401(k) Profit Sharing Plan

We were engaged to audit the accompanying financial statements and supplemental schedule of Metalworking Group, Inc. 401(k) Profit Sharing Plan (the "Plan") as of September 30, 2010 and 2009 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Frontier Trust Company and JP Morgan Chase Bank, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the Trustees as of and for the years ended September 30, 2010 and 2009 that the information provided to the plan administrator by the Trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Metalworking Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements September 30, 2010 and 2009

Note 1 - Plan Description

The following description of Metalworking Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of The Metalworking Group Holdings, Inc. (the "Company") who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 90 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 100 percent of the first 1 percent of the participant's contribution, and may contribute up to 80 percent on the next 5 percent of the employee's deferred compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Loans - Participants may borrow from their accounts a minimum of \$500 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Loans are collateralized by the participant's account balance and bear interest at a market rate.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. For employer contributions made prior to October 1, 2008, the participant is 100 percent vested after six years of credited service. For employer contributions made after October 1, 2008, the participant is 100 percent vested after two years of credited service.

Benefit Payments - The full value of the employee's account balance is payable on his or her normal retirement age. The Plan defines the normal retirement age as 65. If an employee works beyond age 65, he or she may request to begin receiving the benefit. A participant may elect to receive either a transfer to another qualified plan, a lump-sum amount equal to the value of the employee's vested account (subject to 20 percent income tax withholding), or annual installments over a prescribed period of time.

Metalworking Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements September 30, 2010 and 2009

Note 1 - Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions. At September 30, 2010 and 2009, forfeited account balances totaled \$27,298 and \$118,278, respectively.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by JP Morgan Chase Bank. JP Morgan Chase Bank is a trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Plan Amendment - Effective October 1, 2008, the board of directors of the Company instituted an automatic enrollment feature to the Plan. All eligible employees will be automatically enrolled into the Plan at a 3 percent deferral rate. Participants have the ability to change their deferral rate or elect not to participate in the Plan.

In addition, effective October 1, 2008, the board elected safe harbor matching contributions to the Plan. As a result, all participants will be 100 percent vested in employer contributions made under safe harbor provision after two years of credited service.

Partial Termination - During 2009, the Company had a reduction in force that resulted in a partial termination of the Plan. Accordingly, the terminated participants became 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. Investments in the common collective trust fund are stated at fair value, based on the quoted market values of the underlying assets. Participant loans are valued at their outstanding balance, which approximates fair value. All other investments are valued based on quoted market prices. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements September 30, 2010 and 2009

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Plan.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 1, 2011, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Investment Information

In April 2009, the Plan changed its trustee from Frontier Trust Company to JP Morgan Chase Bank (collectively, the "Trustees"). The Trustees of the Plan held the Plan's investments and executed all investment transactions during the periods under audit. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustees.

Investments that exceed 5 percent of end of the year net assets are as follows:

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at September 30, 2010 and 2009 to Form 5500:

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at September 30, 2010 and 2009 and the valuation techniques used by the Plan to determine those fair values.

Level I - In general, fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Metalworking Group, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements September 30, 2010 and 2009

Note 6 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Participant loans classified as Level 3 are valued based on inputs that include market rates and remaining repayment terms of the individual loans and specific terms and contractual provisions outlined in the contract, including the effective interest rate.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
