Report of Independent Auditors

To the Trustee, Participants and Administrator of
Scitor Corporation Salary Savings and Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedule of Scitor Corporation Salary Savings and Profit Sharing Plan (the "Plan") at September 30, 2010 and 2009 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of September 30, 2010 and 2009 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Scitor Corporation Salary Savings and Profit Sharing Plan

Notes to Financial Statements

September 30, 2010 and 2009

1. Description of the Plan

The following description of the Scitor Corporation (the "Company") Salary Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide employees of the Company with retirement benefits in accordance with section 401(a) of the Internal Revenue Code (the "IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to participate in the Plan immediately upon the first day of employment. Temporary employees, interns and contractors are not eligible for the Plan.

Contributions

Eligible employees may make bi-weekly contributions through salary reductions of up to 50% of their eligible compensation, subject to the limitations of the IRC. Eligible employees who have attained the age of 50 before the end of the Plan year may elect to contribute additional catch-up contributions to the Plan. The Plan also allows participants to make rollover contributions from other qualified plans. For Plan year 2010, eligible employees did not receive discretionary contributions to the Plan as all employer contributions were made to the Scitor Corporation Equity Participation Plan (the "EPP"). For Plan year 2009, eligible employees received discretionary contributions of 10% of their eligible compensation each pay period from October 1, 2008 through February 6, 2009. Beginning February 7, 2009, all employer contributions were made to the EPP.

Vesting

Participant and Company contributions and earnings thereon vest immediately.

Participant Accounts

Participants may elect to have their individual account invested in any combination of various mutual funds and common trust funds managed by T. Rowe Price Trust Company ("T. Rowe Price" or "Trustee"). In addition, participants may select a self-directed option whereby they may select any investment available through T. Rowe Price. Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and an allocation of Plan earnings (losses) thereon based on participant earnings or account balances, respectively, as defined.

Payment of Benefits

Upon termination of employment or separation of service due to retirement, death or disability, the balances in the participants' accounts may be distributed to the participants or their beneficiaries in a lump sum. Employees at least age 59-1/2 may request to withdraw an amount up to their total account balance accumulated through September 30, 2007. Any contributions made to the Plan after October 1, 2007 are not eligible. The Plan also allows for certain hardship withdrawals.

Notes Receivable from Participants

Eligible employees participating in the Plan may borrow 50% of their vested account balance limited to a maximum loan of \$50,000. Loans are subject to approval and bear interest at prevailing market rates at the date of the loan, as determined by the Trustee, which is currently set at the prime rate plus 2%. Loans are to be repaid within four and one half years of the date of the loan, unless the loan is used by a participant to acquire a principal residence, in which case the term of the loan shall not exceed ten years. Loans are secured by the balance in the participant's account and principal and interest are paid through payroll deductions.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, Plan assets would be distributed to participants after satisfying all liabilities.

Administrative Expenses

Effective 2010, administrative expenses are paid by an unallocated account funded by T. Rowe Price, the Company, or the Plan. Administrative expenses of \$117,629 were paid out of the unallocated account for the year ended September 30, 2010. The amount funded by T. Rowe Price for the year ending September 30, 2010 was \$171,312. The receivable owed to the Plan by T. Rowe Price for the year ending September 30, 2010 was \$49,127. The balance in the unallocated account at September 30, 2010 was \$102,974. The balance in the unallocated account will be used to pay future administrative expenses of the Plan. Prior to the effective date, administrative expenses were paid by the Company.

Participants with balances in the self-directed option incur a maintenance fee of \$18.75 per quarter and participants may incur redemption fees for certain investment fund transactions. For the Plan years ended September 30, 2010 and 2009, these fees totaled \$15,369 and \$14,986, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustments of the investment in the collective trust from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Valuation of Investments and Income Recognition

All investments are reported at fair value as determined by quoted market prices except the T. Rowe Price Stable Value Common Trust Fund and the T. Rowe Price Stable Value Fund, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5, "Fair Value of Investments," for a discussion of fair value measurements. Contract value is cost plus accrued income minus redemptions. The Plan's investment in the T. Rowe Price Stable Value Common Trust Fund and the T. Rowe Price Stable Value Fund are valued based on information reported by the Plan Trustee.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Loans to participants are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (the "FASB") issued additional disclosure requirements for fair value measurements. The guidance requires previous fair value hierarchy disclosures to be further disaggregated by class of assets and liabilities. A class is often a subset of

Scitor Corporation Salary Savings and Profit Sharing Plan

Notes to Financial Statements

September 30, 2010 and 2009

assets or liabilities within a line item in the statement of net assets available for benefits. In addition, significant transfers between Levels 1 and 2 of the fair value hierarchy are required to be disclosed. These additional requirements became effective January 1, 2010. These amendments did not have an impact on the financial results as this guidance relates only to additional disclosures. In addition, the fair value disclosure amendments also require more detailed disclosures of the changes in Level 3 instruments. These changes will be effective January 1, 2011 and will not have an impact on the financial results as this guidance only relates to additional disclosures. See Note 5, "Fair Value of Investments," for further information.

In September 2010, the FASB issued an amendment to guidance related to the presentation of participant loans. The amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendment is effective for fiscal years ending after December 15, 2010; however, the Company has early-adopted the provisions of the amendment. 2009 amounts were reclassified as notes receivable from participants under this guidance.

