NOTE A - DESCRIPTION OF PLAN

The following description of the Abercrombie and Kent USA, LLC 401(k) Savings & Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Abercrombie and Kent USA, LLC (the "Company") who have completed 30 days of service. After completion of 30 days of service, employees are allowed to enter the Plan at the beginning of the next month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2009, Marshall & Ilsley Trust Company N.A. ("M&I") replaced Prudential Retirement Insurance and Annuity Company as the trustee.

Contributions

Participants may contribute a percentage of their pretax annual compensation, as defined in the Plan agreement. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company will make a matching contribution in an amount equal to $0.50 for each $1.00 contributed by a participant, up to a maximum of 6% of the participant's eligible compensation, as defined. The Company may also make discretionary non-elective contributions. The Company contributions are invested as directed by the participant. The Company made no discretionary non-elective contributions in 2010 and 2009. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's and Company's matching contributions and an allocation of the Company's discretionary non-elective contributions, if any, and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN - Continued

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participants' accounts is based on years of service. A participant becomes 0% vested after one year of service, 40% after two years of service, 60% after three years of service, 80% after four years of service and 100% vested after five years of service. However, if an active participant dies prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Benefit Payments

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the vested portion of his or her account, a distribution in the form of an annuity or installment payments.

Notes Receivable From Participants

Participants may borrow up to a maximum of $50,000 or 50% of the vested portion of their account balances, whichever is less. Loans are calculated on a fully amortized basis. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans, as defined. Principal and interest are paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective trust (the M&I Employer Benefit Stable Principal Fund) as of December 31, 2010. The statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of this investment from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Adoption of New Accounting Guidance

In January 2010, the Financial Accounting Standards Board ("FASB") amended the fair value measurements and disclosures by adding new disclosure requirements for Level 1 and Level 2, separate disclosures of purchases, sales, issuances and settlements relating to Level 3 measurements, and clarification of existing fair value disclosures. This amendment is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010.

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of $168,944 and $176,533 for the years ended December 31, 2009 and 2010, respectively, from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Benefit Payments

Benefit payments are recorded when paid.

Forfeited Accounts

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated employees in accordance with the Plan agreement. Forfeitures are available to pay Plan expenses, which would be otherwise payable by the Company, or to offset Company contributions. At December 31, 2010 and 2009, there was a forfeiture balance of $8,101 and $-0-, respectively. During 2010, the Company used approximately $12,000 of forfeitures to offset Company contributions.

Administrative Expenses

The Plan pays for management, loan and distribution fees. All other fees are paid by the Company.

NOTE C - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, 2010 and 2009, are separately identified as follows:

	2010	2009
M&I Employer Benefit Stable Principal Fund*	$2,175,837	$2,762,626
PIMCO FDS Total Return Fund Inst #35	729,649	646,811
Oakmark Equity & Income Fund I	900,934	728,990
Pioneer Cullen Value Fund Class Y	600,574	504,129
Thornburg International Value Fund - R5	595,902	483,132
Vanguard 500 Index Fund - Sign #1340	874,727	729,302
Victory Diversified Stock Fund A	520,720	451,091
Wells Fargo Small Cap Value Fund CL Investor	693,272	545,465

* Represents fair value. Contract value of the investment as of December 31, 2010 and 2009, is $2,154,294 and $2,790,531, respectively.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $733,019 as follows:

Mutual funds	$694,120
Collective trusts	38,899
Total	$733,019

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

The FASB has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described below:

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology, including the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market.

The categorization of an investment within the fair value hierarchy is based upon the transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Collective trusts - Valued at the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, minus liabilities, and then divided by the number of shares/units held by the Plan at year-end. The NAV is quoted on a private market and the underlying assets owned by the fund are traded on active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(b) These funds invest in a variety of equity and fixed income securities based on certain risk/return characteristics. These funds can be redeemed daily.

NOTE E - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by M&I or affiliates thereof. M&I is the custodian as defined by the Plan; therefore, these transactions qualify as related-party transactions under ERISA. In addition, management fees, totaling approximately $50,000, were paid to M&I through the Plan.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan is a Prototype Nonstandardized Profit Sharing/Thrift Plan with a 401(k) Feature ("Prototype Plan") sponsored by M&I Trust Company. The Prototype Plan obtained its latest opinion letter on February 6, 2002, in which the Internal Revenue Service ("IRS") stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance in all material respects with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and that the related trust was tax exempt as of the financial statement dates.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the US Federal, state and local taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2007.

NOTE H - INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, M&I has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

NOTE H - INFORMATION PROVIDED BY THE TRUSTEE - Continued

- Investments, non-interest-bearing cash, notes receivable from participants, accrued interest and pending trades, as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2010 (contract value certified for the M&I Stable Principal Fund).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE I - DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan year ended December 31, 2009, contributions made during one payroll period were not funded to the trust on a timely basis. The Company has remitted the contributions to the trust in 2010. The total of the transaction is detailed on the schedule of delinquent participant contributions in the accompanying supplemental schedule.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
