NOTES TO FINANCIAL STATEMENTS

1. Description of Plan:

The following description of Millennium Partners Management LLC ("the Company") 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General:

The Plan is a retirement plan under Internal Revenue Code Section 401(k) effective April 1, 1998, covering all eligible employees of Millennium Partners Management LLC, MP Marketing of California Inc., Millennium Partners Club Sales LLC, Millennium Partners Massachusetts Property Management LLC, The Phillips Club Management Company Inc., MP Marketing of Florida LLC, Millennium Partners California Property Management LLC, Millennium Partners Florida Property Management LLC and MCAF Asset Manager LLC. Millennium Partners Management LLC owns, in whole or by majority, all the entities listed. The effective date of participation is the first day of each month following the date of satisfaction of the Plan's eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan or $16,500 ($22,000 for participants who are 50 years of age or older), whichever is less. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company does not match any percentage of the amount that a participant contributes to the Plan. The Company may make qualified nonelective contributions to the Plan.

C. Participant Accounts:

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on the participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's qualified nonelective contributions portion of their accounts, if any, plus actual earnings thereon, is based on years of continuous service. With respect to the company's discretionary portions, if any, a participant is 0% vested after one year of continuous service increasing by 25% annually to 100% after five years of credited service.

1. Description of Plan: (continued)

E. Participant Loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are subject to interest at the prime rate plus 1.5% per annum. The loans are secured by up to 50% of the participant's vested interest in the Plan. Loans must normally be repaid within such period as agreed to between the participant and Plan administrators.

F. Payment of Benefits:

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

A participant may withdraw up to 100% of his or her elective deferral contribution amount after attaining age of 59 ½ or before, provided such withdrawal meets certain financial hardship rules.

2. Summary of Significant Accounting Policies:

The Plan is administered under a contract with Guardian Insurance & Annuity Company, Inc., the "trustee". The trustee is responsible for holding the Plan assets.

A. Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

2. **Summary of Significant Accounting Policies: (continued)**

D. Payment of Benefits:

Benefits are recorded when paid.

E. Operating Expenses:

* Investments representing 5% or more of the Plan's net assets.

For the years ended December 31, 2010 and 2009, the Plan's investments in mutual funds (including gains and losses in investments bought and sold, as well as held during the year) appreciated in value by $918,117 and $1,619,425, respectively.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that might not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Fair value measurements of Plan assets as of December 31, 2010 are as follows:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 8,410,677	$ 8,410,677	$ -
Participants' loans receivable	213,675	-	213,675
	$ 8,624,352	$ 8,410,677	$ 213,675

3. **Investments and Fair Value Measurements: (continued)**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 3 Fair Value Measurements

The fair value of participants' loans receivable approximates the amortized cost of the loans because the loans are secured by each respective participants' account balance.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in net appreciation in fair value of investments in the accompanying financial statements.

4. **Plan Termination:**

Although it has not expressed any interest to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions, if any.

5. **Tax Status:**

The Internal Revenue Service has determined and informed the Company by a letter dated November 22, 2002 that the Plan and related trust are designed in accordance with applicable Sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

6. **Unaudited Information:**

Guardian Insurance & Annuity Company, Inc., the Plan trustee, holds the investment assets and executes the transactions. Financial information relating to the assets and related income included in the financial statements and supplemental schedule is based on information provided by the trustee. Such information has not been audited by the independent auditors.

7. **Risks and Uncertainties:**

The Plan invests in various mutual funds. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
