Report of Independent Auditors

To The Trustee, Participants, and Administrator of the Scitor Corporation Equity Participation Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Scitor Corporation Equity Participation Plan (the "Plan") at September 30, 2010 and 2009 and the changes in net assets available for benefits for the year ended September 30, 2010 and the period February 1, 2009 (date of inception) through September 30, 2009, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Scitor Corporation Equity Participation Plan

Notes to Financial Statements

September 30, 2010 and 2009

1. Description of the Plan

The following brief description of the Scitor Corporation Equity Participation Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established by Scitor Holdings, Inc. (the "Company" and the "Sponsor Company") effective February 1, 2009 as a profit sharing plan within the meaning of section 401(a) of the Internal Revenue Code, as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Administrative Committee, which was appointed by the Board of Directors of the Company. Carl W. Monk, Jr. ("Trustee") holds the plan assets.

Eligibility

Employees are eligible to participate in the Plan immediately upon the first day of employment. Temporary employees, unless they have completed at least 1,000 hours of service during the year, and leased employees are generally not eligible to participate in the Plan.

Contributions

The Company may make annual discretionary contributions to the Plan in an amount determined by the Company. For 2010 and 2009, the Company's contribution was based on a defined percentage of participants' eligible compensation. Contributions can be made to the Plan in the form of cash or Company securities, and are subject to certain limitations. For the Plan year ended September 30, 2010, the Company made a contribution totaling \$34,191,261, including cash contributions of \$3,187,261 of which \$598,302 has not been received as of year-end and has been included in employer contributions receivable in the statement of net assets available for benefits. For the Plan year ended September 30, 2009, the Company made a contribution totaling \$22,425,050, including cash contributions of \$112,043.

Vesting

Participants are fully vested in Company contributions and earnings thereon.

Participant Accounts

The Plan maintains separate accounts for each participant. Each participant who is employed on September 30 of the Plan year receives an allocation of the Company's discretionary contribution for that Plan year, unless the participant is a temporary employee, intern or contractor who has not met the 1,000 hours of service threshold for the Plan year. A participant who is terminated during the Plan year who was an employee at any time during the Plan year and who has completed at least five years of employment with the Company as of his or her date of termination shall receive an allocation of the Company's contribution for such Plan year, regardless of whether the participant was employed by the Company on September 30 of the Plan year. Allocations of contributions are based on a participant's eligible compensation, relative to total eligible compensation. For those participants who are eligible but who have terminated prior to September 30, contributions are limited to the lesser of 10% of eligible compensation or the allocation entitled to pursuant to the eligible compensation to total eligible compensation ratio. Allocations of plan earnings are based on the ratio of a participant's end of the year account balance to all the participants' account balances as of the latest valuation date.

Payment of Benefits

Distributions from the Plan are made when a participant retires, dies (in which case payment shall be made to his or her beneficiary or, if none, his or her legal representatives), begins to receive payment under the Scitor Corporation Long Term Disability Plan, or otherwise terminates employment with the Company. In the Plan year in which the above situations apply, the participant's non-cash account balance shall be converted to cash based on the value determined as of the most recent valuation

Notes to Financial Statements

date, provided there is cash in the Plan. Converted shares are then re-allocated at year-end at fair value among the remaining participants in the Plan. After being converted, distributions of account balances shall be based on the value determined as of the most recent valuation date occurring immediately prior to the distribution and are to be made in cash in installments over a term of nine years commencing 180 days following the Plan year in which the participant's termination of employment occurred. The Administrative Committee, pursuant to a uniform nondiscriminatory policy, may, with the consent of the beneficiary, make such distribution in the form of a single lump sum payment. In the Plan year ended September 30, 2010, there were distributions totaling \$99,454. There were no distributions during the Plan year ended September 30, 2009.

Voting Rights

Participants are not entitled to a vote of any Company shares held by the Plan. The Trustee is required, however, to vote any shares allocated to participant accounts on behalf of the collective best interest of Plan participants and beneficiaries, to the extent that such shares have voting rights.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. Upon such termination, the Company, at its discretion, will notify the Trustee to either hold all assets of the Plan and make payments in accordance with the terms of the Plan or distribute to each participant the net balance in his or her account in a lump sum payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Company and, therefore, are not included in the Plan's financial statements.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (the "FASB") issued additional disclosure requirements for fair value measurements. The guidance requires previous fair value hierarchy disclosures to be further disaggregated by class of assets and liabilities. A class is often a subset of assets or liabilities within a line item in the statement of net assets available for benefits. In addition, significant transfers between Levels 1 and 2 of the fair value hierarchy are required to be disclosed. These additional requirements became effective January 1, 2010. These amendments did not have an impact on the financial results as this guidance relates only to additional disclosures. In addition, the fair value disclosure amendments also require more detailed disclosures of the changes in Level 3 instruments. These changes will be effective January 1, 2011 and will not have an impact on the financial results as this guidance only relates to additional disclosures. See Note 4, "Fair value of Investments," for further information.

