Independent Auditor's Report

Board of Directors
Corel Inc. 401(k) Retirement Plan
Ottawa, Ontario, Canada

We were engaged to audit the accompanying statements of net assets available for benefits of Corel Inc. 401(k) Retirement Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedules of (1) Schedule H, Line 4i-Schedule of Assets Held At End of Year and (2) Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2009. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by Prudential Trust Company, the trustee of the Plan, and The Prudential Insurance Company of America, the custodian of the Plan, except for comparing such information with related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustee and custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Corel Inc. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Corel Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible upon reaching 21 years of age.

Entry Date

Employees may enter the Plan on the first day of the month following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company's discretionary contribution for the 2009 plan year was 50% of the first 5% of salary deferral contributions that a participant makes to the Plan. No such discretionary contributions were made between the months of April 2009 and November 2009 for the year ended December 31, 2009. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution and, if any, plan earnings (losses), and charged with benefits paid and administrative expenses. Allocations are based on participant's compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service.

Forfeitures

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $24,855 and $743, respectively. These accounts will be used to offset administrative expenses or to reduce the Company's matching contribution. During the year ended December 31, 2009, employer contributions were reduced by $23,895 from forfeited nonvested accounts.

Participant Loans

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest set by reference to the "bank prime rate." The interest rate will be declared quarterly; however, the Plan reserves the right to change the basis for determining the interest rate prospectively with thirty days notice. Interest rates range from 4.25% to 11.5%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan maturity may not exceed thirty years. A participant may have no more than one outstanding loan at any one time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments as defined in the Plan document. An active participant is entitled to benefits as soon as administratively possible after a qualified hardship event, as defined by the Plan document, or after obtaining age 59 ½. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. In the event of termination of employment (other than for death, disability, or retirement after age 65), participants are entitled to all of their elective deferral account balance and their vested percentage of their matching contributions.

Death Benefit

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Other

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions and vested benefits would be paid in full to ascertainable participants and beneficiaries.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Certain administrative expenses of the Plan are paid by the Plan sponsor as provided in the Plan document.

Reclassifications

Certain amounts from the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008 are as follows:

	2009	2008
Guaranteed Interest Account, at fair value (contract value of $1,367,888 and $1,147,985 at December 31, 2009 and 2008)	$ 1,385,835	$ 1,151,631

Templeton Growth Fund A	1,548,054	1,063,065

* Investment balance less than 5% of the Plan's net assets for the applicable year

During the year ended December 31, 2009, the Plan's mutual fund and money market mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,872,555.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

Topic ASC 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Money market mutual funds: Valued at the net asset value (NAV) of shares held by the Plan.

Guaranteed interest account: Fair value is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Participant loans: Valued at the outstanding loan balances, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Note 5 - Information Certified by the Plan's Trustee and Custodian

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Prudential Trust Company and Prudential Insurance Company of America, the trustee and custodian, as of December 31, 2009 and 2008 and for the year ended December 31, 2009.

The Plan trustee and custodian have certified their statement of accounts as of December 31, 2009 and 2008 and for the year ended December 31, 2009. The statement of accounts includes beginning and ending balances of investments held, contributions received and detail of all transactions during the period, including investment income.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by Prudential Retirement. The Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 3, 2004, which states that the prototype document satisfies the applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Note 7 - Investment Contract with Insurance Company

The Plan has a fully benefit-responsive guaranteed interest contract (GIC) with The Prudential Insurance Company of America. The Prudential Insurance Company of America maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the financial statements at fair value and then adjusted to contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 2, because the guaranteed interest contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by The Prudential Insurance Company of America, represents deposits made to the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exception under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The following are the average yields as of year-end December 31:

	2009	2008
Average yields		
Based on actual earnings	3.39%	3.69%
Based on interest rate credited to participants	3.39%	3.69%

Note 8 - Related Party and Party-in-Interest Transactions

Certain plan investments include guaranteed interest contracts managed by The Prudential Insurance Company of America. The Prudential Insurance Company of America, the custodian, as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest. Fees paid by the Plan to Prudential Trust Company, the trustee, for the investment management services were $242 for the year ended December 31, 2009. These qualify as exempt party-in-interest transactions.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 18,284,373	$ 14,048,816

The following is a reconciliation of participant contributions from the financial statements for the year ended December 31, 2009, to Form 5500:

	2009
Participant contributions per the financial statements	$ 981,535
Add prior year contribution receivable	18,501
Participant contributions per Form 5500	$ 1,000,036

The following is a reconciliation of total plan investment income from the financial statements for the year ended December 31, 2009, to Form 5500:

	2009
Investment income per the financial statements	$ 4,114,013
Add prior year deemed loan distributions	5,891
Investment income per Form 5500	$ 4,119,904

Note 11 - Partial Termination

During the year ended December 31, 2008, the Plan sponsor terminated employees in certain divisions of the Company as a result of office closures and reduction in work force. In aggregate, these terminations represented partial termination of the Plan. As a result of this partial plan termination, all affected participants become fully vested in accrued benefits at the termination date.

Note 12 - Subsequent Events

Subsequent to year end, the Plan was amended and restated effective January 1, 2010 to bring it into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and other legislative and regulatory changes.

The Plan sponsor has evaluated subsequent events through September 24, 2010, the date which the financial statements were available to be issued.

