To the Plan Administrative Committee for the
Quad Knopf, Inc. 401(k) Savings Plan

Quad Knopf, Inc. engaged us to audit the financial statements of the Quad Knopf, Inc. 401(k) Savings Plan (Plan) as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and a supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the management of the Plan.

As permitted by 29CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan assets, certified, except for comparing the information with the related information included in the financial statements and supplemental schedule. The Plan administrator informed us that the custodians hold the Plan investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians, as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and we do not, express an opinion on the accompanying financial statements and supplemental schedule, taken as a whole. We have audited the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, in accordance with auditing standards generally accepted in the United States and, in our opinion, the Plan presents the form and content of the information included the accompanying financial statements and supplemental schedule in compliance with the DOL Rules and Regulations for Reporting and Disclosure under the ERISA.

Quad Knopf, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2010

Note 1 – Description of the Plan

The following description of the Quad Knopf, Inc. (QKI) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of its provisions.

General
QKI established the Plan effective January 1, 1990, and last amended and restated the Plan effective October 5, 2010. The Plan is a defined contribution profit sharing plan with a 401(k) arrangement. Employees of QKI and the related Quad Knopf, LLC may participate in the Plan after having attained age 21. Qualifying employees may enter the Plan on the first day of the month after becoming eligible. QKI automatically enrolls new employees, with a deferral rate of 6%, unless the new employee affirmatively elects a different percentage, including zero. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A Plan committee, appointed by the Board of Directors of QKI, manages the Plan. Principal Life Insurance Company and Principal Trust Company, the Custodians, hold all the Plan investment assets. The Plan pays all Plan expenses, except settlor expenses, from forfeitures, when available. Otherwise, QKI pays the expenses. During the year ended December 31, 2010, the Plan paid expenses totaling $13,439.

Contributions, vesting and forfeitures
Participants may defer (pre-tax regular and post-tax Roth) up to the lower of 100% of their annual qualified compensation and the Internal Revenue Code (IRC) limit to the Plan. Participants that attain age 50 by the last day of the Plan year may defer additional amounts (“catch-up” contributions) to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Rollovers are not subject to Plan or IRC contribution limits. Participants are always 100% vested in their deferral, catch-up and rollover contributions and earnings thereon.

The Plan also provides for discretionary QKI matching contributions, determined by the Board of Directors of QKI. QKI allocates matching contributions as a percentage of participant deferrals and eligible compensation during each pay period. Participants not deferring during a pay period are ineligible for matching contributions for that pay period. Matching contributions and earnings thereon vest to participants at a rate of 50% per year, beginning with the second year of credited service. Participants become 100% vested, regardless of years of credited service attained, upon death, disability, Plan termination or reaching retirement age. During the year ended

Note 1 – Description of the Plan (continued)

December 31, 2010, QKI paid discretionary match contributions equal to 10% of participant deferrals not exceeding 6% of participant compensation.

The Plan also provides for discretionary QKI profit sharing contributions, determined by the Board of Directors of QKI. QKI allocates profit sharing contributions based on the relative eligible compensation earned by each eligible participant. An eligible participant for the discretionary QKI profit sharing contribution is one that QKI credited with at least 500 hours of service during or QKI employed at the end of the applicable Plan year. Profit sharing contributions and earnings thereon vest to participants at a rate of 50% per year, beginning with the second year of credited service. Participants become 100% vested, regardless of years of credited service attained, upon death, disability, Plan termination or reaching retirement age. During the year ended December 31, 2010, QKI made no profit sharing contributions.

The Plan may use unvested matching and profit sharing contributions and earnings thereon (forfeitures) to pay Plan administrative expenses or meet future matching and profit sharing contribution obligations. The Plan allocates forfeitures not used to pay Plan administrative expenses or meet future matching and profit sharing obligations to eligible participants based on the relative eligible compensation each participant earns. During the year ended December 31, 2010, the Plan accumulated forfeitures and earnings thereon totaling $33,320 and $10,331, respectively and allocated to expense, contributions and participants totaling $7,407, $-0- and $21,976, respectively. As of December 31, 2010 and 2009, the Plan held unallocated forfeitures and earnings thereon totaling $88,647 and $74,379, respectively.

