Independent Auditors' Report

The Plan Administrator
RehabCare Group, Inc. 401(k) Employee Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of the RehabCare Group, Inc. 401(k) Employee Savings Plan (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the RehabCare Group, Inc. 401(k) Employee Savings Plan as of December 31, 2010 and 2009, and the changes in its net assets available for plan benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2010 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2010, are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(k) EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(1) Plan Description

The following description of the RehabCare Group, Inc. 401(k) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

Effective June 1, 1991, RehabCare Group, Inc. (the Company) established the Plan, a defined contribution plan for the benefit of its eligible employees. Effective July 1, 2007, the Plan was restated to incorporate prior amendments. No significant amendments were made to the Plan in 2009 or 2010. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Eligibility

Effective June 1, 2004, employees are eligible to participate in the Plan on the first day of the month following employment. Prior to June 1, 2004, employees who had attained age 21 were eligible to participate in the Plan on the first day of the month following the completion of one year of employment.

(c) Contributions

Each participant in the Plan may elect to contribute any amount, not to exceed 75% of eligible compensation, to the Plan up to the maximum allowable under current Internal Revenue Service regulations (\$16,500 in 2010 and 2009). Participant contributions under the Plan are exempt from federal income taxes. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company may make discretionary contributions to match the participants' contributions. During the years ended December 31, 2010 and 2009, the Company's discretionary contribution was 50% of the first 4% of a participant's compensation contributed to the Plan.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant may direct their account balance into one or more of the 19 investment options offered by the Plan or a self-directed investment option. The self-directed investment option allows the participant to direct contributions to be invested in any investment permitted under the Plan, including mutual funds, common stock, and bonds.

REHABCARE GROUP, INC.
401(k) EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(e) Vesting

Each participant is 100% vested in his or her contributions and earnings thereon. The vested percentage of each participant's Company contribution and earnings thereon is determined in accordance with the following table:

<u>Number of years of service</u>	<u>Vested percentage</u>
Less than 1 year of service	— %
1 or more years of service	100

The term "year of service" in the above table means any calendar year in which the participant completes at least 1,000 hours of service.

(f) Participant Loans

The Plan has a loan program for its participants. When added to the outstanding balance of all other loans to a participant, a loan may not exceed the lesser of: (a) 50% of the vested portion of their account balance or (b) \$50,000, reduced by the excess of the highest outstanding loan balance during the preceding one-year period over the outstanding loan balance on the date the loan was made. Loans may be outstanding for up to five years. Principal and interest are paid ratably through payroll deductions. The interest rate charged to participants is a fixed rate equal to the prime rate on the date the loan is issued. Any loans outstanding shall become due and payable in full at the end of the calendar quarter following a participant's termination. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.3% to 9.7% as of December 31, 2010.

(g) Distribution of Plan Benefits

Upon termination of service, each participant may elect to have his or her benefits distributed in either a lump-sum amount or installment payments.

(h) Plan Fees and Commissions

Investment management fees and loan administration fees are charged directly to the participants' accounts. In 2009, plan administration fees were also charged to the participants' accounts. Effective January 1, 2010, plan administration fees are no longer charged to the participants' accounts. Total fees paid by the Plan amounted to \$65,137 and \$404,819 for the years ended December 31, 2010 and 2009, respectively.

(i) Participation Forfeitures

Amounts representing forfeitures are periodically used to reduce the Company's future contributions. For the years ended December 31, 2010 and 2009, forfeited nonvested amounts totaled \$39,243 and \$65,687, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefits paid to participants, which are recorded when paid. Certain prior year amounts have been reclassified to conform to current year presentation.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the Plan's investments in money market funds (cash equivalents), mutual funds, self-directed brokerage accounts, and the Company's common stock are based on quoted market prices. Investments in common collective trusts are valued at the net asset value as determined using the estimated fair value of the investments in the respective funds on the last day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Any unrealized appreciation or depreciation for the period is reflected in the statements of changes in net assets available for plan benefits. Interest income is recorded as earned on the accrual basis.

(d) Valuation of Participant Loans and Receivables

Participant loans are recorded at amortized cost, unpaid principal plus accrued interest. The carrying values of receivables approximate fair value due to their relatively short-term nature.

(e) New Accounting Pronouncements

In September 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2009-12 is effective for periods ending after December 15, 2009. This new standard requires the Plan to disclose information about fair value measurements of investments in certain entities that calculate net asset value per share or its equivalent. See note 4 for the Plan's required disclosures. The Plan's adoption of this standard did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*. This standard added new requirements for disclosures about transfers into and out of Levels 1 and 2 and clarified existing fair value disclosures about the level of disaggregation and

about inputs and valuation techniques used to measure fair value. The portion of this standard related to these items became effective for the Plan in 2010. In addition, the standard added requirements for separate disclosures about the activity relating to Level 3 fair value measurements. The portion of this standard related to this item will become effective for the Plan in 2011. The adoption of this standard is not expected to have a significant impact on the Plan's financial statements.

