MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the MCMC, LLC. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferred arrangement and includes all eligible employees of MCMC, LLC., Country-Wide Independent Exams, LLC., and Litigation Solutions, LLC (“Employer”). The Plan covers substantially all employees of the Employer who are at least 18 years of age (“Participants”). Participants are able to contribute to the Plan on the first day of the month following three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are participant directed.

Participant Contributions

Each year, participants may elect to defer up to 60% of their pre-tax annual compensation, as defined by the Plan, subject to dollar limits set by federal law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. Subject to approval by the Plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Matching Contributions

Each year, the Employer, at its sole discretion, may make matching contributions to the Plan. For the purpose of determining the matching contribution, a participant must be employed by the Employer on the last day of the Plan year. For the year ended December 31, 2010, the Employer did not make any matching contributions.

Participant Accounts

Each participant’s account is credited with the Participant’s contribution and allocations of the Employer’s contribution plus earnings thereon, less administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account.

Vesting

Participants’ Contributions

Participants are immediately vested in their voluntary contributions plus earnings thereon.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Vesting (Continued)

Employer Contributions

Participants vest in Employer contributions and related earnings thereon based on years of continuous service. A participant begins vesting after one year of service and is 100% vested after three years of credited service. Participants are allowed predecessor employment service for various predecessor employers as defined by the Plan document.

Payment of Benefits

In-service withdrawals from a participant's account are permitted upon reaching age 59½, as defined. Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum payment equivalent to his or her vested balance. If a participant's vested interest in their account is less than \$1,000, it shall be distributed in a lump sum as soon as practical as determined by the Plan administrator.

Hardship Withdrawals

The Plan allows for hardship withdrawals to meet a participant's immediate and heavy financial needs. Participants may withdraw from their deferral account (after exhausting the maximum amount available to the participants as a loan under the Plan) in order to satisfy any of the following immediate and heavy financial needs: (1) medical expenses incurred for the participant, their spouse, children or dependents, (2) the purchase of a principal residence, (3) to prevent eviction from or foreclosure on their principal residence, (4) to pay for post-secondary education expenses for the participant, their spouse, children or dependents, or (5) any other financial need determined to be immediate and heavy under the rules and regulations issued by the Secretary of the Treasury. The minimum hardship withdrawal is \$500, and participant deferrals are suspended for a period of six months after obtaining a hardship withdrawal.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. All expenses related to the administration of the Plan, except for loan withdrawal, which are paid by the participants, are paid directly by the Employer.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the Participant's vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). The loans are secured by the balance in the Participant's vested account and bear interest at a prevailing interest rate charged for similar loans. Participants may only have one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Upon termination of service, a participant who is not 100% vested forfeits the unvested portion of his or her account. The forfeited amounts can be used to reduce future Employer contributions and to pay administrative expenses under the Plan. For the year ended December 31, 2010, no forfeitures were used to cover plan expenses. At December 31, 2010 and 2009, there were no remaining unallocated forfeiture balances.

Note 2 - Summary of Significant Accounting Policies

New Accounting Pronouncements

The following new accounting pronouncements were adopted during the year ended December 31, 2010:

Fair Value Disclosures

In January 2010, the FASB issued guidance which expanded the required disclosures about fair value measurements. In particular, this guidance requires (i) separate disclosure of the amounts of significant transfers in and out of Level I and Level II fair value measurements along with the reasons for such transfers, (ii) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level III fair value measurements, (iii) fair value measurement disclosures for each class of assets and liabilities and (iv) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either Level II or Level III. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for (ii) above which is effective for fiscal years beginning after December 15, 2010. Net assets available for benefits and changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

Notes Receivable from Participants

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. Participant loans are required to be classified as notes receivable from participants (rather than investments) and measured at their unpaid principal balance, plus any accrued but unpaid interest. The guidance, which must be applied retrospectively, is effective for fiscal years after December 15, 2010 with early adoption permitted.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements (Continued)

Notes Receivable from Participants (Continued)

The Plan adopted this guidance in its December 31, 2010 financial statements and has reclassified participant loans at December 31, 2009 from investments to notes receivable from participants. Additionally, interest income on notes receivable from participants has been reclassified from interest income for the year ended December 31, 2009. Net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

Investments, Investment Valuation and Income Recognition

The Plan follows the fair value measurement requirements, which, among other matters, requires enhanced disclosures about investments that are measured and reported at fair value. This standard establishes a hierarchical disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value under U.S. generally accepted accounting principles. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares in mutual funds are stated at quoted market prices that represent the net asset values of shares held at year-end. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from the estimates that were used.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distribution based upon the terms of the Plan document.

Subsequent Events

The Plan management has evaluated subsequent events through July 11, 2011, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Investments

Plan investments are held in mutual fund accounts by the Plan's trustee, Fidelity Management Trust Company. The fair value of investments and all investment transactions, including interest and dividends and net appreciation/depreciation in fair values are certified as complete and accurate and reported to the Plan by the trustee. Information contained in the supplemental schedule is also certified by the Plan's trustee. Participants may direct their contributions as well as Employer contributions to any of several investment options.

The following represent 5% or more of net assets available for benefits at December 31:

	2010	2009
Investments at fair value:		
Fidelity Freedom 2040 Fund	\$ 635,815	\$ 505,522
Fidelity Diversified International Fund	276,276	228,369
Fidelity Freedom 2020 Fund	286,500	*
Fidelity Retirement Money Market	*	217,358

* Investment does not represent 5% or more of net assets available for benefits.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurement

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level I – are quoted prices in active markets for identical investments that the Plan has the ability to access at the measurement or reporting date. The type of investments generally included in this category includes listed equities and mutual funds.

Level II – are inputs (other than quoted prices in active markets included within Level I), which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. Investments which are generally included in this category include corporate bonds, less liquid and restricted equity securities, and certain over-the-counter derivatives.

Level III – are unobservable inputs for the investment and includes situations where there is little, if any, market activity for the investment. Unobservable inputs are those that reflect the Plan's own assumptions about the determination of fair value and require significant management judgment or estimation. Investments which are generally included in this category may include private equity funds, hedge funds, partnerships and limited liability companies.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Exempt Party-in-Interest Transactions

Plan investments include shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid to the trustee for the Plan year ended December 31, 2010 amounted to \$1,779. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Tax Status

The Plan document is a Fidelity Management Trust Company prototype using a standardized adoption agreement that received a favorable determination letter on March 31, 2008. The Plan has been amended since that date, however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.
