LaserCard Corporation 401(k) Plan

We were engaged to audit the statement of net assets available for benefits of the LaserCard Corporation 401(k) Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LASERCARD CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2010

Note 1 - Description of Plan

The following description of the LaserCard Corporation ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that covers substantially all employees of the Company who are age twenty one or older. Employees may enroll on the first day of the month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily. The Plan currently offers thirty mutual funds as investment options for participants. The Company may make matching employer contributions to the Plan. Additionally, the Company may make discretionary non-elective employer contributions to the Plan. Such discretionary Company contributions are allocated, to each participant who is eligible to share, in the same ratio that each participant's testing compensation, as defined, bears to the total compensation of all participants eligible to share. No discretionary employer contributions were made for 2010 and 2009. Contributions are subject to certain limitations.

Participants' accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant notes fund. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 8.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

LASERCARD CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2010

Note 1 - Description of Plan (continued)

Notes receivable from participants (continued) - As a result of the adoption of the Financial Accounting Standards Board's ("FASB") Accounting Standards Update 2010-25, *Plan Accounting – Defined Contribution Plans*, the Plan retrospectively classified participant loans as notes receivable from participants in the statement of net assets available for benefits and measured them at their unpaid principal balance plus any accrued but unpaid interest.

Investment management fees and operating expenses - Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

In 2010 and 2009, administrative expenses of approximately \$1,200 and \$6,600, respectively, were paid by forfeited non-vested accounts. At December 31, 2010 and 2009, ending balances in forfeited non-vested accounts amounted to approximately \$2,100 and \$720, respectively.

Payment of benefits - On termination of service due to death, disability, retirement or separation from service, participants may receive benefits in a lump sum, in accordance with the Plan. In certain other circumstances, participants may receive in-service distributions in a lump sum.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

LASERCARD CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2010

Note 2 - Summary of Significant Accounting Policies (continued)

Investment valuation and income recognition – The Plan’s investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market funds are valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments – The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent event - Subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits are recognized in the financial statements. For non-recognized subsequent events, the Plan discloses the nature of the event as well as an estimate of its financial effect, or a statement that such an estimate cannot be made. The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the auditors' report.

Recent accounting pronouncements - In January 2010, the FASB issued Accounting Standards Codification (“ASC”) Update No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) - Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) separate disclosure of significant sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. The Plan has adopted this new accounting standards update in the year ended December 31, 2010 except for the provisions of this update that will be effective in the year ending December 31, 2011. The Plan is currently evaluating the impact of its pending adoption on the Plan’s financial statements.

LASERCARD CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2010

Note 2 - Summary of Significant Accounting Policies (continued)

Recent accounting pronouncements (continued) - In May 2011, the FASB issued Accounting Standards Update ("ASU") No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (Topic 8220) – Fair Value Measurement* (ASU 2011-04), to provide a consistent definition of fair value and common requirements for measurement of and disclosure about fair value between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes some fair value measurement principles, adds disclosure requirements for the use of nonfinancial assets measured or disclosed at fair value and enhances the disclosures about the recurring level 3 fair value measurements (as defined in Note 3 below). The Plan will adopt this new accounting standards update in the year ending December 31, 2012. The Plan is currently evaluating the impact of its pending adoption of the Plan's financial statements.

Reclassifications - Certain reclassifications have been made to the prior year financial statements to conform to the current year's presentation. Such reclassifications had no effect on the previously reported statements of changes in net assets available for benefits or net assets available for benefits.

Note 3 - Fair Value Measurements

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

LASERCARD CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2010

Note 3 - Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2010 and 2009 (Level 1, 2, and 3 inputs are defined above):

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
As of December 31, 2010:				
Mutual funds	\$ 7,152,240	\$ -	\$ -	\$ 7,152,240
Total investments measured at fair value	\$ 7,152,240	\$ -	\$ -	\$ 7,152,240

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
As of December 31, 2009:				
Mutual funds	\$ 5,929,316	\$ -	\$ -	\$ 5,929,316
Total investments measured at fair value	\$ 5,929,316	\$ -	\$ -	\$ 5,929,316

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets.

Note 4 - Investments

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

Note 5 - Party-in-Interest Transactions

Notes to Financial Statements

December 31, 2010

Note 6 - Plan Merger

In January 2011, the Company was acquired by Assa Abloy, Inc. The Plan administrative committees elected to merge the Plan into the Assa Abloy, Inc. Retirement Savings Plan on June 1, 2011, which triggered the Plan provision making all participants 100% vested in their accounts. All assets of the Plan were transferred to the Assa Abloy, Inc. Retirement Savings Plan in June 2011.

Note 7 - Income Tax Status

The Plan adopted the Fidelity Corporate Plan for Retirement Profit Sharing 401(k) Prototype Plan. The IRS permits the Plan to rely on their approval of the Fidelity prototype plan. The Plan obtained its latest determination letter on October 9, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