(3) Investments

The following table presents investments that represent 5% or more of the Plan's net assets at December 31, 2010 and/or December 31, 2009:

	<u>\$ 10,700,326</u>	<u>20,739,303</u>

(4) Fair Value Measurements

The Plan uses a three-level fair value hierarchy that characterizes the valuation of its investments based on the observability of the inputs utilized in the valuation: Level 1 - inputs are quoted prices in active markets

REHABCARE GROUP, INC.
401(k) EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2010 and 2009

for the identical assets or liabilities; Level 2 - inputs other than quoted prices that are directly or indirectly observable through market-corroborated inputs; and Level 3 - inputs are unobservable, or observable but cannot be market-corroborated, requiring assumptions about pricing by market participants. The following tables set forth information for each of the Plan's investments, which are measured at fair value on a recurring basis:

December 31, 2010				
	Carrying value	Fair value measurements		
		Level 1	Level 2	Level 3
Cash and cash equivalents	\$ 10,117,630	10,117,630	—	—

Total investments, at fair value	\$ 131,742,673	131,736,970	5,703	—

December 31, 2009				
	Carrying value	Fair value measurements		
		Level 1	Level 2	Level 3

Mutual funds:

Total investments, at fair value	\$ 110,889,484	93,259,485	17,629,999	—

The level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Cash and cash equivalents: These investments primarily consist of money market mutual funds, which are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Notes to Financial Statements

December 31, 2010 and 2009

Mutual funds: This category consists of publicly traded funds of registered investment companies. The mutual funds invest primarily in marketable equity and fixed income securities. The fair value of these investments is based on the market price quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

RehabCare common stock: RehabCare common stock is valued at the closing price reported on the New York Stock Exchange and is classified within Level 1 of the valuation hierarchy.

Self-directed brokerage accounts: These investments are valued by the trustee based on quoted market prices obtained from national securities exchanges and are classified within Level 1 of the valuation hierarchy.

Common collective trusts: The net asset value of the common trusts is provided by the trustee and is determined by reference to the fair value of the underlying securities of the trust, which are valued primarily through the use of directly or indirectly observable inputs. There are no restrictions on the redemption of these investments. Common trusts are classified as Level 2 within the valuation hierarchy.

(5) Related-Party Transactions

In 2009, certain plan investments were in mutual funds and common collective trusts managed by Schwab Retirement Plan Services, Inc., the Plan's former trustee, and therefore, these transactions qualified as party-in-interest transactions. Effective January 1, 2010, State Street Bank and Trust Company became the new trustee for the Plan and Diversified Investment Advisors, Inc. became the new recordkeeper for the Plan. In 2010, certain Plan investments were in funds managed by both State Street Bank and Trust Company and Diversified Investment Advisors, Inc., and therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan invests in RehabCare Group, Inc. common stock and issues loans to participants, which are secured by the balances in the participants' accounts. RehabCare Group, Inc. is the plan sponsor, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are allowable under ERISA regulations.

(6) Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. Contributions of \$6,742 were not remitted within the required time period during the year ended December 31, 2010. These contributions were remitted in 2010, along with \$40 of interest to affected participants. Management believes this would not affect the tax status of the Plan.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to a participant's deferral account will be fully vested.

Notes to Financial Statements

(8) Tax Status

The Plan obtained its latest determination letter on April 24, 2009, in which the Internal Revenue Service stated the Plan as then designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and is, therefore, not subject to federal income taxes under present income tax laws. Therefore, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) 401(k) Employee Savings Plan Committee and Trustees of the Plan

The Plan provides for a 401(k) committee, chaired by the Company's chief financial officer, who acts as the plan administrator with representatives from the Company's finance, human resources, and legal departments. In 2010, State Street Bank and Trust Company became trustee for the Plan.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(11) Subsequent Event

Effective June 1, 2011, the Company's outstanding common stock was acquired by Kindred Healthcare, Inc. (Kindred) and the Company became a wholly owned subsidiary of Kindred. Shortly following the acquisition date, each share of RehabCare common stock outstanding immediately prior to the acquisition date was converted into 0.471 shares of Kindred common stock and \$26.00 in cash, without interest. No fractional shares of Kindred common stock were issued, and the Company's stockholders received cash in lieu of any fractional shares of Kindred common stock.

Following the Company's acquisition by Kindred, the Plan is expected to continue operating in its current form through at least December 31, 2011.

The Plan has evaluated subsequent events through June 30, 2011, the date at which the financial statements and supplemental schedules were issued.
