LIFECARE AMBULANCE, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following brief description of the Lifecare Ambulance, Inc. 401(k) Retirement Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is a defined contribution 401(k) plan covering all eligible employees of Lifecare Ambulance, Inc., Lorain Lifecare, Inc., Lifecare Foundation, Lifecare Wheelchair Transportation, and Lifecare Investments (collectively the "Employer"). Employees are eligible to participate in the Plan and receive employer matching contributions on the entry date immediately following completion of one year of service and attainment of age 21, as defined by the Plan. Entry dates for the Plan are August 1 and February 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Participating employees may elect to contribute up to 20% of eligible compensation on a pre-tax basis. These elective pre-tax contributions may not exceed \$16,500 for the years 2010 and 2009. During 2010 and 2009, employees over the age of 50 were able to contribute an additional \$5,500. The Employer will make matching contributions of 50% of the first 4% of pay an employee contributes through salary deferral.

The Plan also has provisions for the Employer to make an additional discretionary contribution. There was no discretionary contribution for the years ending July 31, 2010 or 2009.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of both the Employers' contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants elect to maintain their aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

A participant has a 100% non-forfeitable vested interest in their contributions plus actual earnings thereon. A participant's interest in Employer matching or discretionary contributions, including earnings, vests according to a schedule providing for 20% vesting after three years of service, and 20% for each additional year of service thereafter.

Plan Benefits:

A participant, or his beneficiary, upon termination, death, or retirement, receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, the Plan has provisions for an active participant to make withdrawals from his account, subject to limitations and restrictions.

LIFECARE AMBULANCE, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Forfeited Accounts:

At July 31, 2010 and 2009, forfeited non-vested accounts totaled \$11,564 and \$17,339, respectively. These accounts will be used to reduce future Employer contributions or pay plan expenses. No Employer contributions were reduced by forfeited non-vested accounts for the years ended July 31, 2010 and 2009. Expenses of \$6,162 and \$-0- were paid from forfeited non-vested accounts for the years ended July 31, 2010 and 2009, respectively.

Participant Loans:

Participants have the ability to borrow on their accounts. Participants may take loans against their account provided they have completed 10 years of service. The maximum amount of the loan is determined based upon a participant's vested balance, as defined by the Plan; however, no loan shall be permitted in excess of the lesser of \$50,000 or 50% of their account balance. Repayment terms are determined by the plan administrator and are applied on a nondiscriminatory basis. Principal and interest is paid ratably through monthly payroll deductions, and loan balances are secured by the balance in the participant's account.

Plan Termination:

Although the Employer has not expressed any intent to do so, it has the right to terminate the Plan subject to the provisions of ERISA. In the event of full or partial termination, the rights of all affected participants in and to the amounts credited to each such participant's account shall be 100% vested and non-forfeitable. Thereupon, each participant shall receive a total distribution of his/her account in the form of a lump-sum payment.

Note 2. Summary of Significant Accounting Policies

- A. **Basis of Accounting** – The financial statements are prepared using the accrual basis of accounting.
- B. **Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.
- C. **Investments** – The investments in pooled separate accounts are stated at estimated net asset value (NAV), as determined by John Hancock Life Insurance Company ("Custodian"). The NAV is based on the fair value of the underlying securities as of the last business day of the Plan year. The changes in the difference between current value and the costs of investments and the gain or loss on the sale of investments are reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of pooled separate accounts. The cost of investments sold is based on the average cost of the investments.

LIFECARE AMBULANCE, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

C. Investments (Continued)

The Plan applies the provisions of *Fair Value Measurements* (Topic 820-10) which, among other matters, requires enhanced disclosures about financial assets and liabilities that are measured and reported at fair value. *Fair Value Measurements* established a hierarchical disclosure framework which prioritizes and ranks the level of market price observability used in measuring financial assets and liabilities at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Financial assets and liabilities with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Financial assets and liabilities measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical financial instruments as of the reporting date.

Level 2 – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 – Pricing inputs are unobservable for the financial instrument and include situations where there is little, if any, market activity for the financial instrument. The inputs into the determination of fair value require significant management judgment or estimation.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments of the Plan measured at fair value at July 31, 2010 and 2009:

- Investments in Pooled Separate Accounts: Valued at the reported net asset value of units held on the last business day of the plan year, as reported by the Custodian and are classified as Level 2.
- Participant Loans: Valued at their outstanding balances, which approximates fair value, and are classified as Level 3.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Summary of Significant Accounting Policies (Continued)

- D. Stable Value Fund – The John Hancock Stable Value Fund contains provisions that could be construed as placing restrictions on the availability of funds and, therefore, is included in the financial statements at estimated fair value because it is not fully benefit responsive.
- E. Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
- F. Benefits – Benefits are recorded when paid.
- G. Administrative Expenses – Administrative expenses are paid by the Employer or the Plan, at the Employer's discretion.
- H. Subsequent Events – The Plan has evaluated subsequent events through May 10, 2011, which is the date the financial statements were available to be issued, and have determined that there are no subsequent events that require disclosure.

Note 3. Information Certified by the Custodian (Unaudited)

For 2010 and 2009, the financial information included in the Plan's financial statements, except for contributions, transfers in from other qualified plans, participant withdrawals, and administrative expenses, has been derived from information certified as complete and accurate by the custodian, and has not been audited. Investments that represent 5% or more of the Plan's net assets are identified below:

	<u>2010</u>	<u>2009</u>
JH Lifestyle Balanced Fund	\$243,419	\$217,106

JH Global Bond Fund	65,899	**

** Does not represent 5% or more of total investments

Note 4. Funding Policy

The Employer's funding policy is to make the contributions to the Plan within the time-frame required by ERISA.

LIFECARE AMBULANCE, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Transfer In From Other Qualified Plan

During the year ended July 31, 2009, the Plan received a deposit of \$246,743 from another qualified retirement plan which was terminated by the Employer during the year. As of July 31, 2009 this cash had yet to be allocated among participant accounts and was a component of cash on the Statement of Net Assets Available for Benefits. As of July 31, 2010, applicable amounts have been allocated among participant accounts.

Note 6. Income Tax Status

The prototype on which the Plan is based obtained its latest determination letter on August 7, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended for recent legislative requirements since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7. Party-In-Interest Transactions

Certain Plan investments are units in pooled separate accounts managed by The John Hancock Life Insurance Company. The John Hancock Life Insurance Company is custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$9,784 and \$8,115 for the years ended July 31, 2010 and 2009, respectively.

A third-party administrator of the Plan charges the Plan for recordkeeping and advisory services, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$6,762 and \$925 for the years ended July 31, 2010 and 2009, respectively.
