Woodhead Industries, Inc. and Affiliated Companies
Employees' Profit Sharing and Savings Plus Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Woodhead Industries, Inc. and Affiliated Companies Employees' Profit Sharing and Savings Plus Plan as of December 31, 2010, September 30, 2010 and 2009, and the related statements of changes in net assets available for benefits for the period from October 1, 2010 through December 31, 2010, and the years ended September 30, 2010 and 2009, and the supplemental schedule of assets (held at end of year) as of September 30, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and September 30, 2010 and 2009, and for the period from October 1, 2010 through December 31, 2010, and for the years ended September 30, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Woodhead Industries, Inc. and Affiliated Companies
Employees' Profit Sharing and Savings Plus Plan

Notes to Financial Statements

Period From October 1, 2010 Through December 31, 2010, and
Years Ended September 30, 2010 and 2009

1. Description of the Plan

The following description of the Woodhead Industries, Inc. and Affiliated Companies Employees' Profit Sharing and Savings Plus Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all U.S. employees of Molex Incorporated (the Company) who were former employees of Woodhead Industries, Inc. and Affiliated Companies, exclusive of those employees who are members of a collective bargaining unit that has not adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective on December 31, 2010, the Plan was merged into the Molex Incorporated Retirement and Savings Plan (the Molex Plan). Accordingly, plan assets of \$9,919,609 were transferred into the Molex Plan. The notes to the financial statements are presented and apply to the Plan prior to the merger.

Contributions

Effective January 1, 2008, the Plan was frozen (the Freeze Date), and participants became eligible for the Molex Incorporated qualified plans. No new participants may join the Plan on or after the Freeze Date. In addition, no profit-sharing, matching, or employee contributions attributable to compensation earned after the Freeze Date will be made to the Plan. Participants continue to vest in their profit-sharing and matching contribution accounts as long as they remain employed by the Company or any affiliated company.

Woodhead Industries, Inc. and Affiliated Companies
Employees' Profit Sharing and Savings Plus Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Prior to the Freeze Date, participants were able to contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (the Code) limitations. The deferral percentage for highly compensated participants was limited based on the results of prior year discrimination tests, as defined in the Plan's provisions. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with forfeitures and plan earnings and is charged with withdrawals and an allocation of plan losses and administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's profit-sharing and matching contribution portion of their accounts is based on years of continuous service. Vesting occurs at a rate of 20% per year of service. A participant is 100% vested after five years of credited service. Effective April 16, 2007, Advanced Interconnect, Inc., a participating employer in the Plan, was acquired by Winchester Electronics. As a result of the sale, the Plan was amended effective April 16, 2007, to provide that any participant who was an active employee of Advanced Interconnect, Inc. on that date would become 100% vested in his profit-sharing and matching contribution accounts.

1. Description of the Plan (continued)

Participant Loans

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the last 12-month period or 50% of their vested account balance or that portion of the participants' accounts attributable to 401(k) contributions, including earnings thereon. The loans are secured by the balance in the participants' accounts and bear interest at a rate determined by the plan administrator. Interest rates range from 4.25% to 9.25%. Repayment of principal and interest is made through payroll deductions not less frequently than quarterly over a period not to exceed five years.

Payment of Benefits

On termination of service due to death or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a direct rollover to a qualified plan. Prior to February 25, 2003, a participant could elect to receive installments in monthly, quarterly, semiannual, or annual intervals over a period not to exceed 10 years, and in the case of termination of service due to disability, or for termination of service for other reasons, a participant would receive the value of the vested interest in his or her account as a lump-sum distribution only. Participants may make withdrawals from their accounts by determination that a financial hardship, as defined, had occurred.

Forfeitures

Effective October 1, 2010, forfeitures shall be used to offset the Plan's administrative expenses.

Prior to October 1, 2010, any amounts that became forfeitures since the end of the prior plan year were first made available to reinstate previously forfeited account balances of former participants. After restoration of these rehired participant account balances, forfeitures were allocated to the participants on the same basis as that of the Company contribution. Specifically, forfeitures attributable to employer-matching contributions were allocated among those participants who received matching contributions as an additional matching contribution. Forfeitures attributable to profit-sharing contributions were allocated among the participants eligible to share in the allocation of profit-sharing contributions for the plan year. Forfeiture balances as of September 30, 2010 and 2009, were \$18,159 and \$21,451, respectively.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2010 or 2009. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Investment management fees and certain other administrative expenses are paid by the Plan. All other administrative expenses are paid by the Company.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not affect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the FASB issued Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued by unpaid interest and classified as notes receivable from participants. Previously loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010, and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of September 30, 2009. Participant loans have been reclassified to notes receivable from participants as of September 30, 2009.

Subsequent Events

Management evaluated subsequent events through July 14, 2011, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2010 and September 30, 2010 and 2009, and net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the period from October 1, 2010 through December 31, 2010 and for the years ended September 30, 2010 and 2009, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the trustee of the Plan.

3. Investments (continued)

The Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) (depreciated) appreciated as follows:

	December 31		September 30	
	2010		2010	2009
Pooled separate accounts	\$ 120,995	\$	204,973	\$ (193,270)
Mutual funds	508,880		479,882	(779,985)
	<u>\$ 629,875</u>	\$	<u>684,855</u>	<u>\$ (973,255)</u>

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.

Woodhead Industries, Inc. and Affiliated Companies
Employees' Profit Sharing and Savings Plus Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumption about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value.

Mutual Funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Pooled Separate Accounts: Valued at NAV provided by the issuer on the last business day of the plan year.

- (a) This category includes pooled separate accounts with a diverse portfolio of stock, bond, inflation-protected securities, and money market funds designed to deliver stability. These funds seek to provide growth of capital and current income consistent with their current target allocation. There are no redemption restrictions on these investments.

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- (b) This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These pooled separate accounts share the common goal of first growing and then later preserving principal and contain a mix of U.S. common stocks, U.S. issued bonds, and cash. There are no redemption restrictions on these investments.

5. Related-Party Transactions

The Plan holds units of pooled separate accounts managed by Principal Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under Employee Retirement Income Security Act (ERISA). Fees paid to Principal Trust Company by the Plan were \$48 for period from October 1, 2010 through December 31, 2010 and \$320 and \$5,284 for the years ended September 30, 2010 and 2009, respectively, which related primarily to the administration of participant loans.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated October 14, 2003, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Woodhead Industries, Inc. and Affiliated Companies
Employees' Profit Sharing and Savings Plus Plan

Notes to Financial Statements (continued)

7. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