Scitor Corporation Equity Participation Plan

Notes to Financial Statements

September 30, 2010 and 2009

Tax Status

Income taxes are not provided as the Plan is designed to be exempt from taxation under the Internal Revenue Code (the "IRC"). On October 8, 2010, the Plan received a favorable determination letter from the Internal Revenue Service (the "IRS"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

3. Investments

The fair value of the individual investments that represent five percent or more of the Plan's net assets available for benefits at September 30, are as follows:

	2010	2009
Scitor Holdings, Inc. Series A:		
Senior cumulative preferred stock	\$ 12,314,694	\$ -
Junior cumulative preferred stock	12,314,694	-
Total Series A cumulative preferred stock	<u>\$ 24,629,388</u>	<u>\$ -</u>

4. Fair Value of Investments

The FASB provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Scitor Corporation Equity Participation Plan
Notes to Financial Statements
September 30, 2010 and 2009

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pursuant to the Plan, the fair market value of plan assets is required to be established on the last day of each Plan year. For purposes of the Plan, fair market value is equivalent to fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Scitor Holdings, Inc. Series A Senior and Junior Cumulative Preferred Stock: Valued based on an income approach, a market approach (to include guideline publicly traded companies, guideline mergers and acquisitions, and prior transactions of the Company's preferred stock), and an option pricing method approach.

The preceding methods and approaches described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

The following table represents assets and liabilities measured and recorded at fair value on the Plan's statements of net assets available for benefits, on a recurring basis, and their level within the fair value hierarchy as of September 30, 2010:

Assets at Fair Value as of September 30, 2010				
	Level 1	Level 2	Level 3	Total
Scitor Holdings, Inc. Series A:				
Senior cumulative preferred stock	\$ -	\$ -	\$ 12,314,694	\$ 12,314,694
Junior cumulative preferred stock	-	-	12,314,694	12,314,694
Total Series A cumulative preferred stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,629,388</u>	<u>\$ 24,629,388</u>

The classification of an investment as Level 3 is based upon the significance of unobservable inputs to the overall fair value measurement. However, Level 3 financial instruments may include, in addition to the use of unobservable inputs, observable inputs (inputs that are actually quoted and can be validated to market sources). Accordingly, gains and losses in the table below may include changes in fair value due in part to changes in observable inputs that are part of the valuation methodology. The following table sets forth a summary of changes in the fair value of the Plan's Level 3 plan assets for the year ended September 30, 2010:

Balance at beginning of year	\$ -
Issuances and settlements, net	22,313,007
Gains (losses), net	<u>2,316,381</u>
Balance at end of year	<u>\$ 24,629,388</u>

5. Related-Party Transactions

Carl W. Monk, Jr. serves as Trustee of the Plan and also has an account in the Plan. As such, he is considered a party-in-interest. As of September 30, 2010, the number of Scitor Holdings, Inc. Series A cumulative preferred stock shares issued was 22,313, which had a value of \$24,629,388. The total shares re-allocated among the plan participants for the participants that were terminated from the plan

during the year, was 2,589, which had a value of \$2,857,727. As of September 30, 2009, there was no stock issued or re-allocated.

6. Subsequent events

In preparing these financial statements, management performed an evaluation of subsequent events through July 12, 2011, the date the financial statements were available for issuance, to determine whether circumstances warranted recognition and disclosure of those events or transactions in the financial statements as of September 30, 2010.

On October 29, 2010, the board of directors of Scitor Holdings, Inc. authorized the issuance of 16,500 shares of Series B \$0.01 par value nonvoting senior cumulative preferred stock for \$1,000 per share and 16,500 shares of Series B \$0.01 par value nonvoting junior cumulative preferred stock for \$1,000 per share. On November 1, 2010, Scitor Holdings, Inc. issued 15,502 shares of Series B \$0.01 par value nonvoting senior cumulative preferred stock for \$1,000 per share and 15,502 shares of Series B \$0.01 par value nonvoting junior cumulative preferred stock for \$1,000 per share. These shares were issued to the Scitor Corporation Equity Participant Trust, and satisfied the receivable of \$31,004,000 outstanding at September 30, 2010.

On February 15, 2011, in connection with a corporate refinancing, Scitor Holdings, Inc. paid dividends to both common and preferred stockholders, including a dividend to the Plan totaling \$4,420,014, representing all accumulated and unpaid dividends of all preferred stock held in the Plan through February 15, 2011. The Company paid a cash dividend of \$145.55 per issued and outstanding share of both the Series A senior and junior cumulative preferred stock and a cash dividend of \$37.81 per issued and outstanding share of both the Series B senior and junior cumulative preferred stock.
