INDEPENDENT AUDITORS' REPORT

We were engaged to audit the accompanying financial statements and supplemental schedule of RHA 401 (k) Profit Sharing Plan as of December 31, 2009 and 2008. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Vanguard Fiduciary Trust Company, trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. RHA 401 (k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE A - DESCRIPTION OF PLAN

The following description of RHA 401 (k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ruffolo, Hooper & Associates, M,D., PA, Physicians Independent Management Services, Inc., and Reliance Pathology Partners, L.L.C. (the employers), who have completed one thousand hours of service during the twelve months beginning on the first day of employment and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants become eligible for employer matching contributions after completing one year of service and are twenty-one years of age or older.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, up to regulatory maximums. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective January 1, 2006, the Plan was amended to accept Roth elective deferrals made on behalf of the Participants. Roth deferrals are subject to federal income taxes in the year of deferral, but the deferrals and, in most cases, the earnings on the deferrals are not subject to federal income taxes when distributed. A Participant's Roth elective deferrals are allocated to a separate account maintained for Roth deferrals.

Effective January 1, 2007, if a participant does not affirmatively elect to have a specified amount contributed to the Plan as an elective contribution, the participant will be deemed to have elected to contribute 3 percent of their compensation to the Plan as an elective contribution for each pay period from their entry date. Participants direct the investment of their contributions into various investment options offered, by the Plan. The Plan currently offers various mutual funds and a brokerage option as investment options for participants.

Each employer, in its discretion, may contribute to the Plan a matching contribution on behalf of each participant for whom an elective contribution is made during the plan year. During the years ended December 31, 2008 each employer contributed 100 percent of the first 6 percent of eligible compensation that a participant contributed to the Plan. Additional profit sharing amounts may be contributed at the option of the employers' Board of Directors.

NOTE A - DESCRIPTION OF PLAN (continued)

Effective January 1, 2009 the plan was amended and restated to reduce the discretionary matching contribution formula to 50% of elective deferrals not to exceed 6% of eligible compensation. Additionally, the plan was restructured for the discretionary profit sharing contributions to an allocation based on a category-based formula. These changes were certified by the board of directors effective January 1, 2009 in a resolution dated April 22, 2009.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employers' contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount, in annual installments over the participant's life expectancy, or as an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. However, if the value exceeds $1,000, no distribution shall be made before the participant's 65th birthday without written consent. If a participant does not elect to have a mandatory distribution greater than $1,000 but less than $5,000 paid directly to an eligible retirement plan in a direct rollover or to receive the distribution directly, then the Plan must pay the distribution in a direct rollover to an individual retirement account designated, by the Plan. If a participant does not elect a distribution greater than $5,000, then the participant's account balance remains in the Plan until the participant directs a distribution or reaches retirement age or death.

Forfeited Accounts

At December 31, 2009 and 2008 forfeited non-vested accounts totaled $131,983 and $103,099, respectively. These accounts will be used to reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Units of the Vanguard Retirement Savings Trust are valued at the fair market value of the Vanguard Retirement Savings Master Trust at year end. Equities are valued at last quoted sales prices as of the close of trading at year end. Securities not traded on the year end date are valued at the last quoted bid prices. Fixed income securities are valued using the last quoted bid price.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by employees of the Company who receive no compensation from the Plan.

NOTE C - INVESTMENTS

Plan assets are held by the trustee, Vanguard Fiduciary Trust Company (a "party-In-interest").

NOTE C -INVESTMENTS (continued)

All securities values, appreciation, gains, losses and allocation of investment earnings to participants are determined by the trustee. In addition, the Plan administrator has obtained a certification from the trustee that the information provided is complete and accurate.

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2009	2008
Mutual funds	$ 3,919,666	$ (8,266,696)

NOTE D - CASH SURRENDER VALUE OF LIFE INSURANCE POLICIES

The plan holds five life insurance policies on specific participants. A portion of the employee contribution goes towards paying the premium on the policy. Premiums paid on these policies in 2009 and 2008 totaled $24,323 and $21,931 respectively. The cash surrender value of these insurance policies at December 31, 2009 and 2008 was $709,304 and $664,717, respectively. Fair value is not believed to be significantly different.

NOTE E - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

The Plan administrator will facilitate the distribution of account balances to each participant in accordance with the Plan provisions until all assets have been distributed by the trustee.

NOTE G - TAX STATUS

The Plan obtained its latest determination letter on April 8, 2010 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
