Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Porex Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

On October 18, 2009, Porex Corporation, a wholly-owned subsidiary of HLTH Corporation, was acquired by wholly-owned subsidiaries of the Aurora Capital Group. At the time of acquisition, a successor company, Porex Parent, Inc., was formed.

The Plan is maintained by Porex Parent, Inc. and subsidiaries (the Company and Plan Sponsor), a direct wholly-owned subsidiary of Aurora Equity Partners III, L.P. and Aurora Overseas Equity Partners III, L.P., for the benefit of its eligible employees and the eligible employees of certain participating affiliated employers that have adopted the Plan. The Plan is a defined contribution plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Fidelity Management Trust Company (the Trustee) serves as Trustee for the Plan. An affiliated company of the Trustee provides record keeping services for the Plan.

Eligibility

All active employees of the Company, excluding leased employees and nonresident aliens with no source of income in the United States, who have completed six months of service, as defined by the Plan, and are at least 21 years of age, are eligible to participate in the Plan. Participants become eligible to participate on the first Plan entry date (first of each month) following completion of the eligibility requirements.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 50% of their eligible compensation to the Plan, not to exceed the limit under the IRC. In addition, eligible participants are permitted to make catch up contributions, which are not eligible for matching contributions. The Company provides a matching contribution equal to 100% of the participant's contribution up to 3% of annual compensation plus 50% of the next 2% of the participant's annual compensation contributed to the Plan. For any Plan year, deferral contributions in excess of 5% of the participant's compensation are not eligible for Company matching contributions. The Company's matching contributions are in the form of cash and are directed into various investments by the participants.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Contributions (cont.)

In addition, the Company, at its discretion, may elect to make additional annual profit-sharing contributions (Profit Sharing Contributions) to the Plan. Participants must be employed on the last day of the Plan year to be eligible for any Profit Sharing Contributions made for that Plan year. Profit Sharing Contributions, if any, will be allocated to eligible participants in the ratio that each eligible participant's eligible compensation bears to the total eligible compensation paid to all eligible participants for the Plan year. Profit Sharing Contributions will be invested at the direction of participants. No Profit Sharing Contributions were made in 2010.

Vesting

Participants are always 100% vested in their pretax contributions, Company matching contributions and any earnings thereon.

Discretionary Profit Sharing Contributions (and the earnings thereon) for periods of service beginning on or after January 1, 1999, are vested in accordance with the following schedule:

Years of Service	Percent Vested
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Pre-1999 discretionary Profit Sharing Contributions and pre-1999 Company matching contributions (as adjusted for investment gains and losses) were vested in accordance with the following schedule:

Years of Service	Percent Vested
Less than five	0%
Five or more	100%

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.) Participant Accounts

Individual accounts are maintained for each participant's share of the Plan's investment results, the Company's matching and discretionary contributions, and the participant's contribution. Allocations of Plan investment results are based on participant account balances, as defined by the Plan document.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the participant's account balance and bear interest at a reasonable rate of interest as determined by the Trustee based on prevailing interest rates charged for similar loans in the loan market. Repayments of the loans are made in substantially equal payroll deductions amortized over the life of the loan. The loan must be repaid within five years unless the loan is used to purchase a primary residence, in which case the repayment period may not extend beyond ten years from the date of the loan. The principal amount of the loan, together with all accrued interest, shall immediately become due when the participant is no longer employed by the Company.

Forfeitures

Forfeited account balances are utilized to reduce future Company contributions or pay Plan fees. The forfeited account balance was \$4,769 as of December 31, 2009. There was no forfeiture account balance as of December 31, 2010. In 2010, Plan fees were reduced by \$4,769 from forfeited non-vested accounts.

Benefit Payments

A participant becomes eligible for benefits at the normal retirement date (age 65), at early retirement date (age 55 and five years of service), upon termination from the Company, or at the date the participant dies or becomes totally disabled. In addition, a participant is eligible to receive distributions without termination of employment upon attainment of age 59½ without penalty. A participant may elect to receive the benefits either as a lump-sum distribution, installment payments over a specified period of time, or a direct roll-over distribution.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Administrative Expenses

All expenses of the Plan are paid by the Company, with the exception of express mail service fees on participant withdrawal and loan checks and individual loan setup and maintenance fees.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their account balances.

