To the Participants of and Plan Administrator of
Anderson Hardwood Floors 401(k) Retirement Savings Plan
Clinton, South Carolina

We were engaged to audit the financial statements of the Anderson Hardwood Floors 401(k) Retirement Savings Plan (the "Plan") as of July 2, 2010 and December 31, 2009, and for the period from January 1, 2010 through July 2, 2010, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management.

As permitted in 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great West Life and Annuity Insurance Company, the custodian of the Plan's assets, except for comparing the information with the related information in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the period from January 1, 2010 through July 2, 2010 and the year ended December 31, 2009 that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements schedule taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note 1 to the financial statements, the Board of Directors of Anderson Hardwood Floors voted to merge the assets of the Plan into another plan during 2010. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2009 financial statements to the liquidation basis used in presenting the 2010 financial statements.

(1) **Description of the Plan**

The following description of the Anderson Hardwood Floors (the “Company”) 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution profit sharing plan and a 401(k) plan covering all employees who have attained age twenty-one and completed three months of service. The officers of the Company serve as trustee and control and manage the operation and administration of the Plan. Great West Life and Annuity Insurance Company (“Great West”) serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On November 13, 2009, the Board of Directors of the Company voted to merge the assets of the Plan into the Shaw Industries Group, Inc. Retirement Savings Plan (the “Shaw Plan”) which is sponsored by the parent company of the Company. Effective January 1, 2010, the Plan was frozen to all new contributions, with the exception of loan repayments, at which time all participants of the Plan became eligible to participate in the Shaw Plan. Plan assets were merged into the Shaw Plan during 2010. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to value plan assets from the ongoing plan basis to the liquidation basis for periods after December 31, 2009.

Investment Options – Prior to January 1, 2010, participants directed the investment of their accounts into various investment options offered by the Plan. The Plan offered pooled separate accounts and guaranteed investment contracts as investment options for participants.

Participant Accounts – Each participant’s account was credited with the participant’s contribution and allocations of the Company’s contributions and Plan earnings (losses), and charged with benefit payments. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.

Vesting – Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. A participant was 100% vested after six years of credited service.

Notes Receivable From Participants – Until the Plan was amended to disallow loans in September 2008, participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent at the time of the loan. At July 2, 2010 there were no outstanding loans. At December 31, 2009, outstanding loans bore interest rates ranging from 5.85% to 8.95%. Principal and interest was paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, disability, or retirement through June 30, 2010, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options, as provided by the Plan. For termination of service due to other reasons through June 30, 2010, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis could only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

Forfeitures – At July 2, 2010 and December 31, 2009, forfeited non-vested accounts totaled approximately \$0 and \$14,000, respectively. These accounts could be used to reduce future employer contributions or to pay Plan expenses. During the period from January 1, 2010 through July 2, 2010, no forfeitures were used reduce employer contributions or to pay Plan expenses. As of July 2, 2010 all unused forfeitures were transferred to the Shaw Plan.

(2) **Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared on the liquidation basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

In accordance with GAAP, the guaranteed investments contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the guaranteed investment contracts, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis, which approximates fair value.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on an accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable From Participants – Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits paid were recorded upon distribution.

Administrative Expenses – The Plan's administrative expenses were paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions were performed by employees of the Company. No such employee received compensation from the Plan.

Reclassifications – Effective January 1, 2010, the Plan adopted the Financial Accounting Standards Board ("FASB") authoritative guidance on reporting loans to participants by defined contribution plans. In accordance with the provisions, participant loans are required to be classified as notes receivable from participants, which is segregated from Plan investments and measured at their unpaid principal balance, plus any accrued but unpaid interest. The adoption of this accounting standard has required a reclassification of participant loans from investments to notes receivable from participants on the Statements of Net Assets in Liquidation Available for Benefits. There was no impact on net assets available for benefits or changes in net assets available for benefits.

Updates to Fair Value Measurements and Disclosures – In September 2009, the FASB expanded the required disclosures for certain investments with a reported net asset value (“NAV”). The guidance permits, as a practical expedient, an entity holding investments in certain entities that calculate Net asset value per share, or its equivalent, for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that Net asset value per share, or its equivalent, without adjustment. It is required that enhanced disclosures are made to the financial statements about the nature and risks of investments within its scope. Such disclosures include the nature of any restrictions on an investor’s ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investee (See Note 4).

