We were engaged to audit the financial statements and supplemental schedule of Natural Resource Group, LLC 401(k) Profit Sharing Plan (Plan) as of December 31, 2010 and 2009, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing the information with related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements, and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NATURAL RESOURCE GROUP, LLC
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 DESCRIPTION OF PLAN

The following description of Natural Resource Group, LLC (Employer) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1993. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was last restated effective January 1, 2008 and amended effective May 1, 2010. The Plan covers all employees of the Employer and excludes employees covered by a collective bargaining agreement, non-resident aliens and leased employees. Employees who have attained age 21 and completed three consecutive months of service are eligible to participate in the salary deferral arrangement and receive a safe harbor employer matching contribution. Employees who have attained age 21 and completed one year of service are eligible to participate in the discretionary profit sharing contribution. The Plan entry dates are the first day of each month following the completion of the eligibility requirements. It is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective May 1, 2010, the safe harbor employer matching contribution was eliminated.

Contributions

The Plan includes a cash or deferred arrangement allowed under Section 401(k) of the Code. Eligible participants are thereby permitted to elect to have a percentage or dollar amount of their compensation contributed as pre-tax 401(k) or post-tax Roth 401(k) contributions to the Plan. The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Each year, at its discretion, the Employer may choose to make a discretionary profit sharing contribution to eligible participants. In order to receive an allocation of discretionary profit sharing contributions, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year, unless termination is due to death, disability or retirement. There were no Employer discretionary profit sharing contributions for the years ended December 31, 2010 and 2009. Contributions are subject to limitations.

Prior to May 1, 2010, the Plan also had a 401(k) safe harbor provision. The Employer made matching contributions on a pay period basis to eligible participants in an amount equal to 100% of the participant’s elective deferrals not to exceed 3% of the participant’s compensation, plus 50% of the amount of elective deferrals between 3% and 5% of the participant’s compensation.

Participants direct the investment of contributions into various investment options offered under the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer discretionary profit sharing contribution, the Employer safe harbor matching contribution, and an allocation of Plan earnings or losses. Employer discretionary profit sharing contributions are allocated to participants based on compensation, subject to certain limitations. Income is allocated daily based on number of shares in the participant's account.

Vesting

Employee 401(k) contributions and Employer safe harbor matching contributions, plus actual earnings thereon, are immediately 100% vested. Employer discretionary contributions, plus actual earnings thereon, are vested using a six year graded vesting schedule, where a participant is 100% vested after completing six years of service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, upon death or disability.

Forfeitures

Forfeitures of non-vested Employer discretionary profit sharing account balances are allocated as additional Employer contributions. In order to receive an allocation of forfeitures, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year, unless termination is due to death, disability or retirement. Forfeitures allocated as of December 31, 2010 and 2009 were $28,261 and $15,200, respectively. At December 31, 2010 and 2009, non-vested account balances totaled $21,985 and $15,476, respectively.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund (to) from the participant loan fund. Loan terms range from less than one year up to five years and may be longer when used to purchase a principal residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate charged by other lenders for similar loans. Interest rates on outstanding loans ranged from 4.63% to 8.17% at December 31, 2010. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, death, disability, or retirement (age 65), the participant may receive the value of vested interest in their account in the form of a lump-sum, installment distribution or joint and 100% survivor annuity. If a participant terminates employment and the participant's account balance was never greater than $1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2010 and 2009.

Valuation of Investments and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the separate accounts are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Employer pays certain expenses incurred in the operation of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

During 2010, Financial Accounting Standards Board (FASB) released guidance that reclassifies participant loans from investments to notes receivable effective for fiscal years ending after December 15, 2010. The guidance permits early adoption and requires the reclassification to be retrospectively applied to all prior periods presented. The Plan adopted this guidance effective for the Plan year ended December 31, 2010.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition or disclosure through July 5, 2011, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Minnesota Life Insurance Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information including notes receivable from participants presented in the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2010.

NOTE 4 FAIR VALUE OF INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

International Funds	2,521,088	-	Daily	Daily

Lifecycle separate account funds include investments that seek capital appreciation by investing in stocks, bonds, and short term investments using index funds.

The money market separate account fund includes investments that seek to provide principal protection by investing in short term debt instruments issued by the U.S. government or large corporations that mature in 13 months or less.