2. Summary of Significant Accounting Policies

Reclassification

Notes receivable from participants previously reported as a component of investments have been reclassified to a component of receivables in order to conform to the current year presentation. In September 2010, the Financial Accounting Standards Board issued Accounting Standards Update No. 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans" (ASC 962), which is effective for the Plan in 2010. This ASU requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The guidance is effective for fiscal years ending after December 15, 2010. In accordance with the transition provisions, prior years' presentation and disclosures have been retrospectively adjusted to conform to the new standard.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that could affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

Investments are stated at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the Plan's fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

3. Information Prepared and Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2010 and 2009, and net appreciation in fair value of investments, interest, dividends and investment expenses for the year ended December 31, 2010, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The Plan's investments (including investments purchased, sold as well as held during the year) appreciated in fair value as determined by quoted market prices in the active market as follows:

<i>Year ended December 31,</i>	2010
Common stock	\$ 1,258,120
Mutual funds	2,387,086
	\$ 3,645,206

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

3. Information Prepared and Certified by the Trustee (cont.)

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2010	2009
Fidelity Capital Appreciation Fund	\$ 1,242,826	\$ *
WebMD Health Corp. Common Stock	\$ *	\$ 4,356,676
Fidelity Blue Chip Growth Fund	\$ 1,777,898	\$ 1,392,869
Fidelity Dividend Growth Fund	\$ 1,713,909	\$ 1,436,711
Fidelity Retirement Government Money Market Portfolio	\$ 2,028,340	\$ 2,074,028
Fidelity Freedom 2020 Fund	\$ 2,391,495	\$ 1,205,832
Fidelity Freedom 2025 Fund	\$ 1,234,277	\$ *
Fidelity Freedom 2030 Fund	\$ 1,316,482	\$ *
Fidelity Diversified International Fund	\$ *	\$ 1,339,626
Rainier SM/Mid Cap Fund	\$ 2,099,521	\$ 1,536,392
Fidelity US Bond Index Fund	\$ 1,482,188	\$ 1,498,771

* Investment balance is less than 5%.

4. Fair Value Measurements

Fair value is measured according to a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means; and if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Porex Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

On October 18, 2009, Porex Corporation, a wholly-owned subsidiary of HLTH Corporation, was acquired by wholly-owned subsidiaries of the Aurora Capital Group. At the time of acquisition, a successor company, Porex Parent, Inc., was formed.

The Plan is maintained by Porex Parent, Inc. and subsidiaries (the Company and Plan Sponsor), a direct wholly-owned subsidiary of Aurora Equity Partners III, L.P. and Aurora Overseas Equity Partners III, L.P., for the benefit of its eligible employees and the eligible employees of certain participating affiliated employers that have adopted the Plan. The Plan is a defined contribution plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Fidelity Management Trust Company (the Trustee) serves as Trustee for the Plan. An affiliated company of the Trustee provides record keeping services for the Plan.

Eligibility

All active employees of the Company, excluding leased employees and nonresident aliens with no source of income in the United States, who have completed six months of service, as defined by the Plan, and are at least 21 years of age, are eligible to participate in the Plan. Participants become eligible to participate on the first Plan entry date (first of each month) following completion of the eligibility requirements.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 50% of their eligible compensation to the Plan, not to exceed the limit under the IRC. In addition, eligible participants are permitted to make catch up contributions, which are not eligible for matching contributions. The Company provides a matching contribution equal to 100% of the participant's contribution up to 3% of annual compensation plus 50% of the next 2% of the participant's annual compensation contributed to the Plan. For any Plan year, deferral contributions in excess of 5% of the participant's compensation are not eligible for Company matching contributions. The Company's matching contributions are in the form of cash and are directed into various investments by the participants.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Contributions (cont.)

