INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
National Pensions, Inc. Employee Savings Plan

We were engaged to audit the financial statements of the National Pensions, Inc. Employee Savings Plan as of December 31, 2009 and 2008, and for the year then ended December 31, 2009, and the supplemental schedule as of and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by Lincoln National Life Insurance Company, the custodian of certain Plan assets, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Lincoln National Life Insurance Company holds certain Plan investment assets and executes related investment transactions. The plan administrator has obtained a certification from Lincoln National Life Insurance Company as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the plan custodian, have been audited in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NATIONAL PENSIONS, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

NOTE A - DESCRIPTION OF THE PLAN:

The following description of the National Pensions, Inc. Employee Savings Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The National Pensions, Inc. Employee Savings Plan (the Plan) is a defined contribution plan that became effective on January 1, 1969, and is maintained for the benefit of employees of National Pensions, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility. Employees become eligible to participate in the Plan on the January 1st or July 1st immediately following attainment of age 21 and completion of six months of service for the Company.

Participant Elective Deferrals. Participants may elect to defer up to 100% of their salary and bonuses. Participant salary deferrals are limited by the Internal Revenue Code to $16,500 for 2009. Participants who have attained age 50 are permitted to contribute additional "catch-up" salary deferrals. Participants who do not complete a salary deferral agreement at the time of their initial eligibility are automatically enrolled with a 5% salary deferral election.

Participant Rollover Contributions. Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

Employer Matching Contributions. At the discretion of the Company, the Company may declare matching contributions. The Company's matching contribution, if any, is allocated as of each payroll period to the accounts for all participants who have elected salary deferral for that payperiod. Through March 2009, the Company declared matching contributions equal to the lesser of 75% of each participant's salary deferral or 3% of the participant's Plan compensation. The Company ceased matching contributions after March 2009. The Company funded $30,357 matching contributions for 2009.

Employer Profit Sharing Contributions. The Company may also contribute, but is not required to do so, a discretionary amount to be allocated to all participants who are still employed as of December 31st or, if not still employed as of December 31st, have completed at least 501 hours of service in the year or terminated employment as a result of death, disability, or retirement without regard to the number of hours of service worked. The employer discretionary profit sharing contribution, if any, will be allocated to all participants based on their total Plan Compensation plus compensation, if any, in excess of the Taxable Wage Base amount for the year. The Company did not declare or fund profit sharing contributions for 2009.

Vesting. Participants are immediately and fully vested in their salary deferral contributions and earnings thereon. Participants are also immediately and fully vested in the employer matching contributions, if any, and earnings thereon. The vested balance of the employer discretionary contributions, if any, and earnings thereon, is based on years of vesting service completed, in accordance with the following:

Years of Vesting Service Completed	Percentage Vested
Fewer than 2 years	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

A year of service is any calendar year in which the employee performs 1,000 hours or more of service. Amounts not vested at the time a participant terminates service are forfeited and are allocated as employer discretionary profit sharing contributions in the year forfeited. Forfeitures allocated to participants in 2009 were $970.

Payment of Benefits. Upon termination of employment, a participant may elect to receive the value of the vested interest in his or her account in either a lump-sum distribution or substantially equal installments. The Plan does not allow hardship distributions and allows in-service distributions only to participants who have attained age 59½.

Loans. Participants may borrow from their fund accounts up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are repaid ratably through payroll deductions over a period not to exceed five years, except in the case of a loan used to acquire a principal residence. Interest earnings on loans are allocated to the participant's account. Participant loans are permitted only for the purpose of one or more of the following reasons: the acquisition or construction of the participant’s principal residence, payment of medical expenses due to a major illness or accident, on account of death or disability of a participant’s dependent, payment of post-secondary education tuition, or for such other condition or purpose which the Plan Administrator determines to be a financial necessity. Refer to the Plan’s Loan Policy for additional detail.

Expenses of the Plan. Expenses incurred in the administration and operation of the Plan may be paid from the Plan. If not paid by the Plan, the expenses are paid by the Company. The Plan paid administrative expenses of $12,091 for 2009. All other plan administrative expenses were paid by the Company.

Amendment and Termination. The Company intends to continue the Plan indefinitely but reserves the right to change or discontinue the Plan at its discretion. If the Plan is terminated, all participants will become fully vested in their account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting. The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statement of Net Assets Available for Benefits present fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value as of the end of the year. Investments in mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at the end of the year. Investments in Lincoln National Life Insurance Company (Lincoln) group variable annuity accounts are stated at fair market value, as determined by Lincoln based on the fair market value of the underlying investments. Group variable annuity account funds with underlying investments in investment contracts are valued at fair market value of the underlying investments and then adjusted by the issuer to contract value. Participant loan receivables are valued at cost, which approximates fair value. Investments in life insurance policies are valued at cash surrender value, which approximates fair value.

