These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of November 3, 2010 and December 31, 2009 and for the period January 1, 2010 through November 3, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. NOTE 1 – DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Omnia Italian Design, Inc. 401(k) Plan (the "Plan"), formerly known as Omnia Leather 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was adopted on January 1, 2005 to qualify as a defined contribution retirement plan for Omnia Italian Design, Inc.'s (the "Company") eligible employees. The Plan was terminated November 3, 2010. The Plan had a pre-tax salary reduction provision as defined under Section 401(k) of the Internal Revenue Code (the "IRC"). It was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – Each of the Company's employees were eligible to participate in the Plan upon attaining the age of twenty-one (21) and after the completion of three (3) months of employment. Eligibility was based on the number of months employed regardless of hours worked. Entry dates were the first day of each month after the employee met the eligibility requirements.

Contributions – Participating employees were allowed to contribute to the Plan as allowed by the Plan document, amounts not to exceed ninety percent (90%) of compensation and the amount allowable under federal limitations. Participants were also allowed to rollover amounts representing distributions from other qualified retirement or profit sharing plans. Also under the terms of the Plan, the Company was allowed to, but was not required to, match contributions during the year up to three percent (3.0%) of compensation as elective contributions.

Participant Allocations – Each participant's account was credited with the participant's contribution and the Company's contribution. Allocations were based on participant earnings or account balances, as defined in the Plan agreement.

NOTE 1 – DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vesting – Participants were one hundred percent (100%) vested in their contributions and earnings on their contributions. Prior to the Plan termination, each participant's interest in their employer discretionary matching and discretionary profit sharing contributions and Plan earnings accounts were vested as follows:

Periods of Service For Vesting	Percent Vested
Less than two (2) years of services	0%
Two (2) but less than three (3) years of services	20%
Three (3) but less than four (4) years of services	40%
Four (4) but less than five (5) years of services	60%
Five (5) but less than six (6) years of services	80%
Six (6) or more years of services	100%

With the Plan termination, participants were entitled to the full amount in their account as of the date of termination, regardless of the percentage they were vested at the time of termination.

Forfeitures – Amounts forfeited from terminating participants' non-vested portion of their employer discretionary matching and discretionary profit sharing contributions and earnings on Company contributions were used to reduce the employer discretionary matching contribution. At December 31, 2009, there were approximately $100 of forfeitures available to reduce future Company contributions.

Contribution Funding – The Company made payments to the Plan for participant and Company matching contributions on a weekly basis.

Participant Directed Investments – A participant was allowed to choose among various funds in which his or her respective contribution and employer matching contribution may be invested subject to the limitations described in the Plan.

Non-Discrimination Testing for Employee and Employer Contributions – The Plan, as required by the IRC, performed annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants were not disproportionately favored under the Plan. If the Plan failed the tests, it refunded some of the excess deferral contributions. Excess deferral contributions which were refunded were accrued as a liability to the Plan in the year in which the correction relates. For the period ended November 03, 2010, there were no corrective distributions. For the year ended December 31, 2009, excess deferrals payable were $8,068.

NOTE 1 – DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Benefits – Plan benefits were distributed in a lump sum upon normal retirement age of sixty-five (65), death or total disability prior to retirement. Upon termination of employment by reason other than retirement, death or total disability and if the benefit is $5,000 or less the plan administrator was allowed to distribute the benefits early without the consent of the participants. If it is over $5,000, the participants could ask to receive the distribution of the benefits before their retirement date, but the value of the account would be determined as soon as practical after the termination. If the benefits exceeded $1,000, the distribution would be made to an individual retirement account at an institution selected by the plan administrator.

Active participants were allowed to withdraw any part of their account in a single sum in the event of undue financial hardship or attainment of age fifty-nine and one half (59 ½).

Plan Administrative Expenses – The Company provided or paid for certain accounting, legal and management services without charge to the Plan.

Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required the Plan trustee to make estimates and assumptions that affected the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments – All investments were carried at fair value or an approximation of fair value. Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date and interest was accrued as earned. The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks.

Non-Distributed Benefits – The Plan did not accrue non-distributed benefits related to participants who had withdrawn from the Plan, but recognized such benefits as a deduction from net assets in the period in which such benefits were paid. The Plan allowed participants to withdraw from the Plan in the subsequent year in which they terminated.

Subsequent Events – Subsequent events have been evaluated through May 27, 2011, the date the financial statements were available for issuance.

NOTE 2 – PLAN TERMINATION

Effective May 8, 2010, the Plan was frozen with all contributions suspended. Effective November 3, 2010, the Plan was terminated, and all participant accounts were distributed out of the Plan.

NOTE 3 – TAX STATUS

The Company had adopted a standardized prototype plan, which obtained an opinion letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan had been amended since receiving the opinion letter. However, the plan administrator believes that the Plan was currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision was made for federal income taxes in the accompanying financial statements.

NOTE 4– INVESTMENTS

At November 03, 2010 and December 31, 2009, the following presents investments that represent 5% or more of the Plan's net assets:

	November 3, 2010	December 31, 2009
Mutual funds		
Fidelity Freedom 2020	$ ---	$ 35,495
Fidelity Freedom 2030	$ ---	$ 76,518
Fidelity Freedom 2015	$ ---	$ 46,029
Fidelity Freedom 2025	$ ---	$ 39,160
Fidelity Freedom 2035	$ ---	$ 20,803

During the period ended November 03, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value, by investment type, as follows:

	Period Ended November 3, 2010
Mutual funds	$ 638

NOTE 5–INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator had elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (the "trustee") as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements.

NOTE 5–INFORMATION CERTIFIED BY THE TRUSTEE (CONTINUED)

a) Investments

	November 3, 2010	December 31, 2009
Money market fund	$ ---	$ 9,644
Mutual funds	$ ---	$ 285,581

b) Investment income

	Period Ended November 3, 2010
Net appreciation in fair value of investments	$ 638
Interest and dividends	$ 1,828

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that were not active; or other inputs that are observable can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2009.

Money Market Funds: These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment custodian. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV was a quoted price in an active market.

Mutual Funds: These investments were public investment securities valued using the NAV provided by the investment custodian. The NAV was based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV was a quoted price in an active market.

There were no investments held by the Plan as of November 3, 2010 due to the Plan termination. The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2009:

December 31, 2009	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 9,644	$ ---	$ ---	$ 9,644
Mutual funds		---	---	
Mid cap funds	11,829	---	---	11,829
Blended funds	249,981	---	---	249,981
Bond funds	12,633	---	---	12,633
Other funds	11,138	---	---	11,138
Total investments measured at fair value	$ 295,225	$ ---	$ ---	$ 295,225

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds which were managed by Fidelity Investments. Fidelity Management Trust Company (a wholly owned subsidiary of Fidelity Investments) is the trustee as defined by the Plan, and therefore, these transactions qualified as party-in-interest transactions for which there was a statutory exemption.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

Net assets available for benefits per the financial statements	$ 296,335
