NOTE 1. DESCRIPTION OF THE PLAN

The following description of the C. Davis Electric, Co., Inc. (the "Company" or the "Sponsor") 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full time-employees of the Company who have completed twelve consecutive months of service, working at least 1,000 hours, and have reached at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, up to the statutory maximum. The Plan adopted an amendment on March 11, 2005, which permitted participants to increase their contribution from 15% to 75% of pretax annual compensation. The amendment was effective beginning on April 1, 2005. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company will make matching contributions equal to 25% of the first 6% of the participant's compensation. Additional amounts may be contributed at the discretion of the Company, not to exceed the lesser of $49,000 or 100% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions is based on years of continuous service. A participant is fully vested after six years of continuous service.

Forfeitures

Forfeitures are applied to reduce the Company's contribution at the end of the next plan year during which the participant has received distribution of their vested interest. During the 2010 plan year, forfeitures of $0 were used to reduce Company contributions. In addition, the balance in the forfeiture account at December 31, 2010 amounted to $14,105.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount in cash equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance is less than $1,000 at the date of death, disability, retirement or termination of employment, then that balance shall be distributed in a single lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Administration

The Plan is administered by the Company. The plan assets are maintained by Nationwide Life Insurance Company as the custodian and contract administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. Participants may change their investment options daily.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Subsequent Events

The Company has evaluated subsequent events through May 18, 2011, which is the date the accompanying financial statements were available to be issued.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for its benefit-responsive investment contract, which is valued at contract value. Shares of mutual funds are valued at quoted market prices which represent the net value of shares held by the Plan at year end. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income and expenses are accrued on a daily basis. Dividend income and distributions to participants are recorded on the ex-dividend date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive investment contract with Nationwide Life Insurance Company ("Nationwide"). Nationwide maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by Nationwide. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average annual yield and crediting interest rates were approximately 4.2% for the year ended December 31, 2010.

Plan Expenses

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the plan. Additionally, certain administrative expenses, such as annual audit fees, are paid directly by the Company.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentrations

All of the Plan's investment assets as of December 31, 2010 are held by Nationwide Life Insurance Company in Columbus, Ohio.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("SFAS 157") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies the Plan uses for assets measured at fair value:

Mutual funds
Valued at net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed investment contract
Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The methodologies may produce a fair calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3. FAIR VALUE MEASUREMENT (Continued)

The Plan's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with SFAS 157 and the Plan's accounting policies as disclosed in Note 2. At December 31, 2010, the mutual funds are valued utilizing Level 1 inputs and amounted to $2,380,409 and the investment contracts are valued utilizing Level 3 inputs and amounted to $2,138,971.

NOTE 4. INCOME TAX STATUS

The Plan obtained its latest determination letter on August 7, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY NATIONWIDE LIFE INSURANCE COMPANY (UNAUDITED)

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared by and certified as complete and accurate by Nationwide Life insurance Company.
