ROYAL APPLIANCE 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2009, 2008, 2007, AND 2006, AND
FOR THE YEARS ENDED DECEMBER 31, 2009, 2008, AND 2007

1. DESCRIPTION OF THE PLAN

The following description of the Royal Appliance 401(k) Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering substantially all employees of Royal Appliance Mfg. Co. (the “Company”). Employees who attain the age of 18 and complete at least 30 days of employment become eligible to participate in the Plan. The Royal Appliance 401(k) Retirement Savings Plan Investment Committee controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (“VFTC”), an affiliate of The Vanguard Group, serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 31, 2007, the parent of the Company, Techtronic Industries Co. Ltd. (TTI), acquired the floor care business from Maytag Corporation and combined it with its existing Dirt Devil and Royal Appliance operations to create TTI Floor Care North America. Effective February 1, 2007, the employees from Maytag Corporation became eligible to participate in the Plan and had the opportunity to transfer their balances from the Maytag Corporation plan into the Plan. The transfers are included in rollover contributions in the statements of changes in net assets available for benefits.

Contributions — Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants may also make voluntary after-tax contributions of up to 100% of their annual compensation after consideration of any contributions through salary reduction. Rollover contributions from qualified plans are also permitted. The employer profit-sharing contribution is discretionary based on amounts as authorized by the Company. For nonunion employees, for the years ended December 31, 2008 and 2007, the Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan and 50% of the next 2%. For the year ended December 31, 2009, the Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan and 50% of the next 2% through March 15, 2009. No such additional discretionary contributions were made for the year ended December 31, 2009 subsequent to March 15, 2009. For union employees that were part of International Brotherhood of Electrical Workers 1985, for the year ended December 31, 2007, the Company contributed 30% of the first 6% of eligible compensation that the participant contributed to the Plan. For the years ended December 31, 2009 and 2008, the Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan and 50% of the next 2%.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s discretionary contributions, Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested as directed by the participants. Participants can allocate their contributions between the funds in various percentages, which can be changed on a daily basis throughout the year. The Plan currently offers 24 mutual funds and a stable value fund as investment options for participants.

Vesting — All participant and employer contributions are 100% vested and non-forfeitable.

Notes Receivable from Participants — Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate, plus 1.0% on the date of the note. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits — Participants and their beneficiaries are entitled to receive a distribution of their account balances upon death, disability, termination of employment prior to retirement, or retirement. Distributions may be made in a lump sum or periodic payments, as may be elected by the participants or their beneficiaries, subject to the terms of the Plan.

Hardship Withdrawals — Participants may make hardship withdrawals from their voluntary after-tax contribution account by filing a written request at least 30 days in advance.

Forfeited Accounts — At December 31, 2009, 2008, and 2007, forfeited accounts totaled \$175,968, \$193,237, and \$27,466, respectively. The forfeited accounts come from mistakes of fact made by the Company, not from employee contributions. These accounts will be used to pay Plan administrative expenses and reduce future employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at estimated fair value. The estimated fair value of shares of registered investment companies (mutual funds) is based on quoted market prices in active markets. The stable value fund is stated at fair value and then adjusted to contract value as described below. Fair value of the stable fund is estimated by the manager of the fund and is based on the estimated fair value of its underlying investments, and contract value is the value of deposits, plus accumulated interest, less withdrawals.

In accordance with GAAP, the stable value fund is included at fair value in participant-directed investments in the statements of net assets available for benefits, and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract-value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Valuation of Notes Receivable from Participants — Notes receivable from participants bear interest at rates ranging from 5% to 10% annually and are valued at cost.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan as provided in the Plan document and are recognized on the accrual basis. The Company, at its discretion, has elected to pay a portion of these costs directly.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid at December 31, 2009, 2008, and 2007.

New Accounting Standards Adopted — The accounting standards initially adopted in the 2009 financial statements described below affected certain note disclosures, but did not affect the statements of net assets available for benefits or the statements of changes of net assets available for benefits.

- **Accounting Standards Codification** — The Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became effective on July 1, 2009. At that date, the ASC became FASB's official source of authoritative GAAP applicable to all public and nonpublic nongovernmental entities, superseding existing guidance issued by the FASB, the American Institute of Certified Public Accountants, the Emerging Issues Task Force, and other related literature. The FASB also issues Accounting Standards Updates (ASU). An ASU communicates amendments to the ASC. An ASU also provides information to help a user of GAAP understand how and why GAAP is changing and when the changes will be effective.
- **Subsequent Events** — In May 2009, the FASB issued ASC 855, *Subsequent Events* to establish general standards of accounting for and disclosing events that occur after the balance sheet date, but prior to the issuance of financial statements. ASC 855 provides guidance on when financial statements should be adjusted for subsequent events and requires companies to disclose subsequent events and the date through which subsequent events have been evaluated. ASC 855 is effective for periods ending after June 15, 2009.
- **Updates to Fair Value Measurements and Disclosures** — In 2009, FASB Staff Position (FSP) FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*, was issued prospectively and later codified into ASC 820, *Fair Value Measurements and Disclosures*, which expanded disclosures and required that major categories of debt and equity securities in the fair value hierarchy table be determined on the basis of the nature and risks of the investments.

In September 2009, the FASB issued ASU No. 2009-12, *Fair Value Measurements and Disclosures (Topic 820): Investments in Certain Entities That Calculate Net Asset per Share (or Its Equivalent)*, which amended ASC Subtopic 820-10, *Fair Value Measurements and Disclosures — Overall*. ASU No. 2009-12 is effective for the first reporting period ending after December 15, 2009. ASU

No. 2009-12 expands the required disclosures for certain investments with a reported net asset value (NAV). ASU No. 2009-12 permits, as a practical expedient, an entity holding investments in certain entities that calculate NAV per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that NAV per share or its equivalent without adjustment. The ASU requires enhanced disclosures about the nature and risks of investments within its scope. Such disclosures include the nature of any restrictions on an investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investee. The Plan has adopted ASU No. 2009-12 on a prospective basis for the year ended December 31, 2009. Adoption did not have a material effect on the fair value determination and disclosure of applicable investments. The effect of the adoption of the ASU had no effect on the statements of net assets available for benefits and statements of changes in net assets available for benefits.

- In September 2010, the FASB issued ASU No. 2010-25, *Plan Accounting — Defined Contribution Pension Plan (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, which amended ASC Subtopic 926-325, *Plan Accounting — Defined Contribution Pension Plans — Investments — Other*. ASU No. 2010-25 is effective for fiscal years ending after December 15, 2010. Early adoption is permitted. The ASU requires participant loans to be classified as notes receivables from participants. The Plan has early adopted ASU No. 2010-25 on a retrospective basis for presentation in these financial statements.

New Accounting Standard to be Adopted — In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures*, which amends ASC 820 adding new disclosure requirements for fair value hierarchy Levels 1 and Level 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity regarding purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan is currently evaluating the impact ASU No. 2010-06 will have on the financial statements.

3. FAIR VALUE MEASUREMENTS

ASC 820 established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1 which refers to securities valued using quoted prices from active markets for identical assets; Level 2 which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3 which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2009 and 2008.

In accordance with the update to ASC 820 (originally issued as FSP FAS 157-4), the major categorization for debt and equity securities on the basis of the nature and risk of the investments as of December 31, 2009, is as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market funds	<u>\$ 177,616</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 177,616</u>
Mutual funds:				
Domestic stock funds	11,378,476			11,378,476
Balanced funds	4,777,857			4,777,857
International stock fund	2,825,879			2,825,879
Fixed-income funds	<u>2,439,917</u>	<u></u>	<u></u>	<u>2,439,917</u>
Total mutual funds	21,422,129	-	-	21,422,129
Stable value fund	<u></u>	<u>4,888,782</u>	<u></u>	<u>4,888,782</u>
Total	<u>\$ 21,599,745</u>	<u>\$ 4,888,782</u>	<u>\$ -</u>	<u>\$ 26,488,527</u>

A summary of the Plan's investments measured at fair value as of December 31, 2008, set forth by level within the fair value hierarchy, is as follows:

	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 17,535,318	\$ -	\$ -	\$ 17,535,318
Stable value fund	<u></u>	<u>5,440,309</u>	<u></u>	<u>5,440,309</u>
Total	<u>\$ 17,535,318</u>	<u>\$ 5,440,309</u>	<u>\$ -</u>	<u>\$ 22,975,627</u>

The valuation methods as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in Entities Where Fair Value is Based Upon NAV Per Share — The Plan has an ownership interest in a stable value fund that is not publicly traded. The fair value of the Plan's ownership interest is based upon the NAV per share of the fund, which is derived from the estimated fair values of the underlying investments within the fund and the Plan's respective ownership interest. A summary of the Plan's investments as of December 31, 2009, for which fair value is based upon NAV per share is as follows:

Description	Financial Statement Caption	Fair Value	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust	Stable Value Fund	<u>\$4,888,782</u>	Daily	Daily

4. INVESTMENTS

5. STABLE VALUE FUND

The stable value fund (the “Fund”) is a collective trust fund sponsored by VFTC. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund’s constant NAV of \$1 per unit. Distribution to the Fund’s unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the Plan — Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Complete or partial termination of the Plan or its merger with another plan

Circumstances That Affect the Fund — The Fund invests in assets, typically fixed-income securities or bond funds, and enters into “wrapper” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer

- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow
- Employer-initiated transactions by participating plans as described above

In the event that wrap contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets declines. The Fund's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of certain mutual funds managed by an affiliate of VFTC. VFTC is the trustee as defined by the Plan and these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The gain (loss) recognized by the Plan from these mutual funds (including net appreciation (depreciation) in fair value of investments) totaled \$1,365,682, (\$2,977,934), and \$88,039 for the years ended December 31, 2009, 2008, and 2007, respectively.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the Plan's assets will be distributed to the participants as permitted under the federal law and the Plan document.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan was designed in accordance with the applicable regulations of the IRC requirements. During the Plan years ended December 31, 2009, 2008, and 2007, the Plan had certain operational and administrative issues occur. In order to prevent the Plan from incurring a qualification defect, the Plan Sponsor will take the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System (EPCRS). The Plan Sponsor is in the process of taking necessary corrective steps. The Plan Sponsor believes the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or

disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

9. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2009, 2008, 2007, and 2006 and for the years ended December 31, 2009, 2008 and 2007, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by VFTC, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.