Tax Status

Income taxes are not provided as the Plan is designed to be exempt from taxation under the IRC. The Plan obtained its latest determination letter on September 13, 2009, at which time the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Additionally, for Plan year 2010 and 2009, the Plan initially failed IRS code section 415(c) compliance testing and corrective distributions were made subsequent to September 30, 2010 and 2009, in the amount of \$1,068,408 and \$558,926, respectively. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities, such as mutual funds, common trust funds and common stocks, are exposed to various risks, such as interest, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. Information Certified by the Trustee

The investment balances and related investment income information, which includes net appreciation (depreciation) in mutual funds, common trust funds, and dividends, included in the statements of net assets available for benefits, the statements of changes in net assets available for benefits, the related notes to financial statements and the supplemental schedule, excluding the fair value of the Stable Value Fund and the difference between fair value and contract value of the Stable Value Fund as described in Note 2, "Summary of Significant Accounting Policies," were derived from the Plan's trust statements as of September 30, 2010 and 2009 and for the years then ended, and were certified by the Plan's Trustee, T. Rowe Price Trust Company, as complete and accurate.

4. Investments

The fair value of the individual investments that represent 5% or more of the Plan's net assets available for benefits at September 30, are as follows:

	2010	2009
T. Rowe Price Mid Cap Growth Fund	\$ 33,707,903	\$ 28,305,249
T. Rowe Price Stable Value Common Trust Fund	29,760,748	-
T. Rowe Price Stable Value Fund - Sch. B	-	26,808,441
T. Rowe Price Retirement Fund 2020	22,339,207	19,929,275
T. Rowe Price Personal Strategy - Growth	17,534,486	16,701,547

*Investment does not represent 5% or more of net assets at September 30.

5. Fair Value of Investments

The FASB provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Scitor Corporation Salary Savings and Profit Sharing Plan

Notes to Financial Statements

September 30, 2010 and 2009

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2010 and 2009.

Common Collective Trusts: Valued at the net asset value ("NAV") of shares held at year end.

Common Stock: Valued at the closing price reported on the exchanges that the stocks are traded on.

Money Market Funds: Valued at the NAV of shares held at year end. Money market funds are considered cash and cash equivalents.

Mutual Funds: Mutual Funds held by the Plan include funds that are publicly traded. Funds are valued at the NAV of shares held at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables represent assets and liabilities measured and recorded at fair value on the Plan's statements of net assets available for benefits on a recurring basis and their level within the fair value hierarchy as of September 30, 2010 and 2009:

Fair Value Measurements of the Investments in Certain Entities that Calculate Net Asset Value per Share

In 2009, the FASB issued authoritative guidance related to fair value disclosures, which provided amendments to fair value measurements of investments in certain entities that calculate net asset value per share. The update permits as a practical expedient, a reporting entity to measure the fair value of an investment on the basis of the NAV per share of the investment if the NAV is calculated in a manner consistent with measurement principles. The update requires disclosure by major category of investment about the attributes of investments, such as the nature of the restrictions on the investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investees. The adoption of this update did not have material effect on the Plan's financial statements. The following table represents the fair value of investments calculated on the basis of NAV per share as of September 30, 2010 and September 30, 2009:

	<u>2010</u>	<u>2009</u>	<u>Redemption Frequency</u>	<u>Trade to Settlement Terms (if currently eligible)</u>
Stable Value Common Trust Fund ¹	\$ 29,760,748	\$ -	daily, pending market conditions	1 to 3 days
Stable Value Fund - Sch. B ¹	-	26,808,441	daily, pending market conditions	1 to 3 days
Equity Index Trust ²	-	12,724,721	90 days	1 to 3 days
Total	<u>\$ 29,760,748</u>	<u>\$ 39,533,162</u>		

¹ This category represents investments in a Stable Value fund as noted. Investments are valued at NAV. This fund has daily liquidity and is not subject to any redemption restrictions at the measurement date, unless a total withdrawal of the Plan's assets in the fund is requested, which requires a 12-month waiting period. The fund has different trading terms varying from one to three days.

² This category represents investments in a Common Trust fund, the Equity Index Trust. The Equity Index Trust attempts to replicate total return as represented by the S&P 500 Stock Index. Its investments are valued at NAV. The fund has daily liquidity, but is subject to a 90 day redemption restriction at the measurement date. The fund has different trading terms varying from one to three days.

6. Reconciliation to Form 5500

As of September 30, 2010 and 2009, net assets available for benefits per the accompanying financial statements reconcile to Form 5500 as follows:

	2010	2009
Net assets available for benefits, per financial statements	\$ 323,545,017	\$ 289,392,414
Adjustment from contract value to fair value for fully benefit-responsive investment	<u>1,530,055</u>	<u>899,166</u>
Net assets available for benefits, at fair value, per Form 5500	<u>\$ 325,075,072</u>	<u>\$ 290,291,580</u>

For the year ended September 30, 2010, the change in net assets available for the benefits per the accompanying financial statements reconciles to Form 5500 as follows:

Change in net assets available for benefits, per financial statements	\$ 34,152,603
Adjustment from contract value to fair value for fully benefit-responsive investment	<u>630,889</u>
Change in net assets available for benefits, per Form 5500	<u>\$ 34,783,492</u>

7. Related-Party Transactions

The Plan invests in mutual funds and common trust funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company serves as Trustee to the Plan. Transactions in such investments qualify as party-in-interest transactions, and are exempt from the prohibited transactions rules. Administrative expenses were paid using an unallocated account established and funded by T. Rowe Price, which qualifies as party-in-interest transactions, and is exempt from the prohibited transactions rules. The receivable owed to the Plan from T. Rowe Price as part of this arrangement at September 30, 2010 was \$49,127.

8. Subsequent events

In preparing these financial statements, management performed an evaluation of subsequent events through July 12, 2011, the date the financial statements were available for issuance, to determine whether circumstances warranted recognition and disclosure of those events or transactions in the financial statements as of September 30, 2010.
