NOTE 1. PLAN DESCRIPTION

The following description of the Rehrig Pacific Company Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan covering all employees who are employed by Rehrig Pacific Company (the "Company", the "Employer", and the "Plan Sponsor"), that are not covered by a collective bargaining agreement, have obtained age 21, and have at least 6 months of service. It is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Rehrig Pacific Company also sponsors a retirement plan for collective bargaining employees, the Rehrig Pacific Company Retirement Plan for Collective Bargaining Employees.

Participant Contributions

Each year, participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of 3% of eligible compensation, increasing by 1% annually.

Company Contributions

The Company made non-discretionary matching contributions in an amount of 100% of the first 1% of eligible compensation, and 50% of the next 5% of eligible compensation. The Company also made a discretionary profit sharing contribution of 5% of total eligible earnings to eligible employees. For the year ended December 31, 2010, total Company matching and profit sharing contributions amounted to $2,672,185 net of forfeitures of $150,000.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested in the Employer match and profit sharing contributions after 5 years of credited service. An amendment made effective January 1, 2002 allows participants to be 100 percent vested in Employer matching contributions after 3 years of credited service. A second amendment made effective January 1, 2008 allows participants to be 100 percent vested in profit sharing contributions after 3 years of credited service, and 100 percent vested in Employer matching contributions after 2 years of credited service. Participants may become 100 percent vested upon death, disability or normal retirement age, as defined in the Plan.

Forfeitures

Forfeitures of Company contributions will be utilized to reduce future Company contributions related to the profit sharing contribution. During the year ended December 31, 2010 the Company used $198,551 of forfeitures to reduce the 2009 Company profit sharing contribution, and anticipates using $150,000 of the remaining balance in the forfeiture account of $169,869 at December 31, 2010 to reduce the 2010 Company profit sharing contribution to be made in 2011.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments as permitted under the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, may be paid by the Plan as provided by the Plan document; however, for the Plan year ended December 31, 2010, the Company paid all administrative expenses related to the Plan.

Most investment options have management fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Fidelity Management Trust Company (the "Trustee" and "FMTC").

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds are reported at fair value. The investments and changes therein of the trust funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividend income, if any, is included in net appreciation of investments.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Participant's select how their investments are allocated. Through participant direction, approximately 19% of the Plan's assets are in the Fidelity Contrafund.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be Indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investments are Level 1 and the following table sets forth, by investment type, the Plan's assets at fair value as of December 31, 2010:

Mutual funds:		
Blend funds	$	7,265,545
Fixed income funds		1,728,773
Growth funds		9,938,340
Money market fund		5,114,902
Target date funds		11,386,640
Value funds		1,158,321
Total investments at fair value	$	36,592,521

Reclassifications and New Accounting Pronouncement

Participant loans as of 2009 have been classified as notes receivable to conform to the 2010 presentation which is in accordance with the FASB ASU *Reporting Loans to Participants by Defined Contribution Plans* issued September 16, 2010.

NOTE 3. INVESTMENTS

The following presents investments, at December 31, 2010, that represent 5 percent or more of the Plan's net assets.

Fidelity Retirement Money Market Portfolio	$	5,114,902
Fidelity Contrafund	$	7,325,927
Fidelity Overseas Fund	$	1,991,384
Fidelity Freedom 2025 Fund	$	2,633,239
Fidelity Freedom 2030 Fund	$	1,979,225

For the year ended December 31, 2010, net appreciation of registered investment companies (mutual funds) was $3,936,186.

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by FMTC. FMTC is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions for which exemptions exist. FMTC charges the Plan for certain administrative expenses and receives a management fee, which reduces the return on investments. FMTC received $15,537 paid directly by participants for participant loan and transaction related fees.

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

NOTE 6. TAX STATUS

The Company adopted a Fidelity Prototype plan which is the subject of a favorable tax opinion letter dated March 31, 2008. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, accordingly, the Plan Administrator believes that the Plan is exempt from income taxes.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and participant loans receivable as shown in the accompanying statements of net assets available for plan benefits of $36,592,521 and $998,197, respectively, as of December 31, 2010 and $29,784,026 and $719,556, respectively, as of December 31, 2009. .

b. Net appreciation of investments of $3,936,186 and interest income on investments and participant loans of $926 and $30,876, respectively, as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2010.

c. Total assets as of December 31, 2010 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. PARTICIPANT LOANS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 6.75 percent. Principal and interest is paid ratably through payroll deductions.

NOTE 9. RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500

The following table reconciles net assets available for plan benefits per the financial statements to the Form 5500 as filed by the Company for the years ended December 31:

	2010	2009
Net assets available for plan benefits per the financial statements	$ 39,412,434	$ 32,130,530
Company contributions receivable	(1,771,142)	(1,538,661)
Participant contributions receivable	(50,574)	-
Net assets available for plan benefits per the Form 5500	$ 37,590,718	$ 30,591,869

NOTE 10. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL) has performed an investigation of the Plan. The DOL has asserted that certain contributions were not remitted as soon as they could be reasonably segregated from Company assets. Although the Company disagrees with the findings, it elected not to spend the time or money to challenge the DOL. The related earnings restitution of $200 was restored to the Plan on June 1, 2010.

NOTE 11. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred from December 31, 2010 through July 15, 2011, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
