INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Steuben Foods, Inc. Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Steuben Foods, Inc. Savings Plan (the Plan) as of July 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held for investment as of July 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A. (formerly known as Wachovia Bank, N.A.), the trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 3, the Plan administrator has obtained a certification from the trustee regarding the completeness and accuracy of the investment information provided to the Plan administrator by the trustee as of and for the years ended July 31, 2010 and 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

NOTE 1. - DESCRIPTION OF THE PLAN

The following description of the Steuben Foods, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a 401(k) defined contribution plan, which was established by Steuben Foods, Inc. and became effective on September 1, 1986. Worcester Creameries Corp., Steuben Sales, Inc., Elmhurst Dairy, Inc. and Dora's Naturals, Inc., affiliates of Steuben Foods, Inc., have also adopted the Plan. Steuben Foods, Inc., Worcester Creameries Corp., Steuben Sales, Inc., Elmhurst Dairy, Inc. and Dora's Naturals, Inc. are referred to as "the Company" in the financial statements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Employees of the Company, who are not covered by a collective bargaining agreement, are eligible for the Plan, subject to a length of service requirement. The Plan covers employees of the Company who have completed 3 months of service and have attained age 18.

Effective May 3, 2010, Dora's Naturals Inc. 401(k) Plan was merged into the Steuben Foods, Inc Savings Plan, and as a result all of the assets from Dora's Naturals Inc. 401(k) Plan were transferred into the Steuben Foods, Inc. Savings Plan. The merger did not reduce the accrued benefits of any participant.

Contributions - Each year, participants may contribute an elective deferred contribution not to exceed the limits imposed by the Internal Revenue Code. Effective September 1, 2007, all eligible employees are automatically enrolled in the Plan and have elective deferrals withheld in the amount of 3% of compensation unless they elect otherwise. The Company will make a matching contribution equal to 30 percent of the first 5 percent of base compensation that a participant contributes to the Plan. Effective August 1, 2005, the Plan allows the Company to make a discretionary profit sharing contribution. To be eligible for the discretionary contribution the participant shall have completed one year of service, attained age 21, and must be employed on the last day of the Plan year. The discretionary profit sharing contribution will be allocated among participants eligible to share in the contribution for the Plan year. The Company may contribute a different amount on behalf of each group, as defined in the Plan. The amount contributed on behalf of the participant group will be allocated using an "age weighting" approach. The Company discretionary profit sharing contribution amounted to approximately $302,000 for the year ended July 31, 2010 ($283,000 - 2009). Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions as of January 1, of that calendar year. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their contributions and contributions made on their behalf into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution, and allocations of the Company contribution. Investments of participant accounts are participant-directed. Earnings on the investments held in each account are credited to that account, and accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants - Participants may borrow from their fund accounts the lesser of $50,000 or 50 percent of their non-forfeitable accrued benefit. Terms of the notes range from one to five years or in excess of five years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with similar loans from commercial lending institutions. Principal and interest are paid through payroll deductions.

Vesting - Participants are immediately vested in their contributions and in the Company's matching contributions, plus actual earnings thereon net of any allocation of administrative expenses. Employees eligible to receive a discretionary profit sharing contribution are 100% vested only after three years of service.

Forfeitures - At July 31, 2010 forfeiture non-vested accounts totaled $16,918 ($16,645 - 2009). These accounts can be used to reduce future plan employer contributions or to pay administrative expenses. During the year end July 31, 2010 and 2009, forfeiture non-vested accounts were not used to reduce employer contributions or to pay administrative expenses.

Payment of Benefits - On termination of service due to death or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or one of several other options offered by the Plan, subject to the amount of the participant's vested interest in his or her account. On termination of employment for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or leave the account under the Plan until death or retirement, or one of several other options offered by the Plan, subject to the amount of the participant's vested interest in his or her account.

NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan prepares its financial statements on the accrual basis of accounting and presents the fair value of net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. The Plan invests in investment contracts owned by certain common/collective trusts. The Statements of Net Assets Available for Benefits presents the fair value of the common/collective trusts as well as the adjustment from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend dates.

NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses associated with the operation of the Plan are paid from Plan assets, unless paid by the Plan sponsor.

Reclassification - In September 2010, FASB issued an amendment, *Plan Accounting – Defined contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented.

This amendment was adopted for the year ended July 31, 2010, and retrospectively applied to July 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling $892,478 and $778,595 from investments to notes receivable as of July 31, 2010 and 2009, respectively. There was no impact to the net assets as of July 31, 2010 or 2009, as a result of the adoption.

Subsequent Event - These financial statements have not been updated for subsequent events occurring after May 9, 2011 which is the date these financial statements were available to be issued.

NOTE 3. - FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at July 31, 2010 and 2009, as well as investment earnings and investment transactions for the years then ended has been derived from information provided by Wells Fargo Bank, N.A. (formerly known as Wachovia Bank, N.A.), the trustee, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

* Investment balance did not meet the 5% threshold at the respective year end.

NOTE 4. - INVESTMENTS (CONTINUED)

During the years ended July 31, 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	July 31, 2010	July 31, 2009
Shares of registered investment companies	$ **601,300**	$(1,098,344)
Common/collective trusts	$ **524,208**	$ (420,272)

NOTE 5. - FAIR VALUE MEASUREMENTS

US GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2010 and 2009.

***Shares of registered investment companies*:** Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is the closing price reported on the active market on which the securities are traded.

NOTE 5. - FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trusts: Common/collective trusts include a stable value fund, stock funds, and bond funds. The stable value fund is a fully benefit-responsive fund. The primary underlying investments held by this fund are guaranteed investment contracts. Participation units held in the stable value fund are valued at contract value. Contract value represents contributions made plus interest accrued less withdrawals. The fair value of the Plan's interest in this fund is based on calculating the adjustment to the contract value based on information reported by the trustee using the audited financial statements of the fund at year end. This investment is classified as a Level 2 asset in the fair value hierarchy. The fair value of the Plan's interest in the stock funds is based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. Fair values for the investments within the stock funds are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets. These investments are classified as a Level 2 asset in the fair value hierarchy. The bond funds invest primarily in fixed income securities. The funds are valued daily on the basis of market valuations, bid quotations, or both, which are observable inputs. These investments are classified as Level 2 assets in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of July 31, 2010 and 2009:

	Investments at Fair Value as of July 31, 2010

Total investments at fair value	$ 2,357,742	$ 9,809,535	$ 12,167,277

NOTE 6. - TAX STATUS

The Plan obtained a determination letter, dated March 13, 2006, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the latest determination letter. The Plan's management and tax counsel believes that the Plan is currently designed, and is being operated in compliance with, the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7. - RELATED PARTY TRANSACTIONS

Certain plan investments are managed by Wells Fargo Bank, N.A. (formerly managed by Wachovia Bank, N.A.), the custodian and trustee as defined by the Plan. Fees paid by the Plan amounts to $120,985 for the year ended July 31, 2010 ($112,301 - 2009). Gains on these investments amounted to $526,970 for the year ended July 31, 2010 ($962,834 loss - 2009). Interest income from notes receivable from participants amounted to $46,307 for the year ended July 31, 2010 ($50,330 - 2009).

NOTE 8. - PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 9. - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 10. - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of July 31, 2010 and 2009:

	2010	2009