Investments and allocation

The Plan credits accounts for each participant with their deferral, catch-up, rollover, matching and profit sharing contributions and charges accounts for each participant for their share of investment and administrative fees and forfeitures. In addition, the Plan credits or charges accounts of each participant with their share of investment earnings or losses, based on their investment choices. Participants choose investment options for their deferral, catch-up, rollover, matching and profit sharing contributions from the investment options offered by the Custodians. As of December 31, 2010, the Custodians offered five-year unallocated-fund guaranteed interest contracts, pooled separate accounts and registered investment company shares to participants. Participants may allocate their funds among all offered investment options. Participants may also transfer existing account balances among the available investment options.

Note 1 – Description of the Plan (continued)

The Custodians pool individual participant funds directed by participants to the same investments on behalf of the Plan and the participants and allocates earnings based on the investment amount of each participant. The Custodians invest and secure investments in unallocated-fund guaranteed interest contracts in and with the general investment assets of the Custodians and their affiliates. The Custodians and their affiliates own, control or sub-advise the investments of all the pooled separate accounts and registered investment company shares. Such investment transactions constitute party-in-interest transactions. The Custodians charge participants, reported as a reduction in investment income, for certain investment trading and management activities. The Custodians disclose such charges in prospectuses it makes available to participants.

Benefits

The Plan pays benefits to participants, beneficiaries or successor custodians upon termination, disability, death, retirement, serious financial hardship or for other reasons permitted by the IRC. The Plan may pay benefits to participants as an annuity, lump sum, rollover, direct transfer or in any combination thereof at the discretion of the Plan (or the participant when their balance exceeds $5,000). Certain payments may be subject to mandatory income tax withholding. The Plan limits benefits to each participant to the vested value of the account of each participant when the Plan pays the benefit. Participants may leave vested balances in the Plan. With certain limitations, participants forfeit unvested matching and profit sharing contributions and earnings thereon upon termination of employment.

Individual participant benefits will fluctuate based on contributions, investment earnings and losses, vesting and payment method and are only set when paid. Individual participants select investments for their accounts and nothing guarantees the earnings or indemnifies for the losses thereon. Individual participant accounts may lose value and future benefits may decrease.

Participant loans

Participants may borrow (by withdrawing a portion of their vested account balance) a minimum of $1,000 and a maximum of the lower of 50% of the vested account balance and $50,000 (less the highest outstanding loan balance during the past twelve months). The loans bear interest at rates similar to those issued by lending institutions under similar circumstances and the term of the loans cannot exceed five years (ten years when the participant uses the loan proceeds to buy the participant's principal residence). Participants make loan payments with deferrals of after-tax com-

Note 1 – Description of the Plan (continued)

pensation. The Custodians reduce the loan balance with the principal portion of loan payments and increases other investments of the participant with the principal and interest portion of loan payments. The remaining participant account balance secures the loan.

Effective January 1, 2010, the Plan adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2010-25, "Plan Accounting – Defined Contribution Pension Plans (Topic 962), Reporting Loans to Participants by Defined Contribution Pension Plans, a consensus of the FASB Emerging Issues Task Force." Those provisions require the Plan to report participant loans as notes receivable rather than as investments. Accordingly, the Plan measures participant loans at cost, as the unpaid principal balance plus any accrued but unpaid interest, rather than at fair value, as the amortized cost without adjustment for current market interest rates. The Plan applied the provisions of ASU 2010-25 retrospectively. Differences between the "cost" and "fair value" methods are not material to the financial position of the Plan, except for the changes to the disclosures.

