To the Nichols Farms 401(k) Profit Sharing Plan and Participants
Hanford, California

I have audited the accompanying statements of net assets available for benefits of the Nichols Farms 401(k) Profit Sharing Plan as of November 30, 2010 and 2009 and the related statements of changes in net assets available for benefits for the years ended November 30, 2010 and 2009. These financial statements are the responsibility of the Plan's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, I express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the plan as of November 30, 2010 and 2009, and the changes in net assets available for benefits for the years ended November 30, 2010 and 2009, in conformity with accounting principles generally accepted in the United States of America.

All of the plan assets are valued under "Level 1" measurements.

The following is a description of the valuation methodologies used for assets measured at fair value.