The net realized and unrealized gains on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end.

Purchases and sales of investments are reflected on a settlement-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits. Benefits are recorded when paid.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE C - FEDERAL INCOME TAXES:

The Plan obtained its latest opinion letter from the Internal Revenue Service dated March 31, 2008, in which the Internal Revenue Service stated that the Plan document, as then designed, was in compliance with the requirements of the Internal Revenue Code. The Plan has been amended since receiving the IRS opinion letter. However, the Plan administrator believes the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan invests in a group variable annuity contract with a guaranteed fund with Lincoln. Lincoln maintains the Plan assets in pooled accounts invested in mutual fund investment subaccounts, as well as a guaranteed fund managed by Lincoln. The mutual fund subaccounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses. The contract is included in the financial statements at fair value, which represents contributions made under the contract, plus earnings and appreciation or depreciation, less Plan withdrawals and administrative expenses paid by the Plan. The fair value of the investment contract at December 31, 2009 and 2008 was $541,521 and $574,467 respectively.

A subaccount maintained by Lincoln is a fully benefit responsive investment invested in a guaranteed fund. Lincoln maintains the guaranteed fund in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported by Lincoln. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contracts have certain restrictions that impact the ability to collect the full contract value.

Lincoln has determined the contract value of the investment contract approximates fair value as of December 31, 2009 and 2008.

Lincoln is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer.

Average Yields:	2009	2008
Based on annualized earnings	2.39%	2.90%
Based on interest rate credited to participants	2.39%	2.90%

NOTE E – PARTICIPANT-DIRECTED INVESTMENTS:

The Plan permits participants to invest their account balance and contributions in individual life insurance policies. All other plan assets are nonparticipant-directed and are invested by the Plan Administrator. Investments in life insurance policies are valued at cash surrender value which approximates fair value.

NOTE F – RELATED PARTY TRANSACTIONS:

Certain Plan investments include a group variable annuity contract with Lincoln that invests in a pooled separate account and guaranteed fund offered and maintained by Lincoln. Lincoln is the custodian of the pooled separate account and guaranteed fund and, therefore, these transactions qualify as party-in-interest transactions. Transactions in such investments are exempt from the prohibited transaction rules.

NOTE G - NONPARTICIPANT DIRECTED INVESTMENTS:

Information about the net assets and the significant components of the changes in net assets relating to nonparticipant-directed investments as of December 31, 2009 and 2008 and for the year ended December 31, 2009:

	2009	2008
Net Assets		
Cash and money market funds	$ 19,290	$ 13,410

NOTE J - FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:

NOTE J - FAIR VALUE MEASUREMENTS (continued):

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
Mutual funds are valued at the net asset value of shares held by the Plan at year-end. Money market funds are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 Fair Value Measurements
The investment contract with the insurance company is valued at fair value of the units owned by the Plan as of the last day of the year, as reported by the mangers of the insurance company. The investments in individual insurance contracts are valued as of the cash surrender value as of the last day of the year, which approximates fair value.

Level 3 Fair Value Measurements
Participant loans are valued at amortized cost, which approximates fair value.

The following table provides further details of the Level 3 fair value measurements:

	Participant Loans
Beginning balance	$ 29,091
Purchases, sales, issuances, settlements (net)	35,064
Ending balance	$ 64,155

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The net assets available for benefits per the financial statements at December 31, 2009 and 2008 agree to the amounts reported in the Form 5500 filed for the year. There are no reconciling items.

NOTE L - SUBSEQUENT EVENTS:

The Plan's management evaluated for subsequent events occurring after December 31, 2009 (the financial statement date) through October 15, 2010, the date the financial statements were available to be issued. Management determined such evaluation resulted in no adjustments to the accompanying financial statements and that there were no other subsequent events requiring disclosures.

NOTE M - UNTIMELY REMITTANCES OF EMPLOYEE CONTRIBUTIONS:

The Company is required by Department of Labor regulations to remit participant contributions and loan repayments to the Plan as soon as practicable, but no later than the fifteenth business day following the end of the month in which the amounts were withheld from the employee's compensation. For certain employee contributions withheld in 2009, the funds were not remitted to the Plan within the time period required by the DOL regulations. The Company is in the process of reporting the late remittances as delinquent contributions and correcting the delinquent contributions through the Department of Labor's Voluntary Fiduciary Correction Program (VFCP).
