NOTES TO FINANCIAL STATEMENTS

FOR THE PERIOD FROM JANUARY 1, 2010 TO SEPTEMBER 30, 2010 AND
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Evy of California, Inc. Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan, effective September 30, 1968, sponsored by Evy of California, Inc. (the "Company"), is a defined contribution 401(k) profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2009. The Company's chief executive officer is the plan administrator, who serves at the discretion of the Company's Board of Directors, and administers the Plan. The plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits, interpreting Plan documents and maintaining participants' accounts. The custodian and trustee of the Plan is John Hancock Life Insurance Co. U.S.A. ("John Hancock"). Truog-Ryding Company, Inc. is the recordkeeper for the individual participant accounts. Each participant allocates his or her Plan contributions among the funds available in the Plan. Administrative expenses, with the exception of asset management fees charged to participants in the various funds, are substantially paid for by the Plan.

Effective August 1, 2010, the Company began outsourcing its human resources (HR) function wherein the employees of the Company are now considered as employees of the third-party HR provider. One result of this change is that the Company adopted the HR provider's multiple employer 401(k) Plan. The Plan assets were transferred to the third-party HR provider's multiple employer 401(k) Plan in September 2010. The transfer of the Plan assets did not result in the termination of the Plan.

ELIGIBILITY AND PARTICIPATION

All employees are eligible to participate in the Plan as long as the employee is not leased, governed by a collective bargaining agreement or a non-resident alien who has no earned income from sources within the United States. Participants are eligible to participate in the Plan if they have completed three months of service. Additionally, participants become eligible to participate in discretionary profit sharing after twelve consecutive months and at least 1,000 hours of service.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS

Participants

Each year, participants may contribute up to 100% of their compensation, as defined by the Plan. Section 401(k) of the Internal Revenue Code (the "Code") and the Plan limit the amount certain highly compensated individuals may contribute, based on amounts contributed by lower compensated individuals. All participants were limited to a maximum contribution of \$16,500 in 2010 and 2009 by Section 402(g) of the Code. In addition, individuals age 50 or over by the end of the plan year are allowed to make additional contributions, in excess of the standard limits, of up to \$5,500 in 2010 and 2009, respectively. If any participant's elective deferrals for the year exceed the maximum allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

Employer

The Company may make a discretionary matching contribution, which may exceed net profits, of an amount not to exceed \$260 per participant. Matching contributions totaled \$15,369 and \$22,895 for the period from January 1, 2010 to September 30, 2010 and year ended December 31, 2009, respectively.

The Company may also make profit sharing contributions each year, subject to the provisions of the Plan. There were no profit sharing contributions for the period from January 1, 2010 to September 30, 2010 and year ended December 31, 2009.

Rollovers

With the consent of the plan administrator, participants are permitted to deposit distributions received from other qualified plans ("rollovers") without incurring federal or state income taxes and penalties. Rollover contributions totaled \$0 and \$3,261 for the period from January 1, 2010 to September 30, 2010 and year ended December 31, 2009, respectively.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Separate accounts are established and maintained for each participant, whereby the participant self-directs their investments. John Hancock provides the Plan participants with various individual investment options. Participants elect how to allocate their contributions among the funds and can change their allocations at any time. The fund values are stated at quoted market prices as determined by John Hancock. John Hancock and the plan administrator make available to the Plan participants a prospectus for each fund that explains in detail the investment objectives and policies. Investments in these funds are not guaranteed as to income or principal unless otherwise noted.

Each participant's account is credited with the participant's elective salary deferrals and Company matching and profit sharing contributions, if any. The allocation of profit sharing contributions is based on the proportion of the participant's total compensation to the total compensation paid to all participants. Investment earnings, including interest income and realized and unrealized gains and losses, are allocated to each participant's account in relation to the investment performance of each fund and the proportion of the participant's account balance to the total balance in each fund on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately 100% vested in their elective salary deferrals, rollovers, Company matching contributions and any related investment earnings, gains and losses. A participant is credited with a year of vested service upon completion of at least 1,000 service hours during a plan year. Participants become fully vested in Company discretionary profit sharing contributions and all related investment earnings, gains and losses upon retirement or in the event of death or disability while employed by the Company. Otherwise, participants vest in Company discretionary profit sharing contributions according to the following schedule:

