GENERAL AIR SERVICE & SUPPLY CO.
401(K) PLAN
Notes to Financial Statements
For the Years Ended October 31, 2010 and 2009

Note 1: Description of Plan

The following brief description of General Air Service & Supply Co. ("the Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible for participation in the Plan on the first day of the month after meeting the employee status and the age requirement of 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on November 1, 1994, and amended on June 1, 2007. The Plan, is designed to comply with the requirements of Section 401(k) of the Internal Revenue Code of 1986, as amended, "the Code". Under the Code, Participants are not liable for federal income taxes on employee contributions, company contributions, or plan earnings until such time as they are partially or completely withdrawn from the Plan.

Contributions

Each year, Participants may contribute pretax annual compensation to the Plan. Contributions are subject to certain limitations and are invested at the direction of the Participant. Participants may also contribute amounts representing distributions from other qualified plans. The Plan currently offers twenty mutual funds and one guaranteed interest contract with an insurance company as investment options for Participants. Employees are eligible to receive qualified non-elective contributions from the employer after working at least 1,000 hours, and being an active Participant at any time during the plan year. The Company may make matching contributions equal to a percentage of the Participants' 401(k) elective deferral contributions. The Company may also make discretionary contributions and qualified non-elective contributions based on certain formulas as defined in the Plan.

The statement of changes in net assets available for benefits for the year ended October 31, 2010, includes a reduction for a corrective distribution of excess contributions and related earnings of approximately $59,899 which was refunded to Participants during the Plan year in order to meet the necessary compliance requirements under ERISA and IRS rules. In addition, the statement of changes in net assets available for benefits for the year ended October 31, 2010, includes a corrective qualified non-elective contribution in the amount of $25,787 for a correction for testing funded by the Plan's trustee.

Participants Accounts

Each Participant's account is adjusted by the following increases and decreases: (a) Plan earnings; (b) payment of benefits; (c) increase (or decrease) in the fair value of applicable investments; (d) Company contributions; (e) participant contributions; and (f) administrative expenses incurred in the operations and maintenance of the Plan and its investments. Allocations to each Participant's account are based on Participant earnings to

Note 1: Description of Plan, continued

Participants Accounts, continued

total plan earnings as defined in the Plan. The benefit to which a Participant is entitled is that which can be provided from the Participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributed portion of their accounts, plus actual earnings thereon, is based on years of service. A Participant is 20% vested after two years, with a 20% increase each succeeding year until becoming fully vested after the sixth year of service. Participants are 100% vested in the Company's contributions upon death or disability. Upon termination of employment, non-vested balances are accumulated and subsequently redistributed to the remaining Participants in accordance with the applicable provisions of the Plan.

Participant Loans

Loans are available under the Plan. Loan amounts are limited and may not be more than 50% of the Participant's vested account or less than $1,000. There can only be two loans granted during any one-year period and only three loans may be outstanding at a time. At October 31, 2010 and 2009, total loans to Participants were $281,796 and $236,944, respectively.

Payment of Benefits

On termination of service due to death, disability, retirement, or withdrawal from the Plan, a Participant may elect to receive a lump-sum cash payment, a partial lump sum payment, periodic payments, or a direct rollover to another qualified retirement plan in an amount equal to the Participant's vested interest in his or her account.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting from information supplied by the Company, the Plan administrator, and the Trustee.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies, continued

Fair Values of Financial Instruments

Effective January 1, 2008, the Plan adopted Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which provides a framework for measuring fair value under GAAP. ASC 820-10-35 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

Under ASC 820-10-35, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.

- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Company's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under ASC 820-10-20, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at October 31, 2010 are as follows:

Note 2: Summary of Significant Accounting Policies, continued

Fair Values of Financial Instruments, continued

	Fair Value	Level 1	Level 2	Level 3
Participant Loans	$ 281,796	$ -	$ -	$ 281,796
Investment Contract	2,336	-	-	2,336
Separate Accounts	5,514,987	-	5,248,913	266,074
Total Assets	$5,799,119	$ -	$5,248,913	$ 550,206

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at October 31, 2009 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Participant Loans	$ 236,944	$ -	$ -	$ 236,944
Investment Contract	2,017	-	-	2,017
Separate Accounts	4,872,766	-	4,505,982	366,784
Total Assets	$5,111,727	$ -	$4,505,982	$ 605,745

The Plan presents, in the statement of changes in net assets available for benefits, the net (depreciation) appreciation in the fair value of its investments which consists of the realized gains and losses and the unrealized (depreciation) appreciation on those investments. The effect of level 3 inputs on net assets or liabilities is as follows:

	Beginning Balance	Total Gains or Losses	Interest Credited	Purchases, Issuances, Settlements	Ending Balance	Unrealized Gains or Losses
Participant Loans	$236,944	$ -	$ -	$ 44,852	$281,796	$ -
Investment Contract	2,017	(16)	55	280	2,336	(16)
Separate Accounts	366,784	(100,710)	-	-	266,074	(100,710)
Total	$605,745	$(100,726)	$ 55	$ 45,132	$550,206	$(100,726)

The Plan's assets do not have an input of Level 1 since the net asset value per unit is not a publicly quoted price. The value of the Plan's assets include both quoted prices from Level 1 instruments and observable inputs used to determine the price from Level 2 instruments in arriving at the value used to price the pooled investments. Thus, the Plan's investments at fair value are recorded at either Level 2 or 3. The Trustee of the Plan has confirmed to the fair value methodology used and that the above fair value hierarchy input levels are accurate.

Note 3: Investments

The following presents the fair values of the Plan's investments that represent 5% or more of the Plan's net assets as certified by the Trustee and asset custodian:

Russell Life Growth Strat SA, 52,973 and 51,485 Shares	$ 815,583	$ 680,933

	$ 3,835,601	$ 3,683,196

During 2010, the Plan's mutual fund investments and insurance contracts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $718,756.

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their employer contributions.

Note 5: Tax Status

The Plan obtained its latest determination letter dated July 22, 2003, in which the Internal Revenue Service stated that, the Plan and related trust, as then designed, was in compliance with applicable requirements of the Internal Revenue Service Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax council believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6: Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and securities managed by Principal Financial Group. Principal Financial Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Many investment

Note 6: Party-In-Interest Transactions, continued

options have charges and restrictions that apply when transactions are made, and vary depending in the type. Refer to the Plan administrator about specific charges and restrictions.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Plan Expenses

The Company may pay administrative and trust expenses in whole or in part. All expenses not paid by the Company shall be paid by the Plan. There were no administrative and trust expenses paid by the Company and not charged to the Plan for the year ended October 31, 2010. The Company also pays the salaries of the benefits administrators and other personnel who perform services for the Plan as part of their duties. These expenses are not recorded as Plan expenses.

The Plan paid $32,759 in expenses for the year ending October 31, 2010 for administrative expenses.

Note 9: Forfeited Accounts

At October 31, 2010, forfeited non-vested accounts totaled $3,009. Forfeitures may first be used to pay administrative expenses, and offsets to employer contributions. The remaining forfeitures will be reallocated to Participants in the same manner as employer contributions.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of October 31, 2010:

Net increase in assets available for benefits per the Form 5500	$ 687,392

Note 11: Summary of Information Furnished by Trustee (Unaudited)

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has received certification from the Trustee of the Plan as to the accuracy and completeness of certain financial information of the Plan. Note 12: ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the Plan year or $500,000. At October 31, 2010, the Plan's sponsor maintained bond coverage in the amount of $1,000,000.

Note 13: Subsequent Events

The Company has evaluated subsequent events through March 23, 2011, the date at which the financial statements were available to be issued, and determined that no events have occurred that required disclosure.