Fixed income separate account funds include investments that seek to provide income by investing in bonds that are high and medium quality issued by corporations, the U.S. government, and its agencies with an average maturity ranging from 5 to 25 years.

Domestic equity separate account funds include investments that seek long-term capital growth, current income, or capital appreciation by investing primarily in stocks of companies contained in the S&P 500 stock index and are perceived by the manager to have excellent growth potential.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The specialty separate account fund includes investments that seek total return through a combination of capital appreciation and current income by investing in stocks of companies that manage, finance, or own real estate of various types.

International separate account funds include investments that seek long-term growth of capital by investing in stocks of foreign companies. This option employs a passive strategy that is expected to closely track the performance of the MSCI EAFE Index.

NOTE 5 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

Investments	2010		2009
Large Equity Index I Fund	$ 1,330,820		$ 1,247,842
Money Market Fund	724,977	*	913,263

Large Value Equity VIII Fund	-		1,064,838
Large Value Equity XIV Fund	1,095,814		-
Aggregate Bond II Fund	1,293,870		1,010,694

*Does not exceed 5% of Net Assets Available for Benefits

During the Plan years ended December 31, 2010 and 2009, the Plan's investment in separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,775,523 and $3,189,937, respectively.

NOTE 6 CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Minnesota Life Insurance Company. The contract is used as a funding vehicle for the separate accounts. If the contract is terminated, the Plan may be subject to withdrawal charges. There is no reserve against fair value for potential contract termination.

NOTE 7 TAX STATUS

The prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service indicating that the prototype plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination the Plan administrator will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed. Upon termination, each participant will become 100% vested and entitled to receive the value of their account.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 PARTY IN INTEREST

The Plan's investments are managed by Minnesota Life Insurance Company. Minnesota Life Insurance Company is the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest.

NOTE 11 PARTIAL PLAN TERMINATION

During the year ended December 31, 2010, the Plan Sponsor terminated a significant number of employees. In aggregate, the termination represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected employees were fully vested as of January 1, 2010.

Plan Trustees
Natural Resource Group, LLC
401(k) Profit Sharing Plan
Minneapolis, Minnesota

We were engaged to audit the financial statements and supplemental schedule of Natural Resource Group, LLC 401(k) Profit Sharing Plan (Plan) as of December 31, 2010 and 2009, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing the information with related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements, and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NATURAL RESOURCE GROUP, LLC
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 DESCRIPTION OF PLAN

The following description of Natural Resource Group, LLC (Employer) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1993. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was last restated effective January 1, 2008 and amended effective May 1, 2010. The Plan covers all employees of the Employer and excludes employees covered by a collective bargaining agreement, non-resident aliens and leased employees. Employees who have attained age 21 and completed three consecutive months of service are eligible to participate in the salary deferral arrangement and receive a safe harbor employer matching contribution. Employees who have attained age 21 and completed one year of service are eligible to participate in the discretionary profit sharing contribution. The Plan entry dates are the first day of each month following the completion of the eligibility requirements. It is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective May 1, 2010, the safe harbor employer matching contribution was eliminated.

Contributions

The Plan includes a cash or deferred arrangement allowed under Section 401(k) of the Code. Eligible participants are thereby permitted to elect to have a percentage or dollar amount of their compensation contributed as pre-tax 401(k) or post-tax Roth 401(k) contributions to the Plan. The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Each year, at its discretion, the Employer may choose to make a discretionary profit sharing contribution to eligible participants. In order to receive an allocation of discretionary profit sharing contributions, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year, unless termination is due to death, disability or retirement. There were no Employer discretionary profit sharing contributions for the years ended December 31, 2010 and 2009. Contributions are subject to limitations.

Prior to May 1, 2010, the Plan also had a 401(k) safe harbor provision. The Employer made matching contributions on a pay period basis to eligible participants in an amount equal to 100% of the participant’s elective deferrals not to exceed 3% of the participant’s compensation, plus 50% of the amount of elective deferrals between 3% and 5% of the participant’s compensation.

Participants direct the investment of contributions into various investment options offered under the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer discretionary profit sharing contribution, the Employer safe harbor matching contribution, and an allocation of Plan earnings or losses. Employer discretionary profit sharing contributions are allocated to participants based on compensation, subject to certain limitations. Income is allocated daily based on number of shares in the participant's account.

