INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee
Canon Communication LLC
401(k) Profit Sharing Plan
Los Angeles, California

We were engaged to audit the accompanying statements of net assets available for benefits of Canon Communications LLC 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life and Annuity Insurance Company (Great-West), the custodian of the 401(k) assets of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Great-West holds the 401(k) portion of the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Great-West as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by Great-West is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Great-West, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CANON COMMUNICATIONS LLC
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010

1- DESCRIPTION OF PLAN

The following description of the Canon Communications LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified employer profit sharing plan, originally effective on October 1, 1985 and recently amended and restated effective December 4, 2009, under provisions of the Internal Revenue Code (IRC) and covers all eligible employees of Canon Communications LLC (plan administrator) and Apprise Media LLC (ceased status as a participating employer effective December 31, 2010) (collectively hereinafter referred to as the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of the Company must be over 21 years old and completed one year of service (12 consecutive months with 1,000 or more hours of service) to enter the Plan on the next January 1 or July 1 enrollment date. Effective January 1, 2011, employees need only to complete one month of service and can then enter the Plan.

Administration of Plan Assets

The majority of the Plan's assets, which is the 401(k) portion, were held by Great-West Life and Annuity Insurance Company (Great-West). The profit sharing portion of the Plan was held by Merrill Lynch; however, subsequent to December 31, 2010, this portion was also transferred to Great-West that now holds all of the Plan's assets. Certain officers of the Company are trustees of the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain custodial fees are paid by the Plan. Other administrative expenses are paid directly by the Company and totaled $69,158 for the year ended December 31, 2010.

Contributions

For 2010, the Internal Revenue Service (IRS) maximum annual addition that may be contributed or allocated to a participant's account shall not exceed the lesser of $49,000 or 25% of the participant's eligible compensation.

1- **DESCRIPTION OF PLAN** (continued)

Contributions (continued)

The Company may contribute to the Plan an amount, determined in its sole discretion, which will be allocated in proportion to the participants' compensation (profit sharing). Further, employees may contribute a percentage of eligible compensation, up to certain 401(k) limits ($16,500 maximum for 2010). Voluntary contributions (non-deferral) are not permitted and there is no required Company matching contribution. Additionally, the Plan has enacted catch-up contribution provisions for participants age 50 and older ($5,500 maximum in 2010). The plan administrator, operationally and on a nondiscriminatory basis, may limit the source of rollover contributions that may be accepted by this Plan.

Participant Accounts

For the profit sharing portion of the Plan, the joint investment portfolio was directed by the Company; however, subsequent to December 31, 2010, upon transfer of this portion to Great-West, these assets became participant directed. Each participant is credited with allocations of the Company contribution and earnings. Allocations are based on participant compensation and account balances, as defined.

For the 401(k) portion of the Plan, a separate account is maintained for each participant. Employee contributions (through payroll withholding) are credited to the participant's separate account. Each participant directs their own investments and is allocated the related investment activity results.

Vesting

Participants are 100% vested in their 401(k) contributions. For profit sharing contributions, participants vest 20% for each year in the Plan after the first year. Upon retirement, death or disability, account balances become 100% vested. Any remaining non-vested balances are forfeited upon termination of employment. Forfeitures are first used to pay any administrative expenses and then they reduce any profit sharing contributions.

Payment of Benefits

Upon termination of employment, retirement, death or disability of a participant, the participant will receive the payment of all vested benefits in the form of a lump sum distribution. Payment of benefits is made no later than 60 days following the close of the Plan year in which the event causing the distribution occurs, unless the participant elects to the contrary.

1- DESCRIPTION OF PLAN (continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years (up to 30 years for the purchase of a primary residence). The loans are secured by the vested balance in the participant's account and bear interest at the published prime rate at the initiation plus 1%. Interest rates ranged from 4.25% to 9.25% at December 31, 2010 and 2009, respectively. Principal and interest are paid ratably through payroll deductions.

2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, except benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Cash and Cash Equivalents

The Plan considers cash on deposit, cash on hand, and money market funds to be cash equivalents.

2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Participant Loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Plan has evaluated subsequent events through June 30, 2011, the date the financial statements were available to be issued.

3- CERTIFICATION

The following is a summary of the unaudited information included in the Plan's financial statements that was prepared by Great-West and furnished to the plan administrator, who obtained a certification from Great-West that the information, related to only the 401(k) portion of the Plan's assets, is complete and accurate:

a. Investments at fair value in mutual funds (pooled separate accounts) totaling $9,638,110 and $8,128,924 at December 31, 2010 and 2009, respectively.

b. Investment at contract value of $729,585 and $565,081 at December 31, 2010 and 2009, respectively.

c. Net appreciation (depreciation) in fair value of investments, interest (including from participant loans), and dividends for the year ended December 31, 2010.

d. Schedule of Assets (Held at End of Year) at December 31, 2010, excluding $22,734 of the $175,067 total participant loans.

4- INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	December 31,	
	2010	2009
Maxim Aggressive Profile II Fund, 69,138 and 80,931 shares, respectively	**$ 1,000,288**	$ 1,009,973
Maxim Moderate Profile II Fund, 72,456 and 69,250 shares, respectively	**1,165,944**	998,782

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds (pooled separate accounts)	$ 1,120,666
Common stocks	334,275
Corporate bonds	28,894
	$ 1,483,835

5- FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

5- **FAIR VALUE MEASUREMENTS** (continued)

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common stocks and corporate bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds (pooled separate account): Valued at the net asset value of shares held by the plan at year end.

Investment contract: Valued at contract value (see Note 7).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5- FAIR VALUE MEASUREMENTS (continued)

The following sets forth by level the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value Measurements as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual funds (pooled separate accounts)	$ -	$ 9,638,110	$ -	$ 9,638,110

Total assets at fair value	$ -	$ 10,367,695	$ -	$ 10,367,695

	Assets at Fair Value Measurements as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds (pooled separate accounts)	$ -	$ 8,128,924	$ -	$ 8,128,924

Total assets at fair value	$ 3,515,935	$ 8,694,005	$ -	$ 12,209,940

6- NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31,	
	2010	2009
Net Assets:		
Common stocks	**$ -**	$ 2,641,554
Corporate bonds	-	874,381
Employer contribution receivable	**449,650**	70,779
Participant loans	**22,734**	19,351
Accrued interest	-	8,800
Cash and cash equivalents	**3,881,011**	37,657
	$ 4,353,395	$ 3,652,522

	Year Ended December 31, 2010
Changes in Net Assets:	
Net gain on sale of investments	$ 363,169
Interest	43,282
Dividends	51,545
Interest on participant loans	1,230
Employer contributions	449,650
Benefits paid to participants	(137,074)
	$ 771,802

As described in Note 1, these assets became participant directed subsequent to December 31, 2010, upon the Plan's transfer of its profit sharing portion to Great-West.

7- INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at contract value because it is fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of Great-West or otherwise. The average yield and crediting interest rate were both 2.43% and 2.96% for 2010 and 2009, respectively. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio composed of the minimum interest rate, as stated in the contract, and prevailing market conditions. The crediting interest rate is reset quarterly.

8- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their profit sharing contributions.

9- TAX STATUS

The IRS has determined and informed the Company by a letter dated September 4, 2001, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9- TAX STATUS (continued)

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10- RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements agree to the IRS Form 5500.

11- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
