We were engaged to audit the accompanying statements of net assets available for benefits of Atlas Hydraulics, Inc. 401(k) Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of Schedule H, Line 4i-Schedule of Assets Held At End of Year as of the year ended December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by EMJAY Retirement Services, Inc., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Atlas Hydraulics, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted January 1, 1994, which includes employees of Atlas Hydraulics Inc. and Fleetwood Metal Industries, Inc, a related employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan and also share in the allocation of the employer safe harbor matching contribution if they have completed 90 days of service and are 18 years of age.

Entry Date

Employees may enter the Plan on the first day of the plan quarter coinciding with or next following the date on which the employee satisfies the eligibility requirements.

Contributions

Participating employees contribute an amount each pay period as provided for in their participation agreement. Employees may contribute up to the lesser of 100% of their compensation or \$16,500 for 2010. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective January 1, 2010, the Plan adopted an amendment to become a safe harbor 401(k) plan. In order to maintain "safe harbor" status, the Employer will make a safe harbor matching contribution equal to 100% of a participant's salary deferrals that do not exceed 3% of their compensation plus 50% of the participant's salary deferral between 3% and 5% of their compensation. For purposes of calculating the safe harbor matching contributions, deferrals and matching contributions will be computed and remitted for each payroll period.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant's earnings or account balances, as defined by their Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the prior employer matching contribution and related earnings after one year of service. The safe harbor matching contribution is 100% vested for all participants.

Forfeitures

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$0 and \$75, respectively. Forfeitures will be used to first to pay plan expenses and then to reduce employer contributions for the year. During the year ended December 31, 2010, \$1,876 of forfeitures were used to offset plan expenses.

Notes Receivable from Participant

The Plan does not allow participants to borrow funds from their account.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship as defined in the Plan Document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Other

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as those held during the year.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Administrative expenses of the Plan are paid by the Plan and the Plan's Sponsor as provided in the Plan document.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009, are as follows:

	2010	2009
American Funds Investment Co of America	\$ 930,207	728,766
American Funds Europacific Growth Fund	810,017	684,919
American Funds Capital Income Builder	597,346	486,818
Federated Max Cap Index Fund	363,759	291,443
Fidelity Advisor Mid Cap Fund - Inst'l	283,759	**
Fidelity Capital Appreciation Fund	265,925	**
American Funds Bond Fund of America	203,427	**

** Investment balance less than 5% of the Plan's net assets for the applicable year.

The appreciation of investments (including gains and losses on investments bought and sold, as well as held during the year) of \$292,283 at December 31, 2010 relates entirely to investments in mutual funds.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

Topic ASC 820, "*Fair Value Measurements and Disclosures*", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* - Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Money market mutual funds: Valued at the net asset value (NAV) of shares held by the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	2010			Total
	(Level 1)	(Level 2)	(Level 3)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, there were not significant transfers in or out of levels 1, 2, or 3.

Note 5 - Information Certified by the Plan Custodian

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by EMJAY Retirement Plan Services, Inc., the custodian.

The Plan custodian has certified its statement of accounts as of December 31, 2010 and 2009 and for the year ended December 31, 2010. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by EMJAY Retirement Plan Services, Inc. EMJAY Retirement Plan Services, Inc. received an opinion letter from the IRS, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Excess Contributions Payable

Contributions from participants are net of payments made to certain participants to return excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount of excess contributions was \$0 and \$5,890 for the years ended December 31, 2010 and 2009. These amounts are reflected as excess contributions payable in the statements of net assets available for benefits.

Note 9 - Subsequent Events

Effective January 1, 2011, the Plan adopted a loan policy to allow participant loans within the Plan. Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and for loans originating in any given month, the interest on the loan will be based on the prime rate published in The

Wall Street Journal on the first business day of each month, plus 1%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 15 years. A participant may have no more than one outstanding loan at a time.

The Plan sponsor has evaluated subsequent events through June 15, 2011, the date which the financial statements were available to be issued.