Vesting

Employee 401(k) contributions and Employer safe harbor matching contributions, plus actual earnings thereon, are immediately 100% vested. Employer discretionary contributions, plus actual earnings thereon, are vested using a six year graded vesting schedule, where a participant is 100% vested after completing six years of service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, upon death or disability.

Forfeitures

Forfeitures of non-vested Employer discretionary profit sharing account balances are allocated as additional Employer contributions. In order to receive an allocation of forfeitures, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year, unless termination is due to death, disability or retirement. Forfeitures allocated as of December 31, 2010 and 2009 were $28,261 and $15,200, respectively. At December 31, 2010 and 2009, non-vested account balances totaled $21,985 and $15,476, respectively.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund (to) from the participant loan fund. Loan terms range from less than one year up to five years and may be longer when used to purchase a principal residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate charged by other lenders for similar loans. Interest rates on outstanding loans ranged from 4.63% to 8.17% at December 31, 2010. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, death, disability, or retirement (age 65), the participant may receive the value of vested interest in their account in the form of a lump-sum, installment distribution or joint and 100% survivor annuity. If a participant terminates employment and the participant's account balance was never greater than $1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2010 and 2009.

Valuation of Investments and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the separate accounts are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Employer pays certain expenses incurred in the operation of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

During 2010, Financial Accounting Standards Board (FASB) released guidance that reclassifies participant loans from investments to notes receivable effective for fiscal years ending after December 15, 2010. The guidance permits early adoption and requires the reclassification to be retrospectively applied to all prior periods presented. The Plan adopted this guidance effective for the Plan year ended December 31, 2010.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition or disclosure through July 5, 2011, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Minnesota Life Insurance Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information including notes receivable from participants presented in the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2010.

NOTE 4 FAIR VALUE OF INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

International Funds	2,521,088	-	Daily	Daily

Lifecycle separate account funds include investments that seek capital appreciation by investing in stocks, bonds, and short term investments using index funds.

The money market separate account fund includes investments that seek to provide principal protection by investing in short term debt instruments issued by the U.S. government or large corporations that mature in 13 months or less.

Fixed income separate account funds include investments that seek to provide income by investing in bonds that are high and medium quality issued by corporations, the U.S. government, and its agencies with an average maturity ranging from 5 to 25 years.

Domestic equity separate account funds include investments that seek long-term capital growth, current income, or capital appreciation by investing primarily in stocks of companies contained in the S&P 500 stock index and are perceived by the manager to have excellent growth potential.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The specialty separate account fund includes investments that seek total return through a combination of capital appreciation and current income by investing in stocks of companies that manage, finance, or own real estate of various types.

International separate account funds include investments that seek long-term growth of capital by investing in stocks of foreign companies. This option employs a passive strategy that is expected to closely track the performance of the MSCI EAFE Index.

NOTE 5 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

Investments	2010		2009
Large Equity Index I Fund	$ 1,330,820		$ 1,247,842
Money Market Fund	724,977	*	913,263
Large Growth Equity III Fund	2,324,640		2,538,079
Large Equity II Fund	1,200,038		1,486,624
LifeStrategy II Fund	1,891,334		2,087,726
International Core II Fund	2,075,969		2,346,705
Large Value Equity VIII Fund	-		1,064,838
Large Value Equity XIV Fund	1,095,814		-
Aggregate Bond II Fund	1,293,870		1,010,694

*Does not exceed 5% of Net Assets Available for Benefits

During the Plan years ended December 31, 2010 and 2009, the Plan's investment in separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,775,523 and $3,189,937, respectively.

NOTE 6 CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Minnesota Life Insurance Company. The contract is used as a funding vehicle for the separate accounts. If the contract is terminated, the Plan may be subject to withdrawal charges. There is no reserve against fair value for potential contract termination.

NOTE 7 TAX STATUS

The prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service indicating that the prototype plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination the Plan administrator will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed. Upon termination, each participant will become 100% vested and entitled to receive the value of their account.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 PARTY IN INTEREST

The Plan's investments are managed by Minnesota Life Insurance Company. Minnesota Life Insurance Company is the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest.

NOTE 11 PARTIAL PLAN TERMINATION

During the year ended December 31, 2010, the Plan Sponsor terminated a significant number of employees. In aggregate, the termination represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected employees were fully vested as of January 1, 2010.
