INDEPENDENT AUDITORS' REPORT

To the Administrator of the
Chestnut Ridge Transportation, Inc.
Employees 401(k) Profit Sharing Plan

Spring Valley, New York 10977

We were engaged to audit the financial statements of Chestnut Ridge Transportation, Inc. Employees 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009 as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not be perform, and we did not perform, any auditing procedures with respect to the Plan's investment assets, transactions and related income which were certified by Wells Fargo Bank, N.A. and Wachovia Bank, N.A., the prior and current trustees of the Plan, respectively, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the respective trustees as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustees is complete and accurate.

The Plan's statement of changes in net assets available for benefits (modified cash basis) does not present investment income (other than from participants' notes) separate from the net change in fair value of investments. In our opinion, disclosure of that information is required to conform with accounting principles generally accepted in the United States of America; however, Plan management believes it is impracticable to develop the information.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

Note 1 - Plan Description:

The Chestnut Ridge Transportation, Inc. Employees 401(k) Profit Sharing Plan (the "Plan") is the Retirement Plan for Chestnut Ridge Transportation, Inc. The following description provides only general information. The Plan Document should be consulted for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with a 401(k) feature covering all employees of the Company. Employees can enter the Plan and commence elective deferrals on the earlier of January 1 or July 1 after being hired. Participants are required to attain the age of twenty-one and complete one year of service (consisting of 850 hours of service within one employment year) in order to receive matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may contribute from 1% to 10% of eligible pretax compensation, as defined in the Plan. Participants may also contribute distributions from other qualified plans (rollovers). Each year the Company may elect to make a matching contribution to the Plan at the discretion of the Company's Board of Directors and subject to limitation by law. For the year ended December 31, 2009, the Company elected to match 25% of participant contributions up to a maximum of 2.5% of their eligible compensation. All contributions are participant directed. The Plan currently offers six mutual funds as investment options for participants.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's matching and discretionary contributions, Plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with the participant's withdrawals or distributions and an allocation of administrative expenses. Allocations are made as prescribed in the Plan Document. The benefit to which a participant is entitled is the participant's vested balance.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants' vesting of Company contributions plus actual earnings thereon is based on years of service. A participant vests 20% per year after two years of credited service, 20% for each additional year of service thereafter, and is 100% vested after six years of credited service.

GKG CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS CONSULTANTS
Goldstein, Karlewicz & Goldstein, LLP

Note 1 - Plan Description (Continued):

Participants' Notes Receivable - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant note fund. Loans require repayment within 5 years, or up to 30 years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest must be paid ratably through payroll deductions or otherwise in at least equal quarterly installments.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant, or his or her beneficiary, may elect to receive one of the following forms of payment equal to the value of the participant's vested interest in his or her account: 1) Lump sum; 2) Life annuity; or 3) Joint and 50% survivor annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest as a lump sum distribution.

Forfeited Accounts - The Plan provides for forfeitures to reduce employer matching contributions. As of December 31, 2009, forfeitures available to reduce future employer contributions totaled $81,917. There was $415 of forfeitures during the year ended December 31, 2009.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from generally accepted accounting principles primarily because the Company has not recognized participants' and employers' contribution receivables and their related effects on earnings in the accompanying financial statements.

Accounting Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued):

Accounting for Uncertainty in Income Taxes - FASB ASC Topic 740, Subtopic 10 prescribes a comprehensive model for how a plan should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the plan has taken or expects to take on a tax return. The Plan adopted FASB ASC Topic 740, Subtopic 10 as of January 1, 2009 and thereafter, recognizes tax benefits from uncertain tax positions only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There was no impact to the Plan's financial statements as a result of the implementation of FASB ASC Topic 740, Subtopic 10.

Subsequent Events - The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure. The accompanying financial statements consider events through February 16, 2011 the date the financial statements were available to be issued.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Participant notes receivable are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Investments - Investments that represent 5% or more of the Plan's net assets as of December 31, 2009 or 2008 are separately identified as follows:

	2009	2008
Registered Investment Companies:		
Oppenheimer Global Growth and Income Fund - Class A	$ 422,676	$ 261,087
Dreyfus S&P 500 Index Fund	360,313	293,256
Dreyfus Institutional Reserves Money Premier	859,573	796,557
Fidelity Advisor Series II Growth Opportunities Fund	169,561	118,115
AIM Basic Balanced Fund - Class A	287,447	196,732

Expenses - Professional fees and other administrative expenses are paid by the Plan, unless paid by the Company.

Payment of Benefits - Benefits are recorded when paid.

Note 3 - Information Prepared and Certified by Trustees:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustees.

	2009	2008
Fair Value of Interest in:		
Registered Investment Companies	$ 2,213,566	$ 958,310
Money Market Account	-	796,557
	$ 2,213,566	$ 1,754,867

Note 4 - Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements and Disclosure*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements - The fair value of shares of registered investment companies is valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The fair value of the money market account is based on money market cash balances held by the Plan at year-end

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit:

	Fair Value Measurements Using:

Note 5 - Tax Status:

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter, dated March 31, 2008, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right, under the Plan Document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. In the case of a partial termination, only those who separate from service will become fully vested.

Note 7 - Current Vulnerability Due to Concentrations of Credit Risk:

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 8 - Commitments:

As of December 31, 2009, the Plan owed $309,989 to terminated employees.
