1 - DESCRIPTION OF PLAN

GENERAL

The Securus Technologies, Inc. 401(k) Savings Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1998. The Plan's Trustee is Fidelity Management Trust Company ("Trustee" or "Fidelity"). Fidelity Investments Institutional Operations Company serves as the record-keeper of the Plan. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees of Securus Technologies, Inc. and certain affiliates ("Securus" or "Plan Sponsor") become eligible for participation at the age of twenty-one, as defined by the Plan document. Employees may enroll in the Plan either on the first day of the Plan year or on the first day of the fourth, seventh or tenth month of the Plan year after meeting the age requirement. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching and discretionary contributions, and an allocation of Plan earnings and charged with administrative expenses related to loan and distribution fees if requested by participants. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation (including bonuses or payment for any extraordinary services) from 1% to 60%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($16,500 for the calendar year ended 2009). The Plan allows for after tax, Roth 401(k) deferrals. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($5,500 for 2009). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are also permitted by the plan.

The Plan also allows for employer discretionary matching and profit sharing contributions in amounts to be determined by the Company. In 2009, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals up to 6% of a participant's annual compensation.

VESTING

Participants are immediately vested in elective deferrals and rollovers, plus actual earnings thereon. Vesting of discretionary matching and profit sharing contributions begins at 25% after one year of credited service and increases each credited service year, thereafter, by 25%. Participants are 100% vested after four years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document. Service with certain predecessor employers may apply to vesting. Participants should consult the Plan document for a more complete description.

1 - DESCRIPTION OF PLAN (Continued)

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or installment payments equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment. Account balances exceeding $1,000 may delay distribution.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and employer contributions into a variety of mutual funds of registered investment companies and a money market fund in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined. The borrowings are secured by the balance in the participant's account and bear interest based on the prime rate reported in the *Wall Street Journal* plus 1% or on a rate determined reasonable by the Plan Administrator. Note terms are generally limited to a maximum of five years or to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Notes receivable from participants are stated at original note amounts less principal repayments received to date. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2009, have interest rates ranging from 5% to 9% with maturities from January 2010 through December 2018. Notes receivable from participants as of December 31, 2008, have interest rates ranging from 5% to 9% with maturities from January 2009 through February 2018.

ADMINISTRATIVE EXPENSES

Certain transaction fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company.

PLAN TERMINATION

Although it has not expressed any intent to do so, the company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' account shall become 100% vested.

1 - DESCRIPTION OF PLAN (Continued)

FORFEITURES

Forfeitures are available to reduce future employer contributions or to pay administrative expenses. At December 31, 2009 and 2008, forfeited non-vested accounts available for future use totaled $7,747 and $2,219, respectively. Those amounts are reported as a component of net assets available for benefits. Forfeitures in the amount of $56,888 were used to reduce employer contributions during 2009.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are valued at amortized cost which approximates fair value.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

RECLASSIFICATION

Certain reclassifications have been made to prior period amounts to conform to the current period presentation.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plans gains and losses on investments bought and sold as well as held during the year.

BENEFITS

Benefits are recorded when paid.

3 – FAIR VALUE MEASUREMENTS

In September, 2006, the Financial Accounting Standards Board issued ASC 820, "Fair Value Measurements and Disclosures", which defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States and provides for expanded disclosure of information about fair value measurements. The Plan adopted the provisions of ASC 820 on January 1, 2008.

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

In January 2010, the FASB issued guidance on improving annual disclosures about fair value measurements, which requires reporting entities to add additional disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and inputs used, the activity in Level 3 fair value measurements, and the transfer between Levels 1, 2, and 3. Levels 1, 2, and 3 fair values measurements are defined below. This is not expected to materially impact the Plan.

The three levels of the fair value hierarchy under ASC 820 are described below:

> *Level 1* – Observable inputs, such as quoted market prices in active markets, for substantially identical assets and liabilities.
>
> *Level 2* – Observable inputs other than quoted prices within *Level 1* for similar assets and liabilities. These include quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified or contractual term, the input must be observable for substantially the full term of the asset or liability.
>
> *Level 3* – Unobservable inputs that are supported by little or no market activity, generally requiring development of fair value assumptions by management.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds of Registered Investment Companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the plan at year end.

Money Market Fund: Valued at cost of $1 per unit.

3 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies:				
Blended Funds	$ 3,546,662	$ -	$ -	$ 3,546,662

4 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds of registered investment companies and a money market fund managed by Fidelity Investments. Fidelity is the Trustee as defined by the Plan, and, therefore; these transactions qualify as party-in-interest. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $10,142 for the year ended December 31, 2009.

5 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the Trustee and a party-in-interest as defined by ERISA, as of December 31, 2009 and 2008, and for the year ended December 31, 2009, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

7- RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a money market fund. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8 - TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity which received a favorable opinion letter dated October 9, 2003, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

9 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination test for the years ended December 31, 2009 and 2008. As a result, excess contributions payable amounting to $34,131 and $5,869, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction to contributions in the related statement of changes in net assets available for benefits.

10 – RECONCILIATION TO THE 2009 FORM 5500, SCHEDULE H

There are no material reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2009.

11 – SUBSEQUENT EVENTS

Effective January 1, 2010, participants are eligible to participate in self directed brokerage accounts. Additionally, the Plan will implement a variety of new investment elections. These funds being replaced will remain open until further notice to the Participants; however, they will no longer accept contributions. Contributions will be mapped into the replacement funds.
