REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator
B & B Corporate Holdings 401(k) Savings Plan
Tampa, Florida

We have audited the accompanying statements of net assets available for benefits of B & B Corporate Holdings 401(k) Savings Plan (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2010 financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic 2010 financial statements taken as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the B & B Corporate Holdings 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time, part-time and flex-time employees (the Employees) of B & B Corporate Holdings, Inc. (the Plan Sponsor), Handy Food Stores, Inc. and B & B Cash Grocery Stores, Inc. (collectively, the Employers) who have completed 1,000 hours of service during a one-year period and are age twenty one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute 1 to 16 percent of pretax annual compensation, as defined in the Plan document subject to limitations established by the Internal Revenue Service (IRS). Participants age 50 or older are permitted to defer "catch-up" contributions under the Internal Revenue Code (IRC) Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may contribute a matching contribution to eligible participants on an annual basis as determined by the Board. Prior to March 1, 2009, the Plan Sponsor matched 60 percent of each participant's deferrals limited to the first 7 percent of deferrals. Effective March 1, 2009, the employer match was suspended for the remainder of the Plan year. Subsequently, on January 1, 2010, the Plan Sponsor reinstated the employer match contribution at 40 percent of each participant's deferrals limited to the first 7 percent of deferred compensation.

The Plan Sponsor also has the ability to contribute a profit sharing contribution (PSC) at the discretion of the Board. There was no discretionary PSC for the 2010 and 2009 Plan year. Additional qualified non-elective contributions (QNEC) may be made. A QNEC totaling $1,858 was paid during 2009.

Effective September 3, 2010, U-Save Supermarkets (a division of B & B Cash Grocery Stores, Inc.) was acquired by S&O U-Save Group, LLC. As a result, all participants previously employed by U-Save Supermarkets were terminated. Upon termination, all amounts credited to the affected participants' accounts became one hundred percent vested, were not subject to forfeiture, and all unallocated amounts were allocated to the accounts of the participants in accordance with the provisions of the Plan. These participants were also eligible for the employer match for 2010.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Plan Sponsor's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions if eligible to share in such contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments in the Plan are nonparticipant-directed.

Allocations: Plan Sponsor matching contributions are allocated annually at the rate previously stated, to eligible participants who are actively employed on the last day of the Plan year or who retired, became disabled or died during the Plan year. Discretionary PSC are allocated annually to eligible participants in the same proportion that each participant's compensation for the year bears to the total compensation of all participants for the Plan year.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their contributions, employer matching contributions and QNEC plus actual earnings thereon. Vesting in any discretionary profit sharing contribution and forfeiture allocation, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits: On termination of service due to death, disability, retirement or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments under a variety of installment options as described in the Plan document.

Forfeited Accounts: Participant forfeitures of discretionary employer profit sharing contributions are reallocated annually and shall first be made available to reinstate previously forfeited account balances of former participants, if any, in accordance with the Plan provisions. The remaining forfeitures, if any, shall be used first to reduce the employer contributions, then to pay Plan expenses.

Administrative Expenses: Administrative expenses of the Plan are paid by the Plan, unless otherwise assumed by the Plan Sponsor. There were no administrative fees paid by the Plan Sponsor on behalf of the Plan during 2010 and 2009.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Notes 4 and 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - INVESTMENTS

The following presents the fair values of investments that represent 5 percent or more of the Plan's net assets available for benefits.

NOTE 4 - INVESTMENTS (Continued)

During 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2010	2009
Mutual funds	$ 113,159	$ 249,318
Common stocks	(5,355)	100,295
Government securities	2,429	22,226
Corporate bonds	186,624	17,626
Net appreciation	$ 296,857	$ 389,465

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Common stocks: The fair values of common stocks are determined by obtaining quoted prices from a nationally recognized exchange (level 1 inputs).

U.S Treasury: Fair values reflect the closing price reported in the active market in which the security is traded (level 1 inputs).

Government Asset-Backed Securities: Asset-backed securities are priced by a computerized pricing service based on average bid and asked prices currently available on comparable securities or, for less actively traded issues, by utilizing a yield-based matrix system to arrive at an estimated market value (level 2 inputs).

Corporate Bonds: Corporate bonds are valued based upon yields currently available on comparable securities of issuers with similar credit ratings (level 2 inputs) and, if not available for identical or similar bonds, they are valued through matrix pricing models developed by sources considered by management to be reliable. Matrix pricing, which is a mathematical technique commonly used to price debt securities that are not actively traded, values debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities.

Money Market Accounts: Fair values are estimated to approximate deposit account balances, payable on demand, as no discounts for credit quality or liquidity were determined to be applicable (level 2 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - PLAN AMENDMENTS

Effective February 3, 2009, the Plan was amended to allow the Plan Sponsor to change or cease the employer matching contribution percentage at any time during the Plan year. Effective March 1, 2009, the matching contribution was suspended for the remainder of the 2009 Plan year. Effective January 1, 2010, the matching contribution was reinstated at 40 percent of each participant's deferrals limited to the first 7 percent of deferred compensation.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan holds money market fund accounts managed by an affiliate of CapTrust Financial Advisors (CapTrust). CapTrust is the Plan's investment advisor and, therefore, these transactions and the Plan's payment of investment management fees to CapTrust qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Plan Sponsor.

(Continued)

NOTE 8 - INCOME TAX STATUS

Although the Plan has not received a favorable determination letter, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 9 - SUBSEQUENT EVENT

Plan management has evaluated subsequent events for recognition and disclosure through June 30, 2011, which is the date the financial statements were available to be issued.
