Report of Independent Auditors

To the Participants and Administrator
The JMK Holdings 401(k) Retirement Savings Plan

We were engaged to audit the financial statements of the JMK Holdings 401(k) Retirement Savings Plan ("the Plan"), as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The plan administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

To the Participants and Administrator
The JMK Holdings 401(k) Retirement Savings Plan

We were engaged to audit the financial statements of the JMK Holdings 401(k) Retirement Savings Plan ("the Plan"), as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The plan administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

1. Description of Plan and Accounting Policies

General

The following description of the JMK Holdings 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

Employees of the following companies (the Employers) are presently covered under the Plan:

- Jamak Fabrication-Tex, LLC
- K&M Plastics, Inc.
- JA Operations-Tex, LLC
- CF-Tex, LLC
- JMK Holdings Management Co., LLC
- Reata Restaurants Management Co., LLC

The Plan is a defined contribution retirement plan administered by JMK International, Inc. (the "Company" or "Sponsor") and was established on August 1, 1984. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Eligibility

Employees are eligible to participate in the Plan upon reaching the age of twenty-one and completing six months of service. Eligible employees may enter the Plan on the first day of the month following the date they first become eligible. Participation is voluntary and must be requested by the employee.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined by the Plan, not to exceed $16,500 in 2010 and 2009. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options provided by the Plan in one percent increments.

At the discretion of the Board of Directors, the Company may elect to contribute a discretionary matching contribution based on participants' elected salary deferrals. To be eligible to receive the matching contribution a participant must be either employed on the last day of the plan year and have completed 1,000 hours of service during the plan year or have died, retired or suffered disability during such plan year. During 2010 and 2009, the Company authorized matching contributions of $40,044 and $37,699, respectively.

1. Description of Plan and Accounting Policies (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Forfeited balances of terminated participants' nonvested accounts may be used to reduce future administrative expenses or Company contributions. During the years ended December 31, 2010 and 2009, no forfeitures were used to reduce Company contributions or administrative expenses. At December 31, 2010 and 2009, unallocated forfeited nonvested accounts totaling $4,074 and $3,840, respectively, were available to offset future administrative expenses or Company contributions.

Benefits and Vesting

A participant or designated beneficiary is entitled to his or her employee contributions and up to 100% of the employer's contribution in the event of death, disability, or retirement. An employee who withdraws from the Plan or terminates employment is entitled to his or her employee contribution account balance at the end of the year following termination or withdrawal and is entitled to the employer's contributions in which the participant is vested at retirement. There were no distributions owed to terminated participants as of December 31, 2010 and 2009.

Vesting

A participant becomes 100% vested in Employers' discretionary matching contribution and profit sharing contributions and any earnings thereon upon completion of six years of service as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Effective November 30, 2007, the methodology used to determine participant's years of service changed. Previously participants received vesting credit for a year of service under the "general method" if they earned at least 1,000 hours of services in a Plan year. Vesting under the Plan is now based upon the "elapsed time method". Hours of service are not counted and instead periods of service are computed. A period of service is determined based on the time the participant worked for the Company. Only whole years of service with the Company are counted to compute the participant years of service for vesting purposes.

1. Description of Plan and Accounting Policies (continued)

Vesting (continued)

Participants employed by the Company before October 1, 2000 will receive vesting credit for years of service based upon the following:

Applicable Year(s)	Method	Measurement Period
Year(s) before 2000	General	Jan. 1 to Dec. 31
2000	General or Elapsed Time*	Jan. 1 to Dec. 31
Year(s) after 2000	Elapsed Time	Jan. 1 to Dec. 31

* Participant will receive credit for this measurement period if they have 1,000 hours of service as of October 1, 2001, or if they are still employed on December 31, 1999.

Loans
Participants may borrow from the Plan the lesser of (1) 50% of the participant's non-forfeitable accrued benefit or (2) $50,000, with the minimum loan being $1,000. The notes bear interest at fixed rates of interest based on prevailing interest rates. Interest earned on participant loans is allocated to the investment funds based on the participant's current investment allocation percentages. Loan terms may not exceed five years, unless the loan is used to purchase the principal residence of the participant. The term of repayment for a loan to purchase the participant's principal residence may not exceed 10 years. Loan repayments are made through payroll deductions.

Termination of the Plan
The Company's Board of Directors has the right under the terms of the Plan to terminate the Plan at any time. In the event of termination, the Plan provides that all amounts credited to the respective accounts of the participants shall be fully vested.

Plan Expenses
Employees of the Company perform certain administrative functions with no compensation from the Plan. The Company and the Plan both pay administrative expenses through the assets of the Plan and the Company.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits paid to participants are recorded when paid. Fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. Contract value, however, is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invests in fully benefit responsive investment contracts through a common collective fund. The Statement of Net Assets Available for Benefits presents the fair value of the contracts in the collective trust as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Interest is credited at the rate in effect on the day when each deposit is directed into the account.