Income tax status

QKI last amended the Plan effective October 5, 2010, and patterned the amended Plan after the "Prototype Standardized Profit Sharing Plan with CODA" of the Custodians. The Internal Revenue Service issued the latest determination letter for the "Prototype Standardized Profit Sharing Plan with CODA" on March 31, 2008. The favorable determination letter stated that the "Prototype Standardized Profit Sharing Plan with CODA," as then designed, complied with the applicable requirements of the IRC. Although QKI has since amended the Plan, the Plan management and tax counsel believe its current design, qualifications and operations comply with the applicable sections of the IRC and the related trust was tax-exempt as of December 31, 2010. Consequently, QKI did not include a provision for income taxes herein.

In addition, management of the Plan considers certain tax positions taken by the Plan. A tax position is a position taken in a previously filed tax return or a position management of the Plan expects to take in a future tax return that figures in measuring current or deferred income tax assets and liabilities for interim or annual periods. A tax position can result in a permanent reduction in income taxes payable, a deferral of income taxes otherwise currently payable to future years or a change in the expected realizability of deferred tax assets. A tax position also encompasses, but is not limited to:

Note 1 – Description of the Plan (continued)

1. A decision not to file a tax return
2. An allocation or a shift of income between jurisdictions
3. The characterization of income or a decision to exclude reporting taxable income in a return
4. A decision to classify a transaction, entity or other position in a tax return as tax exempt
5. The status of an entity, including its status as a pass-through or tax-exempt entity.

Evaluating a tax position requires management of the Plan to determine, for each tax position, whether it is more likely than not that, upon examination by taxing authorities, such authorities will uphold the tax position and, for each more-likely-than-not tax position, determine the highest benefit with a more than 50% likelihood of realization upon ultimate settlement. Accordingly, it is possible that tax positions taken on tax returns and related amounts recognized herein could vary.

The Plan files tax returns with the IRS and Department of Labor (DOL). The Plan recognizes interest and penalties related to income taxes and tax positions with interest and income tax expense, respectively. During the year ended December 31, 2010, interest and penalties related to income taxes and tax positions were not material to the financial position of the Plan. As of December 31, 2010, management of the Plan believes that there are no tax positions of the Plan where it is reasonably possible that the total amount of unrecognized tax benefits will significantly increase or decrease within the period ending December 31, 2011. As of December 31, 2010, open tax periods subject to future examination by taxing authorities cover periods from January 1, 2007 through December 31, 2010.

Plan termination

Although it has not expressed any intent to do so, QKI has the right to discontinue future matching and profit sharing contributions at any time and to amend or terminate the Plan subject to the provisions of the ERISA. Under no circumstances may any vested Plan assets revert to QKI by Plan amendment or termination.

Note 2 – Summary of significant accounting policies

Basis of accounting

QKI prepares the Plan financial statements using accrual accounting. The Plan records deferral, catch-up, matching and profit sharing contributions in the period participants earn the related salary. The Plan records rollovers when received. The Plan records purchases and sales of investments on a trade-date basis and dividends on the ex-dividend date. The Plan records expenses and other deductions when incurring the related obligation. The Plan records benefit payments when paid.

Investment valuation and income recognition

The Plan values investments at fair value, as determined by the Custodians and evaluated by the management of the Plan. The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs consist of unobservable inputs that reflect internal judgments and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan only uses Level 3 inputs when Level 1 or Level 2 inputs are not available.

The Plan bases the fair value of registered investment company shares on unadjusted quoted prices in active markets for identical assets, which is a Level 1 input.

The Plan bases the fair value of pooled separate accounts (except Principal Real Estate Investors – U. S. Property) on the net asset value (NAV) based on the fair value of the underlying investments, using unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and unadjusted and insignificantly adjusted quoted prices in active and inactive markets for identical and similar assets (Level 2 inputs). The Custodians use a third-party pricing service to determine the pricing for fair value determinations using Level 2 inputs. As of December 31, 2010, management of the Plan believed that there were and the Custodians reported no timing or pricing restrictions that would limit the ability of the Plan to withdraw pooled separate accounts, valued using Level 2 inputs, at NAV.

The Plan bases the fair value of the pooled separate account, Principal Real Estate Investors – U. S. Property, on the fair value of the underlying investments and

Note 2 – Summary of significant accounting policies (continued)

liabilities, which consist principally of commercial real estate and mortgage-backed loans. Commercial property is unique and mortgage-backed loans vary based on current interest rates, credit quality and other market factors. The Custodians use various methods, including appraisals and third-party pricing services, to determine fair values. Accordingly, the Plan bases fair value on significant Level 2 and Level 3 inputs.

On September 26, 2008, the Custodian halted benefit payments (except due to disability, death, retirement and serious financial hardship) and transfers out of the pooled separate account, Principal Real Estate Investors – U. S. Property. The Custodian paid the following approximate percentages of the outstanding benefit payment and transfer out requests on the following dates:

January 29, 2010	13%
May 14, 2010	18%
June 18, 2010	29%
July 23, 2010	41%
September 10, 2010	67%
October 22, 2010	100%
November 12, 2010	100%
December 10, 2010	100%
December 31, 2010	100%
January 28, 2011	100%
February 18, 2011	100%
March 11, 2011	100%

Due to the change of the Custodians for the Plan (Note 7), the Plan was able to withdraw its investments in the pooled separate account, Principal Real Estate Investors – U. S. Property on March 14, 2011, at NAV. Due to the use of significant Level 3 inputs, management of the Plan considers Level 3 inputs to be most appropriate when determining the fair value of the pooled separate account, Principal Real Estate Investors – U. S. Property.

The Plan bases the fair value for unallocated-fund guaranteed interest contracts, which are not fully benefit-responsive investment contracts, on differences between contract and current interest rates, a Level 2 input and the premature surrender value following a non-qualifying event, a Level 3 input. Management of the Plan considers the Level 3 input to be the most significant input.

Note 2 – Summary of significant accounting policies (continued)

As of December 31, 2010, the fair values and input Levels of the Plan investments totaled as follows:

Investment	Fair value	Level 1	Level 2	Level 3
Guaranteed interest contracts	$ 80,606	$ –	$ –	$ 80,606
Pooled separate accounts	3,731,635	–	3,561,171	170,464
Registered investment company shares	1,561,632	1,561,632	–	–
Totals	$5,373,873	$1,561,632	$3,561,171	$251,070

As of December 31, 2009, the fair values and input Levels of the Plan investments totaled as follows:

Investment	Fair value	Level 1	Level 2	Level 3
Guaranteed interest contracts	$ 80,836	$ –	$ –	$ 80,836
Pooled separate accounts	3,975,978	–	3,758,109	217,869
Registered investment company shares	714,286	714,286	–	–
Totals	$4,771,100	$714,286	$3,758,109	$298,705

During the year ended December 31, 2010, changes in the fair value of investments measured using Level 3 inputs total as follows:

	Level 3	Guaranteed interest contracts	Pooled separate accounts
Fair value, December 31, 2009	$298,705	$80,836	$217,869

Note 2 – Summary of significant accounting policies (continued)

Fair value, December 31, 2010	$251,070	$80,606	$170,464
Unrealized appreciation and (depreciation), net	$ 57,069	$ 278	$ 56,791

Fair values for securities and other investments that underlie Plan investments (selected by participants) in pooled separate accounts and registered investment company shares may decline significantly, including after December 31, 2010. Because participants select investments for their accounts and the Plan limits benefits to the balance of participant accounts when the Plan pays the benefit, QKI cannot estimate the affect of the market value decline on individual participants, but there is no affect on the ability of the Plan to pay benefits.

The Plan presents the net investment gain or loss given by the Custodians. The Custodians calculate the net investment gain or loss for pooled separate accounts and registered investment company shares by aggregating realized gains and losses and unrealized appreciation and depreciation using the method promulgated by the Department of Labor (DOL) and the instructions for the Form 5500, which varies from accounting principles generally accepted in the United States (US-GAAP). US-GAAP and DOL methods can produce timing differences between realized gains and losses and unrealized appreciation and depreciation when the Plan buys and sells pooled separate account units and registered investment company shares in different years. However, when aggregated and as presented, the net investment gain or loss is the same under US-GAAP and DOL methods.

Net investment gains and losses include interest, dividends and short- and long-term capital gains paid on pooled separate account investments. The Custodians pools and reinvests such earnings into additional units of the pooled separate account investments and allocates those units to participants based on their invested amounts. Consequently, the Plan records no interest, dividends or short- and long-term capital gains on pooled separate account investments, only the net investment gain or loss resulting from the change in value of the additional units of the pooled separate account investments acquired with the reinvested interest, dividends and short- and long-term capital gains.

Note 2 – Summary of significant accounting policies (continued)

Form 5500 variances

Differences between the amounts in the financial statements and Form 5500 result from the accrual of participant deferral and match refunds (Note 6) in the financial statements but not in the Form 5500 and certain classification differences, all of which are immaterial to the financial position of the Plan. Accordingly, QKI presents no reconciliation between financial statement and Form 5500 amounts.

Use of estimates

The Plan prepares its financial statements in accordance with US-GAAP. The preparation of financial statements in conformity with US-GAAP requires management to make estimates and assumptions that affect amounts and disclosures reported. Actual results could differ from those estimated.

Reclassifications

The Plan reclassified certain prior year amounts and disclosures to conform to the current year presentation.

Subsequent events

Management of the Plan has evaluated subsequent events through April 15, 2011, the date these financial statements were available for issuance (Note 7).

Note 3 – Investments

A fair value (Note 2) schedule of assets held by the Custodians and invested in unallocated-fund guaranteed interest contracts, pooled separate accounts and registered investment company shares as of December 31, 2010 and 2009, follows. The schedule separately identifies investments representing 5% or more of the Plan net assets for either year. Participants self-directed all of the listed investments:

Note 4 – Financial information certified by the Custodians

Principal Life Insurance Company and Principal Trust Company, as the Custodians, certified all of the information shown in the accompanying statement of net assets available for benefits as of December 31, 2010 and 2009, statement of changes in net assets available for benefits for the year ended December 31, 2010, supplemental schedule as of December 31, 2010, and Note 3, in accordance with Section 2520.103.8 of the DOL Rules and Regulations for Reporting and Disclosure under the ERISA, except for contributions, benefits, withdrawals and employer and participant contributions payable (Note 6). Independent auditors did not audit the information certified by the Custodians.

Note 5 – Terminated participants

As of December 31, 2010 and 2009, participants who were no longer employees of QKI had $1,236,096 and $980,176 remaining in their accounts, respectively. Vested balances totaled $1,192,106 and $913,066, respectively.

Note 6 – Participant match and deferral refunds payable

As of December 31, 2009, the Plan accrued participant match and deferral refunds totaling $2,605, payable to certain active participants to return to them excess match and deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the year ended December 31, 2009. The plan paid the refunds by March 15, 2010.

Note 7 – Subsequent events

On October 25, 2010, QKI approved a change of the Custodians for the Plan investment assets from Principal Life Insurance Company and Principal Trust Company to Prudential Financial, Inc. and ACEC Retirement Trust. QKI notified participants of the change, and related blackout period that ran from February 18 through March 13, 2011, on January 17, 2011. The Plan transferred investment assets and participant loans totaling $5,036,748 and $66,248, respectively, on March 1, 2011, and additional investment assets totaling $172,279, on March 14, 2011.

On March 30, 2011, the IRS notified the Plan of its intent to audit the Plan and related Form 5500 for the year ended December 31, 2009. Management of the Plan believes that any adjustments related to the audit will not be material to the financial position of the Plan or jeopardize the tax-exempt status of the Plan and related trust.
