NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

PLAN NUMBER: 003
EMPLOYER IDENTIFICATION NUMBER: 20-3785326

Note 1. Description of Plan

The following description of GWP 401(k) Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Employer established this defined contribution plan effective July 1, 2007 covering substantially all employees of Western Peterbilt, Inc. and its affiliates, which are wholly owned subsidiaries of GWP Holdings, LLC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

There are no age or time of service requirements to participate in the plan. The Plan does not include employees who are governed by a collective bargaining agreement.

Contributions

Participants – A participant may elect to defer a portion of their compensation not to exceed the maximum amount deductible under the Internal Revenue Code.

Matching – From January 1, 2009 to June 30, 2009, the Employer matching contributions were 50% up to 4% of contributions. A matching contribution of \$126,012 was made for the year ended December 31, 2009. Effective July 1, 2009, the Employer may make a discretionary matching contribution, determined by the Employer each year. No discretionary matching contribution was made for the year ended December 31, 2010.

Top heavy – Each plan year, the Employer may make additional contributions to meet IRS discrimination requirements. There were no top heavy contributions for the Plan years ended December 31, 2010 and 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, an Employer contribution as defined above, and an allocation of Plan earnings. Allocations are based on account balances as defined in the Plan document.

Vesting

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Benefits from employer contributions are 100% vested after three years of credited service.

Note 1. Description of Plan (cont)

Notes Receivable from Participants

Active participants may take a loan from their vested balance. The maximum loan amount is the lesser of 50% of the participant's vested balance or \$50,000. The minimum loan amount is \$1,000. Loans will be subject to interest rates charged for similar types of loans by other lenders. The maximum loan term is five years or an extended repayment term for the purchase of a primary residence.

Payment of Benefits

Retirement – If a participant remains employed with the Employer until retirement, they will receive the total amount credited to their account. The Plan considers retirement age to be 65.

Disability – In the event a participant becomes disabled and terminates employment due to the disability, the participant's account shall be fully vested and the participant will be eligible to receive their benefits.

Death – If a participant should die while employed by the Employer, their account shall be fully vested and will be paid to their designated beneficiary.

Termination – The vested portion of the participant's account will be paid as soon as administratively feasible after the participant terminates employment.

Vested benefits of \$1,000 or less will be paid out in a lump-sum distribution. Vested benefits of less than \$5,000, but greater than \$1,000, will be paid in a direct rollover to an individual retirement plan designated by the Plan Administrator. Vested benefits in excess of \$5,000 will be distributed either by rollover to a qualified plan of the participant's direction, or in a lump-sum payment upon request of the participant.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts will be used to reinstate previously forfeited participant account balances, pay any administrative expenses of the Plan, or reduce future employer contributions. Forfeitures for the years ended December 31, 2010 and 2009 were \$8,117 and \$44,272, respectively.

Note 2. Summary of Accounting Principles

Basis of Accounting

The financial reports of the plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the Trustee using various outside pricing sources. See note 7 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Deemed distributed loans for the year ended December 31, 2010 and 2009 were \$1,280 and \$0, respectively.

Administrative Fees

Certain administrative expenses are paid by the Employer.

Subsequent Events

The Plan has evaluated subsequent events through June 27, 2011, which is the date the financial statements were available to be issued. Subsequent to year end, the Plan's management has not identified any subsequent events requiring financial statement disclosure.

Note 3. Party in Interest Transactions

Fidelity Investments and its affiliates may provide various services to the Plan, including trustee services, recordkeeping, and investment management. These transactions, therefore, qualify as party-in-interest transactions. Fees paid to Fidelity Investments and its affiliates for investment management are deducted against investment returns.

Note 4. Information Prepared and Certified by Trustee

The Plan's management has obtained certification from the trustee, Fidelity Management Trust Company, that the following information provided by the trustee and included in the Plan's financial statements and supplemental schedules is complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

1. Amounts included as investments and participant loans in the statements of net assets available for benefits at December 31, 2010 and 2009, and supplemental schedules at December 31, 2010.
2. Additions and deductions to net assets included in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

Note 5. Investments

The following investments represent 5% or more of the Plan's net assets as of the year ended December 31, 2010 and 2009:

Note 6. Transfers In from Other Plans

On October 22, 2009, the Employer's Board of Directors voted to terminate the Western Peterbilt, Inc. Hourly 401(K) Savings Plan (Hourly Plan) and the Western Peterbilt, Inc. Salaried 401(K) Savings Plan (Salaried Plan). All assets were transferred out of these plans on December 31, 2009. The transfers into the GWP 401(K) Profit Sharing Retirement Plan were completed on January 15, 2010.

The receivable of \$9,353,538 as of the year end December 31, 2009 consists of \$2,684,533 transferred out of the Hourly Plan and \$6,669,005 transferred out of the Salaried Plan, and is comprised primarily of mutual funds, along with cash and brokerage accounts.