<u>Years of Vested Service</u>	<u>Vesting Percentage</u>
Less than two years	0%
At least two years	20%
At least three years	40%
At least four years	60%
At least five years	80%
At least six years	100%

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT LOANS

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. Loans are permitted for certain medical expenses, tuition, funeral costs, purchase and repairing damages of principal residence, and costs to prevent eviction as defined in the Plan. Loan terms range up to five years, unless the loan is for a principal residence, in which case the plan administrator may permit a longer repayment period. The loans are secured by the balance in the participant's account and bear interest at Prime plus 1%. Principal and interest are paid ratably through payroll deductions. Loans become due and payable in full in the event of the participant's termination of employment, death, disability, or retirement, as defined by the Plan.

FORFEITURES

Upon termination of employment, the non-vested portion of the participant's account balance is forfeited at the end of the plan year. Forfeited accounts may be used to reduce the employer contribution to the Plan or be used to pay any administrative expenses of the Plan. There were no forfeitures for the period from January 1, 2010 to September 30, 2010 and year ended December 31, 2009.

BENEFIT PAYMENTS AND WITHDRAWALS

Upon termination of service due to death, disability or retirement, vested benefits due to the participants or their beneficiaries will be distributed in accordance with the Plan. The Plan also allows for hardship withdrawals of part or all of a participant's vested account, as outlined in the Plan. Benefits are recorded when paid.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, all participants become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair market value as determined by the Trustee. Realized gains and losses on sales of investments, if any, are calculated based on net sales' proceeds and investment costs determined on the specific-identification method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participants have investment discretion over all contributions made on their behalf.

The Plan invests in investment contracts (guaranteed interest accounts) through pooled separate accounts. Guaranteed interest accounts are recorded at fair value.

Rates on the guaranteed certificates are updated monthly for certificates purchased in the respective month. Once purchased, the interest rates are guaranteed over the life of the certificate.

PAYMENTS OF BENEFITS

Benefits are recorded when paid. Benefits paid to participants amounted to \$240,016 and \$49,936 for the period from January 1, 2010 to September 30, 2010 and year ended December 31, 2009, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RISKS AND UNCERTAINTIES

The Plan provides for various investment options using a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as variable interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 3 - FAIR VALUE OF INVESTMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value which are the following:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2010 and December 31, 2009.

Pooled separate accounts: Valued at the closing price reported by the trustee based on closing prices of the individual securities underlying the pooled separate accounts as reported on the active market on which the individual securities are traded. This valuation methodology has not changed in the last two reporting periods however interpretation of

disclosure guidance now indicates these are Level 2 values rather than Level 1 values as disclosed in prior year financial statements. The prior year financial statement disclosures have been presented to reflect the amounts as Level 2 values.

Guaranteed interest accounts: Valued by the trustee based on contract value, which approximates fair value, and interest rates available in the active market. This valuation methodology has not changed in the last two reporting periods however interpretation of disclosure guidance now indicates these are Level 3 values rather than Level 1 values as disclosed in prior year financial statements. The prior year financial statement disclosures have been presented to reflect the amounts as Level 3 values.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables represent the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2009:

NOTE 4 - UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN/TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the plan custodian/Trustee within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- All amounts included as investments at fair market value in the Statement of Net Assets Available for Plan Benefits as of December 31, 2009.
- Investment income and net appreciation in fair market value of investment amounts included in the Statement of Changes in Net Assets Available for Plan Benefits for the period from January 1, 2010 to September 3, 2010. The Plan did not have any transactions from September 4, 2010 through September 30, 2010.

NOTE 5 - INCOME TAX STATUS

The Plan is qualified under applicable provisions of the Internal Revenue Code and is not subject to federal and state income taxes. Participants are not subject to federal and state income taxes on their elective deferrals, matching contributions or profit sharing contributions, or on income accruing to their accounts, until they receive distributions from the Plan.

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan, as it is currently designed and being operated, is in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The plan administrator and Trustee intend to amend the Plan on a timely basis to comply with all applicable, recently adopted tax laws and regulations.