In January 2010, the FASB issued another update to clarify certain existing disclosure requirements and to require a number of additional disclosures, including amounts and reasons for significant transfers between the three levels of the fair value hierarchy, and presentation of certain information in the reconciliation of recurring Level 3 measurements on a gross basis (See Note 4).

Transfers to Other Plan – In conjunction with the Company’s merger with Shaw Industries Group, Inc., plan assets have been transferred out of the Plan. The Plan’s assets were merged into the Shaw Plan during 2010 and are classified in the “Transfers to other plan” line item on the accompanying Statement of Changes in Net Assets Available for Benefits. There were no assets remaining in the Plan as of July 2, 2010.

Subsequent Events – The Plan has evaluated subsequent events through May 11, 2011, which is the date the financial statements were available to be issued.

(3) **Investments**

The following table presents investments that represent 5% or more of the Plan’s net assets at July 2, 2010 and December 31, 2009:

	<u>2010</u>	<u>2009</u>
American Funds Europacific Growth R3	\$ -	\$ 205,680
Columbia Mid Cap Value R	-	138,550
Guaranteed Portfolio Fund	-	310,609
Maxim Aggressive Profile II	-	259,111
Maxim Moderate Profile II	-	267,703
Maxim S&P 500 Index	-	143,124
Oppenheimer Capital Appreciation A	-	159,311

During the period from January 1, 2010 through July 2, 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$125,414.

(4) Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy.

Level 2 investment securities include pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes a third party pricing service to determine the fair value of each of these investment securities. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

Due to significant unobservable inputs included in the valuation model for the guaranteed investment contracts, the resulting fair value of these securities is classified as Level 3. The fair value of the guaranteed investment contracts was estimated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Notes to Financial Statements, continued

The following table sets forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts				
Large cap U.S.	\$ -	\$ 894,240	\$ -	\$ 894,240
Mid cap U.S.	-	349,806	-	349,806
Small cap U.S.	-	106,553	-	106,553
Fixed income	-	159,795	-	159,795
International	-	383,823	-	383,823
Other	-	321,107	-	321,107
Total pooled separate accounts	-	2,215,324	-	2,215,324
Guaranteed investment contracts	-	-	310,833	310,833
Total	<u>\$ -</u>	<u>\$ 2,215,324</u>	<u>\$ 310,833</u>	<u>\$ 2,526,157</u>

The Plan recognized transfers between the Levels as of the beginning of the reporting period. Gross transfers between the Levels were not significant for the period from January 1, 2010 through July 2, 2010.

The following table illustrates the activity of Level 3 assets measured at fair value on a recurring basis from December 31, 2009 to July 2, 2010:

	<u>Guaranteed Investment Contracts</u>
Balance, beginning of period	\$ 310,833
Interest income	6,946
Purchases and sales (net)	7,916
Transfers to other plan	(325,695)
Balance, end of period	<u>\$ -</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) **Unaudited Information Certified by Custodian**

The accompanying financial statements and supplemental schedule include the following unaudited information as of July 2, 2010 and December 31, 2009 and for the period from January 1, 2010 through July 2, 2010 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	<u>2010</u>	<u>2009</u>
Investments	\$ -	\$ 2,526,157
Notes receivable from participants	\$ -	\$ 44,055
Net depreciation in fair value of investments	\$ 125,414	
Interest on investments	\$ 3,985	

Notes 3 and 4: All investment balance and investment income information are included in the notes.

(6) **Exempt Party-In-Interest Transactions**

Certain Plan investments are shares of pooled separate accounts managed by Great West. Great West is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$1,622 for the period from January 1, 2010 through July 2, 2010.

(7) **Tax Status**

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code (the "IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 31, 2008 that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of July 2, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2006.

(8) Refunds of Excess Contributions

In order to be in compliance with non-discrimination requirements, during the period from January 1, 2010 through July 2, 2010 approximately \$89,000 was refunded to those participants with excess contributions in 2009.