Independent Auditor's Report

Board of Directors
Corel Inc. 401(k) Retirement Plan
Ottawa, Ontario, Canada

We were engaged to audit the accompanying statements of net assets available for benefits of Corel Inc. 401(k) Retirement Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedules of (1) Schedule H, Line 4i-Schedule of Assets Held At End of Year and (2) Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2009. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by Prudential Trust Company, the trustee of the Plan, and The Prudential Insurance Company of America, the custodian of the Plan, except for comparing such information with related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustee and custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Corel Inc. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Corel Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible upon reaching 21 years of age.

Entry Date

Employees may enter the Plan on the first day of the month following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company's discretionary contribution for the 2009 plan year was 50% of the first 5% of salary deferral contributions that a participant makes to the Plan. No such discretionary contributions were made between the months of April 2009 and November 2009 for the year ended December 31, 2009. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution and, if any, plan earnings (losses), and charged with benefits paid and administrative expenses. Allocations are based on participant's compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service.

Forfeitures

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $24,855 and $743, respectively. These accounts will be used to offset administrative expenses or to reduce the Company's matching contribution. During the year ended December 31, 2009, employer contributions were reduced by $23,895 from forfeited nonvested accounts.

Participant Loans

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest set by reference to the "bank prime rate." The interest rate will be declared quarterly; however, the Plan reserves the right to change the basis for determining the interest rate prospectively with thirty days notice. Interest rates range from 4.25% to 11.5%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan maturity may not exceed thirty years. A participant may have no more than one outstanding loan at any one time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments as defined in the Plan document. An active participant is entitled to benefits as soon as administratively possible after a qualified hardship event, as defined by the Plan document, or after obtaining age 59 ½. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. In the event of termination of employment (other than for death, disability, or retirement after age 65), participants are entitled to all of their elective deferral account balance and their vested percentage of their matching contributions.

Death Benefit

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Other

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions and vested benefits would be paid in full to ascertainable participants and beneficiaries.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Certain administrative expenses of the Plan are paid by the Plan sponsor as provided in the Plan document.

Reclassifications

Certain amounts from the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008 are as follows:

	2009	2008
Guaranteed Interest Account, at fair value (contract value of $1,367,888 and $1,147,985 at December 31, 2009 and 2008)	$ 1,385,835	$ 1,151,631

Templeton Growth Fund A	1,548,054	1,063,065

* Investment balance less than 5% of the Plan's net assets for the applicable year

During the year ended December 31, 2009, the Plan's mutual fund and money market mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,872,555.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

Topic ASC 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Money market mutual funds: Valued at the net asset value (NAV) of shares held by the Plan.

Guaranteed interest account: Fair value is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Participant loans: Valued at the outstanding loan balances, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Note 5 - Information Certified by the Plan's Trustee and Custodian

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Prudential Trust Company and Prudential Insurance Company of America, the trustee and custodian, as of December 31, 2009 and 2008 and for the year ended December 31, 2009.

The Plan trustee and custodian have certified their statement of accounts as of December 31, 2009 and 2008 and for the year ended December 31, 2009. The statement of accounts includes beginning and ending balances of investments held, contributions received and detail of all transactions during the period, including investment income.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by Prudential Retirement. The Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 3, 2004, which states that the prototype document satisfies the applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Note 7 - Investment Contract with Insurance Company

The Plan has a fully benefit-responsive guaranteed interest contract (GIC) with The Prudential Insurance Company of America. The Prudential Insurance Company of America maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the financial statements at fair value and then adjusted to contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 2, because the guaranteed interest contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by The Prudential Insurance Company of America, represents deposits made to the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exception under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The following are the average yields as of year-end December 31:

	2009	2008
Average yields		
Based on actual earnings	3.39%	3.69%
Based on interest rate credited to participants	3.39%	3.69%

Note 8 - Related Party and Party-in-Interest Transactions

Certain plan investments include guaranteed interest contracts managed by The Prudential Insurance Company of America. The Prudential Insurance Company of America, the custodian, as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest. Fees paid by the Plan to Prudential Trust Company, the trustee, for the investment management services were $242 for the year ended December 31, 2009. These qualify as exempt party-in-interest transactions.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 18,284,373	$ 14,048,816
Participant contributions receivable	-	(18,501)
Employer contributions receivable	-	(5,563)
Deemed loan distributions	-	(5,891)
Net assets available for benefits per Form 5500	$ 18,284,373	$ 14,018,861

The following is a reconciliation of employer contributions from the financial statements for the year ended December 31, 2009, to Form 5500:

	2009
Employer contributions per the financial statements	$ 107,596
Add prior year contribution receivable	5,563
Employer contributions per Form 5500	$ 113,159

The following is a reconciliation of participant contributions from the financial statements for the year ended December 31, 2009, to Form 5500:

	2009
Participant contributions per the financial statements	$ 981,535
Add prior year contribution receivable	18,501
Participant contributions per Form 5500	$ 1,000,036

The following is a reconciliation of total plan investment income from the financial statements for the year ended December 31, 2009, to Form 5500:

	2009
Investment income per the financial statements	$ 4,114,013
Add prior year deemed loan distributions	5,891
Investment income per Form 5500	$ 4,119,904

Note 11 - Partial Termination

During the year ended December 31, 2008, the Plan sponsor terminated employees in certain divisions of the Company as a result of office closures and reduction in work force. In aggregate, these terminations represented partial termination of the Plan. As a result of this partial plan termination, all affected participants become fully vested in accrued benefits at the termination date.

Note 12 - Subsequent Events

Subsequent to year end, the Plan was amended and restated effective January 1, 2010 to bring it into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and other legislative and regulatory changes.

The Plan sponsor has evaluated subsequent events through September 24, 2010, the date which the financial statements were available to be issued.
