Notes to Financial Statements
August 31, 2010 and December 31, 2009

Note 1 - Description of Plan

The following description of The Jorve Corporation 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations and total deferrals in any taxable year may not exceed the dollar limit that is set by law. Participants may also contribute amounts representing distributions from other qualified plans and certain IRA's. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twelve mutual funds for participants. The Company contributes 25% of the salary deferrals that a participant contributes to the Plan. In applying this matching percentage, however, salary deferrals for each year that exceed 10% of the participant's compensation for such period will not be considered. Additional discretionary amounts may be contributed at the option of the Company's owner. Effective February 22, 2009, the plan sponsor's matching contribution was amended to a discretionary match by the Company.

	<u>2010</u>	<u>2009</u>
The plan is annually tested for nondiscrimination compliance. The excess contributions are returned to the participant by the last day of the next plan year.		
Amounts refunded to participants	\$ -	\$ 19,145

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
August 31, 2010 and December 31, 2009

Note 1 - Description of Plan (continued)

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures:

The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used by the Plan for several purposes such as the payment of Plan expenses. Any remaining forfeitures will be allocated in the same proportion that a participant's compensation bears to the total compensation of all participants. Any remaining forfeitures attributable to matching contributions will be used to reduce any matching contributions.

Participant Loans:

Participants may not borrow from their fund accounts under the provisions of the Plan.

Payment of Benefits:

All distributions from the Plan will be made in one lump-sum payment in cash. On termination of service due to retirement on or after the normal retirement age as defined in the Plan, a distribution will be made, at the election of the participant, as soon as administratively feasible. On termination of service due to disability, a participant will be entitled to 100% of their account balance. Payments of disability benefits will be made as if the participant had retired. On termination of service due to death, 100% of the participant's account balance will be used to provide for the participant's beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account.

Administrative Expenses:

Third party administrative and audit fees are paid by the plan sponsor.

	<u>2010</u>	<u>2009</u>
Administrative fees	\$ 4,781	\$ 8,070
Audit fees	10,445	10,730
Total fees	<u>\$ 15,226</u>	<u>\$ 18,800</u>

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Note 3 - Investments

The Plan's investments are held by Charles Schwab Trust Company. The following table presents investments at December 31, 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

Note 4 - Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% invested in their accounts.

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Termination of Plan

Effective June 1, 2010 the Board of Directors of The Jorve Corporation elected to terminate the Jorve Corporation 401(k) Plan & Trust.

Note 8 - Date of Management's Review

Subsequent events have been evaluated by management through June 13, 2011 which was the date the financial statements were available to be issued.