Note 7. Fair Value Measurements

The guidance establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States and expands disclosures about fair value measurements. It also establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority): Level 1, defined as quoted prices (unadjusted) in active markets for identical assets or liabilities that may be accessed at the measurement date; Level 2, defined as inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3, defined as unobservable inputs in which little or no market data exists, thereby requiring an entity to develop its own assumptions.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Tax Status

The Company adopted a standardized prototype retirement plan prepared by Fidelity Management & Research Company. The Internal Revenue Service has determined and informed Fidelity Management & Research Company dated December 5, 2001, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 10. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 1. Description of Plan

The following description of GWP 401(k) Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Employer established this defined contribution plan effective July 1, 2007 covering substantially all employees of Western Peterbilt, Inc. and its affiliates, which are wholly owned subsidiaries of GWP Holdings, LLC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

There are no age or time of service requirements to participate in the plan. The Plan does not include employees who are governed by a collective bargaining agreement.

Contributions

Participants – A participant may elect to defer a portion of their compensation not to exceed the maximum amount deductible under the Internal Revenue Code.

Matching – From January 1, 2009 to June 30, 2009, the Employer matching contributions were 50% up to 4% of contributions. A matching contribution of \$126,012 was made for the year ended December 31, 2009. Effective July 1, 2009, the Employer may make a discretionary matching contribution, determined by the Employer each year. No discretionary matching contribution was made for the year ended December 31, 2010.

Top heavy – Each plan year, the Employer may make additional contributions to meet IRS discrimination requirements. There were no top heavy contributions for the Plan years ended December 31, 2010 and 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, an Employer contribution as defined above, and an allocation of Plan earnings. Allocations are based on account balances as defined in the Plan document.

Vesting

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Benefits from employer contributions are 100% vested after three years of credited service.

Notes Receivable from Participants

Active participants may take a loan from their vested balance. The maximum loan amount is the lesser of 50% of the participant's vested balance or \$50,000. The minimum loan amount is \$1,000. Loans will be subject to interest rates charged for similar types of loans by other lenders. The maximum loan term is five years or an extended repayment term for the purchase of a primary residence.

Payment of Benefits

Retirement – If a participant remains employed with the Employer until retirement, they will receive the total amount credited to their account. The Plan considers retirement age to be 65.

Disability – In the event a participant becomes disabled and terminates employment due to the disability, the participant's account shall be fully vested and the participant will be eligible to receive their benefits.

Death – If a participant should die while employed by the Employer, their account shall be fully vested and will be paid to their designated beneficiary.

Termination – The vested portion of the participant's account will be paid as soon as administratively feasible after the participant terminates employment.

Vested benefits of \$1,000 or less will be paid out in a lump-sum distribution. Vested benefits of less than \$5,000, but greater than \$1,000, will be paid in a direct rollover to an individual retirement plan designated by the Plan Administrator. Vested benefits in excess of \$5,000 will be distributed either by rollover to a qualified plan of the participant's direction, or in a lump-sum payment upon request of the participant.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts will be used to reinstate previously forfeited participant account balances, pay any administrative expenses of the Plan, or reduce future employer contributions. Forfeitures for the years ended December 31, 2010 and 2009 were \$8,117 and \$44,272, respectively.

Note 2. Summary of Accounting Principles

Basis of Accounting

The financial reports of the plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the Trustee using various outside pricing sources. See note 7 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Deemed distributed loans for the year ended December 31, 2010 and 2009 were \$1,280 and \$0, respectively.

Administrative Fees

Certain administrative expenses are paid by the Employer.

Subsequent Events

The Plan has evaluated subsequent events through June 27, 2011, which is the date the financial statements were available to be issued. Subsequent to year end, the Plan's management has not identified any subsequent events requiring financial statement disclosure.

Note 3. Party in Interest Transactions

Fidelity Investments and its affiliates may provide various services to the Plan, including trustee services, recordkeeping, and investment management. These transactions, therefore, qualify as party-in-interest transactions. Fees paid to Fidelity Investments and its affiliates for investment management are deducted against investment returns.

Note 4. Information Prepared and Certified by Trustee

The Plan's management has obtained certification from the trustee, Fidelity Management Trust Company, that the following information provided by the trustee and included in the Plan's financial statements and supplemental schedules is complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

1. Amounts included as investments and participant loans in the statements of net assets available for benefits at December 31, 2010 and 2009, and supplemental schedules at December 31, 2010.
2. Additions and deductions to net assets included in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

Note 5. Investments

Note 6. Transfers In from Other Plans

On October 22, 2009, the Employer's Board of Directors voted to terminate the Western Peterbilt, Inc. Hourly 401(K) Savings Plan (Hourly Plan) and the Western Peterbilt, Inc. Salaried 401(K) Savings Plan (Salaried Plan). All assets were transferred out of these plans on December 31, 2009. The transfers into the GWP 401(K) Profit Sharing Retirement Plan were completed on January 15, 2010.

The receivable of \$9,353,538 as of the year end December 31, 2009 consists of \$2,684,533 transferred out of the Hourly Plan and \$6,669,005 transferred out of the Salaried Plan, and is comprised primarily of mutual funds, along with cash and brokerage accounts.

Note 7. Fair Value Measurements

The guidance establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States and expands disclosures about fair value measurements. It also establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority): Level 1, defined as quoted prices (unadjusted) in active markets for identical assets or liabilities that may be accessed at the measurement date; Level 2, defined as inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3, defined as unobservable inputs in which little or no market data exists, thereby requiring an entity to develop its own assumptions.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Tax Status

The Company adopted a standardized prototype retirement plan prepared by Fidelity Management & Research Company. The Internal Revenue Service has determined and informed Fidelity Management & Research Company dated December 5, 2001, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 10. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.