In addition, the Company, at its discretion, may elect to make additional annual profit-sharing contributions (Profit Sharing Contributions) to the Plan. Participants must be employed on the last day of the Plan year to be eligible for any Profit Sharing Contributions made for that Plan year. Profit Sharing Contributions, if any, will be allocated to eligible participants in the ratio that each eligible participant's eligible compensation bears to the total eligible compensation paid to all eligible participants for the Plan year. Profit Sharing Contributions will be invested at the direction of participants. No Profit Sharing Contributions were made in 2010.

Vesting

Participants are always 100% vested in their pretax contributions, Company matching contributions and any earnings thereon.

Discretionary Profit Sharing Contributions (and the earnings thereon) for periods of service beginning on or after January 1, 1999, are vested in accordance with the following schedule:

Years of Service	Percent Vested
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Pre-1999 discretionary Profit Sharing Contributions and pre-1999 Company matching contributions (as adjusted for investment gains and losses) were vested in accordance with the following schedule:

Years of Service	Percent Vested
Less than five	0%
Five or more	100%

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.) **Participant Accounts**

Individual accounts are maintained for each participant's share of the Plan's investment results, the Company's matching and discretionary contributions, and the participant's contribution. Allocations of Plan investment results are based on participant account balances, as defined by the Plan document.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the participant's account balance and bear interest at a reasonable rate of interest as determined by the Trustee based on prevailing interest rates charged for similar loans in the loan market. Repayments of the loans are made in substantially equal payroll deductions amortized over the life of the loan. The loan must be repaid within five years unless the loan is used to purchase a primary residence, in which case the repayment period may not extend beyond ten years from the date of the loan. The principal amount of the loan, together with all accrued interest, shall immediately become due when the participant is no longer employed by the Company.

Forfeitures

Forfeited account balances are utilized to reduce future Company contributions or pay Plan fees. The forfeited account balance was \$4,769 as of December 31, 2009. There was no forfeiture account balance as of December 31, 2010. In 2010, Plan fees were reduced by \$4,769 from forfeited non-vested accounts.

Benefit Payments

A participant becomes eligible for benefits at the normal retirement date (age 65), at early retirement date (age 55 and five years of service), upon termination from the Company, or at the date the participant dies or becomes totally disabled. In addition, a participant is eligible to receive distributions without termination of employment upon attainment of age 59½ without penalty. A participant may elect to receive the benefits either as a lump-sum distribution, installment payments over a specified period of time, or a direct roll-over distribution.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Administrative Expenses

All expenses of the Plan are paid by the Company, with the exception of express mail service fees on participant withdrawal and loan checks and individual loan setup and maintenance fees.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their account balances.

2. Summary of Significant Accounting Policies

Reclassification

Notes receivable from participants previously reported as a component of investments have been reclassified to a component of receivables in order to conform to the current year presentation. In September 2010, the Financial Accounting Standards Board issued Accounting Standards Update No. 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans" (ASC 962), which is effective for the Plan in 2010. This ASU requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The guidance is effective for fiscal years ending after December 15, 2010. In accordance with the transition provisions, prior years' presentation and disclosures have been retrospectively adjusted to conform to the new standard.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that could affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

Investments are stated at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the Plan's fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

3. Information Prepared and Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2010 and 2009, and net appreciation in fair value of investments, interest, dividends and investment expenses for the year ended December 31, 2010, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The Plan's investments (including investments purchased, sold as well as held during the year) appreciated in fair value as determined by quoted market prices in the active market as follows:

<i>Year ended December 31,</i>	<i>2010</i>
Common stock	\$ 1,258,120
Mutual funds	2,387,086
	\$ 3,645,206

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

3. Information Prepared and Certified by the Trustee (cont.)

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2010		2009	
Fidelity Capital Appreciation Fund	\$	1,242,826	\$	*
WebMD Health Corp. Common Stock	\$	*	\$	4,356,676

Fidelity US Bond Index Fund	\$	1,482,188	\$	1,498,771

* Investment balance is less than 5%.

4. Fair Value Measurements

Fair value is measured according to a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means; and if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Porex Corporation 401(k) Savings Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:
