We were engaged to audit the financial statements in liquidation of the ADPT Corporation 401(k) Plan (the Plan) as of December 31, 2010 (liquidation basis) and 2009 (ongoing basis), and for the years then ended, as listed in the accompanying table of contents. These financial statements in liquidation are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mercer Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements in liquidation. We have been informed by the Plan administrator that the trustee held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

As further discussed in Note 1 to the financial statements in liquidation, the Board of Directors of ADPT Corporation, the Plan's sponsor, voted on September 30, 2010 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2009 financial statements to the liquidation basis used in presenting the 2010 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements in liquidation taken as a whole. The form and content of the information included in the financial statements in liquidation, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

DECEMBER 31, 2010 AND 2009

NOTE 1 - THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General - The following description of the ADPT Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was a defined contribution plan that was established in 1986 by ADPT Corporation (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan was designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On June 8, 2010, PMC-Sierra, Inc. (PMC-Sierra) and the Company announced the two companies had entered into a definitive agreement for PMC-Sierra to acquire the Company's net assets. In connection with the sale, it was announced on June 22, 2010 that the Company had changed its name from Adaptec, Inc. to ADPT Corporation. In addition, the Plan name changed from the Adaptec, Inc. Savings and Retirement Plan to the ADPT Corporation 401(k) Plan.

During 2010, the Board of Directors of the Company voted to terminate the Plan effective September 30, 2010, and Plan assets were distributed to participants by December 31, 2010, subject to the provisions of ERISA. All participants became fully vested as of the termination date. Therefore, in accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2009 financial statements to the liquidation basis used in presenting the 2010 financial statements.

Administration - The Company had appointed the Plan Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company had contracted with Mercer Trust Company (Mercer) to act as the trustee and a third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan were paid by the Company.

ADPT CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

DECEMBER 31, 2010 AND 2009

Estimates - The preparation of financial statements in liquidation in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could have differed from those estimates.

Basis of accounting - The financial statements in liquidation of the Plan were prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes receivable from participants - Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Any delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Investment valuation and income recognition - The Plan's investments were stated at fair value. Fair value is the price that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought or sold as well as held during the year.

Income taxes - The Plan had adopted a prototype plan that had received an opinion letter from the Internal Revenue Service. The Company believes that the Plan was operated in accordance with, and qualified under, the applicable requirements of the Code and related state statutes, and that the trust, which formed a part of the Plan, was exempt from federal income and state franchise taxes.

ADPT CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

DECEMBER 31, 2010 AND 2009

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there were no uncertain positions taken or expected to be taken that would have required recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2007.

Risks and uncertainties - The Plan provided for various investment options in any combination of investment securities offered by the Plan. Investment securities were exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits in liquidation and the statements of changes in net assets available for benefits in liquidation.

Reclassifications - Certain reclassifications were made in the 2009 financial statements to conform to the 2010 presentation.

Recent accounting pronouncements - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06 which expanded the required disclosures about fair value measurements. In particular, this guidance requires: 1) separate disclosure of the amounts of significant transfers in and out of level 1 and level 2 fair value measurements along with the reasons for such transfers, 2) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for level 3 fair value measurements, 3) fair value measurement disclosures for each class of assets and liabilities and 4) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either level 2 or level 3. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for 2) above which is effective for fiscal years beginning after December 15, 2010.

ADPT CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

DECEMBER 31, 2010 AND 2009

In September 2010, FASB issued an amendment, *Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010 and requires retrospective application to all periods presented.

The Plan adopted the amendment for the year ended December 31, 2010 and has restated the financial statements for 2009 to reflect the retrospective application. There was no impact to the net assets as of December 31, 2010 and 2009 as a result of the adoption.

Subsequent events - The Plan has evaluated subsequent events through May 31, 2011, which is the date the financial statements in liquidation were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

ADPT CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

DECEMBER 31, 2010 AND 2009

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Money market funds: Valued at amortized cost, which approximates fair value.

Non-fully benefit-responsive common/collective trust fund: Valued at the NAV of units owned by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2009:

Common/collective trust:				
Blend fund	\$12,323,213	\$ -	Last business day of each month	Last business day of each month

The Blend Fund investment objective is to match, as closely as possible, the return of the S&P 500® Index, while providing a participant the ability to purchase and redeem units on an “as of” basis. The fund attempts to achieve its investment objective primarily by investing in securities and other financial instruments, initially obtained via its investments in other collective investment funds.

NOTE 3 - PARTICIPATION AND BENEFITS

Participant contributions - Participants could have elected to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who elected to have the Company contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in taxable compensation. Contributions withheld were invested in accordance with the participant’s direction.

Participants were also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions were deposited in the appropriate investment funds in accordance with the participant’s direction and the Plan’s provisions.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

DECEMBER 31, 2010 AND 2009

Employer contributions - The Company was allowed to make matching contributions as defined in the Plan and as approved by the Board of Directors. For the years ended December 31, 2010 and 2009, the Company matched \$0.50 for each \$1 of eligible participant's contribution up to a maximum of \$3,000 per year. The Plan also allowed for a discretionary employer contribution based on the Company's operating profits. No discretionary employer contributions were made in 2010 and 2009.

Vesting - Participants were immediately vested in their entire account, including employer matching and discretionary employer contributions.

Participant accounts - Each participant's account was credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any. Allocation of the Company's matching contribution was based on eligible participant contributions, as defined in the Plan. Allocation of the Company's discretionary employer contribution was based on a formula determined by the Company, as defined in the Plan.

Payment of benefits - Upon termination, the participants or beneficiaries could have elected to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's interest in their account as defined in the Plan. The Plan allowed for the automatic lump sum distribution of participant account balances that did not exceed \$1,000.

Notes receivable from participants - The Plan allowed participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their account balance. The notes receivable were secured by the participant's balance. Such notes receivable bore interest at the available market financing rates and were to be repaid to the Plan within a five-year period, unless the note receivable was used for the purchase of a principal residence in which case the maximum repayment period could have been longer. The specific terms and conditions of such notes receivable were established by the Committee. In conjunction with the termination of the Plan on September 30, 2010, no new notes receivable were allowed to be issued. There were no outstanding notes receivable at December 31, 2010.
