We were engaged to audit the statements of net assets available for benefits of the AT&T Interactive 401(k) Success Sharing Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules of (1) - Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2010, and (2) – Schedule H, line 4 (a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Note 1. Description of the Plan

The following description of the AT&T Interactive 401(k) Success Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on July 1, 2005 to qualify as a defined contribution retirement plan for the eligible employees of Yellowpages.com LLC dba AT&T Interactive (the "Company"). The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and an employer matching contribution under 401(m) of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by Fidelity Investments Institutional Operations Company, Inc.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan upon attaining the age of 21 and after the completion of three months of service with a minimum of one hour of service. Participants may enter the Plan on a monthly basis.

Contributions

The Company's eligible employees may contribute from 1% up to 100% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

The Company may make a matching and/or discretionary contribution (in addition to employer safe-harbor matching contributions) without regard to the Company's current or accumulated profits as determined each year by resolution of the Company's Board of Directors. For the year ended December 31, 2010, the Company only made a safe-harbor matching contribution of 100% of a participant's elective deferrals up to the first 5% of the participant's compensation.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Note 1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's safe-harbor matching contributions, (b) the Company's matching/discretionary contributions, (c) the participant's contribution and (d) Plan earnings net of expenses. Allocations of Company discretionary contributions are allocated to participants who have completed at least 1,000 hours of service during the Plan year. Company discretionary contributions are based upon the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants.

Vesting

Participants are 100% vested in their contributions and employer safe-harbor matching contributions, and the earnings on these contributions. Participants are vested in the Company's matching and/or employer discretionary contributions made to the participant's accounts and earnings on these contributions based on the number of years of service according to the following schedule:

Periods of Service For Vesting	Percent Vested
Less than one year	0%
One year but less than two	25%
Two years but less than three	50%
Three years but less than four	75%
Four or more years	100%

Forfeitures

Any non-vested Company contributions resulting from participant withdrawals are forfeited and reallocated to the accounts of remaining participants. Forfeiture activity was insignificant for the year ended December 31, 2010.

Safe Harbor Election

Effective July 1, 2005, the Plan elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and vesting schedules and meet the applicable "Safe Harbor" requirements. If the Plan meets the "Safe Harbor" requirements it is not subject to the ADP or ACP discrimination tests required by the IRC.

Note 1. Description of the Plan (Continued)

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company matching contributions, Company discretionary contributions and earnings on their Company contributions and 100% of their pre-tax contributions as soon as administratively possible following retirement, termination or upon becoming disabled. The Plan permits a terminated participant to defer commencement of the payment of benefits until the later of election to receive benefits or age 65.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan.

Contribution Funding

The Company funds its participant contributions and employer matching contributions concurrent with each pay period.

Note 2. Summary of Significant Accounting Policies

Notes Receivables from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Included in investment income for the year ended December 31, 2010 is approximately $31,800 of interest earned on notes receivable from participants. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

As a result of the adoption of a new accounting pronouncement relating to participant loans in 2010, the Plan retrospectively classified participant loans as notes receivable from participants in the statements of net assets available for benefits and measured them at their unpaid principal balance plus any accrued interest.

Basis of Accounting

The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Note 2. Summary of Significant Accounting Policies (Continued)

The account of the fully benefit-responsive investment contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Fidelity Management Trust Company.

The fair value of the investment contract at December 31, 2010 and 2009 was $4,293,493 and $3,359,331, respectively. The contract value of the investment contract at December 31, 2010 and 2009 was $4,213,201 and $3,363,726, respectively.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value except that the fully benefit-responsive investment contract (Fidelity Investments Stable Value Fund) is based on the net asset value reported by the fund (this fund is adjusted and reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Subsequent Events

Subsequent events have been evaluated by management through June 30, 2011 the date the financial statements were available for issuance.

Note 4. Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

a) Investments

	December 31, 2010	December 31, 2009
Mutual funds	$ 29,831,899	$ 19,198,496

The participant loans are certified by the custodian, and are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

c) Investment income

	Year Ended December 31, 2010

Interest and dividends**	$ 631,744

***Amount includes interest income attributable to notes receivable from participants*.

d) Supplemental Schedule:
Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2010 and 2009.

Mutual Funds: These investments are public investment securities valued using the Net Asset Value (NAV) provided by the investment custodian. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust Funds: These investments are public investment securities valued using the NAV provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2010 and 2009:

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan has adopted a prototype plan which received a favorable opinion letter on March 31, 2008 from the Internal Revenue Service stating that the prototype plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 9. Parties-in-Interest Transactions

Certain Plan investments are shares of mutual funds and units of participation in a common/collective trust managed by Fidelity Investments. Fidelity Management Trust Company (a wholly owned subsidiary of Fidelity Investments) is the Plan custodian and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

Note 10. Prohibited Transactions

The Plan sponsor inadvertently failed to deposit $32,862 of participant deferrals for the year ended December 31, 2009 within the required timeframe as stated by the U.S. Department of Labor ("DOL"). These deferrals were deposited, beyond the earliest expected date on which assets could be segregated from the employer's assets. The DOL considers late deposits to be prohibited transactions. The plan sponsor is required to file Form 5330 and pay the excise tax relating to the prohibited transaction from the plan sponsor's assets and not from assets of the Plan, in addition to calculating the lost earnings on these deferrals. The plan sponsor has filed Form 5330, and the lost earnings were deposited in the Plan on January 14, 2010 for the late remittances relating to the 2009 Plan year.
