Byer California Pension Plan

We were engaged to audit the accompanying statements of net assets available for plan benefits of the Byer California Pension Plan as of November 30, 2010 and 2009, and the related statements of changes in net assets available for plan benefits for the years then ended and the supplementary schedules as listed in the accompanying Table of Contents as of and for the year ended November 30, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations of Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended November 30, 2010 and 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Byer California Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established effective January 17, 1970 and most recently amended effective September 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – The Plan covers the employees of Byer California. Employees shall first become eligible to participate in the Plan during the fiscal year in which their employment commencement date is on or prior to September 1. Subsequent to their initial year of eligibility, employees on November 30 with at least 1,000 hours of service during the fiscal year are generally eligible to receive an allocation of contributions for that year.

Contributions – For each fiscal year, in accordance with applicable provisions of the Plan, the Company contributes an amount, which, when combined with forfeitures, is equal to ten percent (10%) of the participant's compensation. No voluntary participant contributions are allowed.

The Company's contributions for Plan years ended November 30, 2010 and 2009, met the minimum funding requirements of ERISA.

Participant Accounts – Each participant's account is credited with an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Company contributions and forfeitures are allocated to participant accounts in proportion to relative participant compensation. Plan earnings are allocated to participant accounts in proportion to relative participant account balances. Upon meeting the requirements for distribution, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Vesting in the Company contributions plus actual earnings thereon is based on years of service and is as follows: (a) 100% vested, regardless of years of service, in the event of termination of employment due to death, total and permanent disability, or retirement if the participant has reached age 65, or (b) 20% per year upon the achievement of two years of service until fully vested after six years in the event of termination for any reason other than death or retirement, as noted above.

1. DESCRIPTION OF PLAN (Continued)

Payment of benefits – Upon termination, participants may elect to receive an amount equal to the value of their vested account balance in any combination of a lump sum amount, annuity, or installments over a specified period of time.

Forfeited accounts - The portion of a terminating participant's account which is not vested is forfeited upon the earlier of a complete cash-out distribution or a five-year break in service. Participants who are 0% vested are deemed to forfeit their account balances upon termination. Forfeited amounts are used to reduce employer contributions and reallocated to the remaining participants in the same manner as employer contributions. For the years ended November 30, 2010 and 2009, forfeited non-vested accounts totaling $155,301 and $133,442, respectively, were used to reduce the Company's contribution. At November 30, 2010 and 2009, there were no remaining forfeited non-vested accounts.

Administrative expenses – Administrative expenses consist of investment management, third party administration, trustee and other professional fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The Plan's financial statements are prepared using the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Benefits - Benefits are generally recorded when paid.

Investment valuation and income recognition – The Plan's investments are valued at fair value as of November 30, taking into consideration investment earnings credited, expenses charged, payments made and changes in the value of the assets held in the funds. The investment funds are allocated to the participants at all times. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition (continued) – U.S. generally accepted accounting principles established a framework for measuring fair value and provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements). The three levels of the fair value hierarchy are described below:

Level one: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level two: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Cash and cash equivalents are valued at cost, which approximates fair value. Fair value of equity securities is determined by quoted market prices, as reported by the Plan's trustee, including the Plan's investment in a common collective trust fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition (continued) – The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, within the fair value hierarchy generally accepted accounting principles, the Plan's assets at fair value as of November 30, all of which are valued at level one:

	2010	2009
Cash equivalents	$ 13,458,210	$ 18,231,755

Preferred/convertible securities	15,775	182,533

Total assets at fair value	$ 85,271,239	$ 82,339,103

Subsequent Events – Events or transactions occurring subsequent to year end through the date the financial statements were available to be issued, June 7, 2011, have been evaluated in the preparation of the accompanying financial statements.

3. CERTIFIED FINANCIAL INFORMATION

Wells Fargo Bank, the Plan's Trustee, certified information regarding the fair value of assets held at November 30, 2010 and 2009, and transactions entered into during the years then ended that were used in the preparation of the accompanying financial statements and supplemental schedules. The following information represents investments and related activity certified by Wells Fargo Bank:

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants shall become fully vested in their account balances, the trustee of the Plan shall pay all expenses chargeable against the Trust, and any unallocated Plan assets shall be allocated to participant accounts and distributed in accordance with Plan provisions and participant instructions.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated September 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan's Administrator, its Administrative Committee and tax counsel believe that the Plan is designed and is currently operated in compliance with applicable provisions of the IRC.

6. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are sponsored by Wells Fargo Bank. Since Wells Fargo Bank is the Plan's Trustee, investment activities involving these investments qualify as party-in-interest transactions. Trustee fees paid to Wells Fargo Bank were approximately $68,000 and $66,000 in 2010 and 2009, respectively.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
