BESTWAY RENTAL, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Bestway Rental, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan available to all U.S. employees of the Company over the age of 21 who have been credited with one year of eligible service, as defined by the Plan. The Plan was established on September 1, 1994. The Plan sponsor and trustee is Bestway Rental, Inc. An entity related to Bestway Rental, Inc. that is also participating in this Plan is EZY Rentals, Inc. (collectively, the Employer or the Company). The Plan record keeper is America's 401k, Inc. and the Plan custodian is Nationwide Trust Company, FSB. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan qualifies as a "Safe Harbor 401(k) Plan". A Safe Harbor 401(k) Plan eliminates the requirements for annual nondiscrimination testing. The Safe Harbor provision is satisfied by the employer's mandatory matching contributions as defined below.

Participants in the Plan may make elective contributions based on a percentage of their annual compensation, as defined, equal to a minimum of 1% and a maximum of 15%. The Company contributes a mandatory matching contribution of 100% of the first three percent of the participant's salary reduction and 50% of the next two percent of the participant's salary reduction contributions. The Employer may make an additional discretionary contribution to the Plan on behalf of each participant in an amount determined by the Employer. For the years ended July 31, 2010 and 2009, the Employer did not make a discretionary contribution to the Plan. Contributions are subject to certain annual IRS limitations.

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) the participant's share of net earnings of the respective investment accounts of the Plan. Allocations are based on participant compensation or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant has a fully vested and nonforfeitable interest in all amounts attributed to voluntary contributions and mandatory matching contributions, as defined. Each participant directs the contributions made to the Plan in one or more investment funds established under the Plan. Discretionary amounts contributed by the Employer on behalf of participating employees vest 20% each year from the participant's anniversary date, amounting to 100% after the fifth year of continuous service. Upon termination, any unrestricted amounts forfeited by participants may be used to restore employer matching account balances of re-employed participants, to pay plan expenses, or to be allocated to participants' employer matching contributions accounts.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Each participant is eligible to draw loans against their account. The amount of any loan made must be secured by the participant's accounts, must not exceed 50% of the participant's vested account balance, and must bear a reasonable interest rate. Principal and interest are paid ratably through periodic payroll deductions.

Upon normal retirement, disability, or death, the participant or their beneficiary, shall have a nonforfeitable right to receive the full amount available for distribution from their account. Upon termination from the Employer, for reasons other than those above, the participant has a nonforfeitable right to receive only their vested interest in their account. All distributions are paid in lump-sum amounts.

At July 31, 2010 and 2009, there were no forfeited nonvested account balances.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and, when applicable, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for its benefit-responsive investment contract, which is valued at contract value. Pooled separate accounts are based on the unit value as determined by the custodian. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the unrealized appreciation (depreciation) on those investments, dividends received, and realized gains or losses. Participant loans are valued at their outstanding balances, which approximate fair value.

Benefits

Benefits are recorded when paid.

NOTE 3. TAX STATUS

The Plan is intended to be qualified under Section 104(a) of the Internal Revenue Code and the related trust is, therefore, intended to be exempt from federal income taxes under the provisions of Section 501(a). The Plan has received a favorable determination letter dated March 25, 2003 from the Internal Revenue Service (IRS).

On August 1, 2009, the Plan implemented the provisions of the Codification relating to accounting for uncertainties in income taxes. The statement clarifies the accounting for uncertainties in income taxes by prescribing a minimum recognition threshold that a tax position is required to meet before being recognized in the financial statements. The statement requires that the Plan recognize in its financial statements the financial effects of a tax position, if that position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation, based upon the technical merits of the position. Accordingly, the Plan has not recorded an income tax liability for uncertain tax benefits. The Plan files annual informational tax returns.

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer discretionary contributions.

NOTE 5. INVESTMENTS

Under Department of Labor (DOL) regulations, certain investment and related investment information held by a bank, trust company, or similar institution or an insurance company that is regulated and subject to periodic examination by a state or federal agency is not required to be audited, provided the plan administrator exercises this option and the institution holding the accounts certifies the required information. Nationwide Trust Company, FSB (the Custodian or Nationwide), has provided certification as to the completeness and accuracy of the following information presented in the accompanying financial statements as of July 31, 2010 and 2009 and for the year ended July 31, 2010.

NOTE 5. INVESTMENTS – CONTINUED

	2010
Appreciation (depreciation) in fair value of investments	$ 147,000

NOTE 6. INVESTMENT CONTRACT

The Plan has entered into a contract with Nationwide Life Insurance Company which allows investment in a guaranteed investment option. Amounts deposited under this contract plus earnings are direct obligations to the Plan of Nationwide. The Plan is credited with interest at the interest rate specified in the contract, which was 0.22% and 0.70% for the years ended July 31, 2010 and 2009, respectively. The contract is represented in the accompanying financial statements at contract value, which approximates fair value. Contract value is reported to the Plan by Nationwide and represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 7. ADMINISTRATIVE FEES AND EXPENSES

Expenses directly relating to the purchase, sale, or transfer of the Plan's investments are charged to the particular investment to which the expenses relate. Any administrative fees for recordkeeping services and professional fees are paid by the Employer. Personnel and facilities of the Employer, which are utilized by the Plan for its accounting and other activities, have been provided at no charge to the Plan.

NOTE 8. RELATED PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts managed by the Custodian. These transactions qualify as party-in-interest transactions.

NOTE 9. FAIR VALUE MEASUREMENT

The Plan has established a fair value hierarchy in accordance with the Codification for fair value measurements, which defines three levels of inputs that may be used to measure fair value:

Level 1 inputs: Unadjusted quoted prices in active markets for identical, unrestricted assets and liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 inputs: Inputs other than quoted prices included within Level 1 that are observable for the asset and liability or can be corroborated with observable market data for substantially the entire contractual term of the asset or liability.

Level 3 inputs: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Investment Contract

Fair value of these contracts is the amount Plan participants or Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

NOTE 9. FAIR VALUE MEASUREMENT – CONTINUED

Below are the Plan's financial instruments carried at fair value on a recurring basis by the Fair Value Measurements hierarchy levels:
