A. DESCRIPTION OF PLAN:

The following description of the YES Communities, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by YES Communities, Inc. (the "Company") covering substantially all employees who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute between 2% and 100% of their compensation, subject to Internal Revenue Code ("IRC") limitations. All eligible employees are automatically enrolled in the Plan with a pre-tax deferral contribution of 2% unless they sign a waiver indicating they do not wish to participate in the Plan. Participant contributions may be made on a pretax basis or as Roth after-tax contributions. Participants may also contribute funds from another qualified retirement plan ("rollover" contributions), subject to certain requirements. Participant who have completed one year of service are eligible for the Company safe harbor matching contribution of 100% of the first 4% of participant contributions. The Company may also elect to make a discretionary profit sharing contribution for all eligible employees who have completed 1,000 hours of service and are employed on the last day of the plan year. During 2010 the Company elected not to make a discretionary profit sharing contribution.

Participant Accounts

A separate account is established for each participant upon enrollment in the Plan. Each participant's account is credited with the participant's contributions, the participant's share of company contributions, and the actual investment results, including realized and unrealized gains and losses, of the funds within the participant's account. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are immediately vested in their voluntary contributions, company safe harbor contributions and earnings thereon. Upon death, disability, or retirement, a participant becomes 100% vested in the company discretionary contribution. Otherwise, vesting in company discretionary contributions and earnings thereon occurs according to the following schedule:

Completed Years of Service	Vesting Percentage
1	33%
2	66%
3	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeited balances are used to pay plan expenses or to reduce company contributions. During 2010, $701 in forfeitures were used to reduce company contributions. Unallocated forfeitures amounted to $0 as of December 31, 2010 and 2009.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than $1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than $1,000, but not in excess of $5,000, who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of $5,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 ½.

Loans

Loans are not permitted.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncement

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options, which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Expenses of the Plan

All expenses of administering the Plan may be paid by the Plan, unless paid by the plan sponsor. Substantially all expenses incurred in the administration of the Plan are paid by the plan sponsor. Certain fees for investment management services, recordkeeping, and participant transactions are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

C. INVESTMENTS:

The following presents investments as of December 31, 2010 or 2009 that represent 5% or more of the net assets available for plan benefits:

	2010		2009	
Fidelity Advisor Freedom 2025 Fund	$ 227,529	*	$ 191,530	*
Fidelity Advisor Freedom 2035 Fund	183,359	*	126,938	*
Fidelity Advisor Freedom 2020 Fund	358,310	*	316,046	*
Fidelity Advisor Freedom 2030 Fund	341,078	*	207,039	*
Fidelity Advisor Freedom 2040 Fund	180,990	*	108,646	
Janus Overseas Fund	163,526	*	121,266	*
T. Rowe Price Growth Stock Fund	144,211		124,665	*

* Represents 5% or more of net assets available for plan benefits.

During the year ended December 31, 2010, the Plan's common collective trusts and mutual funds (including investments bought, sold and held during the year) appreciated in value by $3,695 and $342,355, respectively.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common collective trusts – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets. The common collective trusts are audited annually.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Common collective trusts, with the exception of the Morley Stable Value Fund, can be redeemed daily, have daily redemption notice periods, and have no unfunded commitments. The Morley Stable Value Fund, a fixed income fund valued at $116,239 and $89,765 as of December 31, 2010 and 2009, has no restriction on participant-initiated withdrawals, and may require a notice period of up to 12 months for plan level withdrawals. There are no unfunded commitments. Investment strategies for the common collective trusts, by major investment class, are as follows:

a) The stable value common collective trust invests primarily in insurance contracts and corporate and government agency bonds.
b) The S&P 500 common collective trust invests in the S&P 500 Flagship Securities lending Fund, common stocks and other similar investments to match the return of the Standard & Poor's 500(R) Index.

E. TAX STATUS:

The Plan has adopted the Prototype Non-standardized Profit Sharing Plan with CODA sponsored by Summit Financial. The Internal Revenue Service has determined in its opinion letter dated March 31, 2008 that the prototype non-standardized plan document adopted by the plan constitutes a qualified trust under Section 401(a) of the Internal Revenue Code ("IRC"), and is exempt from federal income taxes under the provisions of Section 501(a) of the IRC. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the year ended December 31, 2010. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2007 through December 31, 2010.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Nationwide Trust Company, FSB, the custodian, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodian has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2010 and 2009, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2010, and the information contained in the supplemental schedule of assets (held at end of year).

G. PLAN TERMINATION:

The Plan was established with the intention that it will continue indefinitely. However, the Company reserves the right to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the custodian are considered party-in-interest transactions.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through June 30, 2011, the date these financial statements were available for issuance and deemed that no additional disclosures were necessary.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:
