To the Board of Trustees
Liberty Dialysis-Hawaii, LLC 401(k) Plan
Mercer Island, Washington

We were engaged to audit the accompanying statements of net assets available for benefits of the Liberty Dialysis-Hawaii, LLC 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at year end) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by JP Morgan Chase Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the plan's investment assets and executes investment transactions. As disclosed in Note 3, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified and provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1. Plan Description

The following description of the Liberty Dialysis-Hawaii, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Liberty Dialysis-Hawaii, LLC (the "Sponsor"). The Plan and Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: Regular employees of the Sponsor who are 21 years of age or older and regularly work at least 20 hours per week are eligible to participate in the Plan. The entry date into the Plan is the first day of any calendar month.

Contributions: Each year, participants may make salary deferral contributions in any percentage from 1% to 70% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain limitations. In addition, participants may contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. For employees under ILWU ("Licensed Practical Nurses") and IBT ("Teamsters Union"), the Sponsor will make matching contributions on 25% of the employee deferral up to 8% of compensation. For employees under HNA ("Registered Nurses"), the Sponsor will make matching contributions on 50% of the employee deferral up to 8% of compensation. For non bargaining employees, the Sponsor will make matching contributions on 50% of the employee deferral up to 6% of compensation. The Sponsor may also, at its sole discretion, make a discretionary profit sharing contribution to the Plan. The Sponsor did not make any discretionary profit sharing contributions for the year ended December 31, 2009.

Participant accounts: Each participant's account is credited or charged with the participant's contributions, employer matching contributions, an allocation of the Sponsor's discretionary contributions, if any, transfers, withdrawals and an allocation of Plan earnings and losses. Allocations are based on a participant's account balance and the rate each participant's compensation bears to the total compensation of all participants, as defined in the Plan. The investment of each participant's trust fund is directed by the participant from the options available under the Plan.

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options anytime throughout the year.

Withdrawals: Participants may make withdrawals from the Plan in cases of hardship, as defined in the Plan.

Participant loans: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000, or 50% of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime rate. Principal and interest are paid ratably through bi-weekly payroll deductions. Any outstanding balance of a loan at the time of any distribution due to death, retirement or termination of employment shall be deducted from the amount which would otherwise have been payable to the participant.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Participants are also immediately vested in employer matching contributions. Participants become fully vested in discretionary contributions after 3 years of service.

Payment of benefits: Upon termination of service due to retirement or disability, a Participant may elect to receive a lump sum amount equal to the value of his or her account, or monthly distributions over their life expectancy. In the event of death of the participant, the value of the account will be paid to the spouse or other named beneficiary in a lump sum or installments. In the event of termination for any reason other than retirement, death or disability, the vested account balance will become distributable to the participant.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant forfeitures: Forfeitures related to unvested employer contributions will be used to reduce future employer contributions. Former employees can have this forfeiture reinstated if they start working again for the Sponsor, as long as the break in service does not exceed 5 years. At December 31, 2009 and 2008, forfeited non-vested participant accounts totaled \$5,370 and \$5,903, respectively. The accumulated and unused forfeitures totaled \$34,688 and \$29,318 at December 31, 2009 and 2008, respectively.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Risks and uncertainties: The Plan provides for various investment options that may invest in equity, fixed income or other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits could be materially affected in the near term.

Recently issued accounting pronouncements: In June 2009, the Financial Accounting Standards Board (the "FASB") issued the "Accounting Standards Codification" (the "Codification"). The Codification became the single source of U.S. GAAP in the preparation of financial statements. The Codification was not meant to create new accounting and reporting guidance, but rather to simplify user access to all authoritative accounting guidance by reorganizing U.S. GAAP pronouncements into accounting topics within a consistent organizational structure. The Codification supersedes all existing accounting and reporting standards and is effective for financial statements issued for interim and annual periods ending after September 15, 2009.

In September 2009, the FASB issued an amendment "Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)" (ASU 2009-12), which provides guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using net asset value ("NAV") per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. This amendment was effective for periods ending after December 15, 2009, with early adoption permitted. See Note 4 for disclosures required by the adoption of the guidance.

Notes to Financial Statements

Note 2. Summary of Significant Policies (Continued)

In May 2009, the FASB issued guidance related to subsequent events. The guidance sets forth: 1) the period after the statement of net assets available for benefits date during which management of a reporting entity shall evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; and 2) the circumstances under which an entity shall recognize events or transactions occurring after the statement of net assets available for benefits date.

Two types of subsequent events require consideration by management: (a) recognized subsequent events; and (b) non-recognized subsequent events. Recognized subsequent events consist of those events or transactions that provide additional evidence with respect to conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events consist of those events that provide evidence with respect to conditions that did not exist at the date of the statement of net assets available for benefits, but arose subsequent to that date. The adoption of this guidance required the Plan to make additional disclosures in its financial statements (Note 9).

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision for income taxes has been included in the financial statements.

New Accounting Standards to be Adopted: In January 2010, the FASB issued an amendment "Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements" (ASU 2010-06) which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. The guidance is effective for periods beginning after December 15, 2009, except for the guidance related to Level 3 measurements, which is effective for periods beginning on or after December 15, 2010.

Note 3. Information Certified and Provided by JP Morgan Chase Bank, N.A.

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by JP Morgan Chase Bank, N.A. (the "Trustee") and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments:

Note 4. Fair Value Measurements

The FASB codification provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No.157 are described below:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 Assets for the year ended December 31, 2009:

	<u>Participant Loans</u>
Balance, beginning of year	\$ 79,428
Purchases, sales, issuances and settlements (net)	16,002
Balance, end of year	<u>\$ 95,430</u>

Note 5. Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to section 401(k) of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income tax.

Effective February 1, 2006, the Plan adopted a standardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan Termination, participants will become 100 percent vested in their accounts.

Note 7. Administrative Expenses

Administrative fees paid by the Plan for the year ended December 31, 2009 totaled \$2,785. The Plan Sponsor has paid all other administrative expenses such as trustee fees, professional fees, facilities and personnel expenses.

Note 8. Subsequent Events

The Plan has evaluated events through March 15, 2011, the date the financial statements were available to be issued.