Investments
Plan participants may direct their employee contribution into managed mutual funds (or in the case of the Fidelity Managed Income Portfolio, a common collective trust). Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants represent loans and are stated at amortized cost. Interest income is recorded on the accrual basis.

Risks and Uncertainties
The Plan invests in various investment funds. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits
Benefits are accounted for when paid.

Subsequent Events
Subsequent events have been evaluated through the date of the independent auditor's report.

3. Investments

The fair values of individual investments that represent 5% or more of the Plan's net assets are as follows at December 31:

	2010	2009
Janus Overseas Fund	$ 841,535	$ 786,089
Fidelity Freedom 2020 Fund	518,048	480,451
Fidelity Equity Income Fund	138,019*	294,079
Fidelity Growth Strategies Fund	291,545	235,247*
Fidelity US Bond Index Fund	339,343	98,048*
Fidelity Managed Income Portfolio Fund	1,018,096	879,555

*Amount represents less than 5% of net assets available for benefits. Information was presented for comparative purposes.

Net Change in Fair Value
During 2010 the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $540,270 as follows:

	2010
Mutual fund accounts	$ 540,270
Net appreciation in fair value of investments	$ 540,270

4. Information Prepared and Certified by Trustee (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

As of December 31,	2010	2009
Participant-directed investments, at fair value	$ 5,440,672	$ 5,024,558
Adjustment from fair value to contract value	(8,278)	16,355
Participant-directed investments, at contract value	$ 5,432,394	$ 5,040,913

For the year ended December 31,	2010
Net appreciation in fair value of investment	540,270
Interest and dividend income	100,042
Interest income on participant loans	15,867

5. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Quoted market prices are used to value investments in mutual funds, which are publicly traded funds of registered investment companies, and common stock.

Common collective trust: The fair value of the common collective trust fund is valued at the Plan's proportional interest in the net asset value of the fund as determined by inferring contract fair value of the underlying assets held in the fund. Net asset value is used as a practical expedient for fair value. Contract value of fully benefit responsive contracts is equal to principal balance plus accrued interest.

There were no transfers of Plan investments between levels 1 and 2 during 2010. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds	4,422,576	-	-	4,422,576
Common collective trust	-	1,018,096	-	1,018,096
Total assets at fair value	$ 4,422,576	$ 1,018,096	$ -	$ 5,440,672

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds	4,145,003	-	-	4,145,003
Common collective trust	-	879,555	-	879,555
Total assets at fair value	$ 4,145,003	$ 879,555	$ -	$ 5,024,558

6. Investments in Common Collective Trust Funds

The Plan invests in a benefit-responsive common collective trust fund which invests in the Fidelity Managed Income Portfolio (the "Portfolio"). The Portfolio may be invested in fixed-income securities, derivative instruments (such as futures contracts and swap agreements) and money market funds, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Portfolio to maintain a constant net asset value. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2, the common collective trust is a fully benefit-responsive investment for which contract value is the relevant measurement attribute. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based upon a formula agreed upon with the issuer but will not be less than zero percent. Such crediting rates are reset on a quarterly basis.

6. Investments in Common Collective Trust Funds (continued)

Certain events limit the ability of the Plan to transact at contract value with the Portfolio. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (3) any substantive modification of the fund or the administration of the fund that is not consented to by the issuer, (4) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the fund's cash flow, (5) any communication given to participants by the Plan's sponsor or fiduciary or Fidelity Management Trust Company that is designed to induce or influence participants to avoid investing in the Portfolio or to transfer assets out of the Portfolio, and (6) any transfer of assets from the fund directly to a competing investment option. The Plan Administrator does not believe that the occurrence of any of these events which would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The average yield for the collective trust for the years ended December 31, 2010 and 2009 was approximately 2.68% and 3.16%, respectively. The contract value spot yield credit to participants accounts for the years ended December 31, 2010 and 2009 was 1.44% and 1.20%, respectively.

7. Related Party Transactions

Certain Plan investments in registered investment companies are managed by Fidelity. Fidelity is the Trustee and, therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules.

8. Income Tax Status

The Company adopted a prototype plan sponsored by Fidelity effective December 15, 2009. Fidelity received an opinion letter dated March 31, 2008 from the Internal Revenue Service (IRS), which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

9. Reconciliation to 5500

The following reconciles the net assets available for benefits and net income included in the accompanying financial statements to the Form 5500:

As of December 31,	2010	2009
Net assets available for benefits per the financial statements	$ 5,640,199	$ 5,233,624
