BENEFITS-

Benefit payments to participants are recorded upon distribution.

	\$ <u>11,534,355</u>	<u>11,671,480</u>

Changes in the present value of accumulated benefits were as follows for the year ended September 30, 2010:

Value of accumulated benefits - beginning of year	\$ <u>11,671,480</u>
Increase (decrease) in value due to:

NOTE 8 - RISKS AND UNCERTAINTIES (Continued)

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Based on the actuarially determined funding requirements, the Company is not required to make quarterly contributions to the Plan in the year to end September 30, 2011. However, the Plan is currently expected to be required to make quarterly contributions of \$204,500 for the plan year to end September 30, 2012.

The Plan's administrator has evaluated the impact of events that have occurred subsequent to September 30, 2010 through April 25, 2011, the date the financial statements were available to be issued, for purposes of recognition and disclosure in the financial statements.
